Methodist Board Meets
Rev. F. C. Taylor, pastor, pre-
sided at the monthly meeting of
the official board of the First
Methodist church last night.

Rain Reported
Salem people who had occasion
to start to work at a fairly early
hour Wednesday morning were
surprised to find a heavy mist
breaking the monotony of the last
two months and many wore heavy
coats. The cloudy weather pre-
vailed until about noon when the
sun broke through the clouds and
the remainder of the day was
bright and clear.

Salmon for Canning
14c per pound, sliced; 2 lbs. for
35c. Midget Market. a13

tionally good rubber, and a
spare tire which has never
been used. This is a dandy
buy at \$625. Also a 1923
Overland touring which looks
and runs like new money.

NEW PLANS ARE SOUGHT NEGOTIATIONS UNDER WAY TOWARD SETTLEMENT

WASHINGTON, Aug. 12.—(By
Associated Press.)—Each side
having rejected the first proposal
put forward by the other, the
American and Belgian debt com-
mission found themselves tonight
in the position of having to seek
new ground upon which to renew
tomorrow the negotiations look-
ing to the refunding of Belgium's
war debt to the United States.
There was no official statement
as to how wide a gulf had been
developed in the presentation of
the Belgian offer and the Amer-
ican counter proposal but events
of the day indicated clearly that
the commissions were quite far
apart in their viewpoints.

While there was no expression
of pessimism at the conclusion of
the day's conversations, neither
was there the show of optimism
so evident after the first day of
the negotiations. The Americans
will meet early tomorrow for fur-
ther consideration of the situation,
and then will go into joint session
again with the Belgians in the
hope that a way to an accord will
be found.

GRAIN RATES APPROVED TENTATIVE REPORT MADE BY COMMERCE COMMISSION

SEATTLE, Aug. 12.—A tenta-
tive report of an examiner for the
interstate commerce commission
received here today pronounced
railroad rates on grain from Utah
and southern Idaho to North Pa-
cific ports and to San Francisco
and Los Angeles just and right.
The report suggested changes to
some interior California points.
Testimony was taken at Salt
Lake City on these tariffs, con-
stituting the Ogden Grain rates

New Governor of Virgin Islands

again. His latest bride is Viola Dana, screen star. They are shown.

case. Seattle participated in the
hearing with a view to asking
elimination to a differential of
three cents to hundred pounds in
favor of Portland, if new rates
were made. Ogden shippers asked
lower rates to the coast.

FRAUD IS CHARGED IN LAND SCHEMES

Colonization Project Is De-
clared to Have Netted
Promoter Fortune

SAN FRANCISCO, Aug. 12.—
(By Associated Press.)—Charged
with using the mails in an attempt
to defraud in connection with the
promotion of a land colonization
scheme in Mexico, Dr. John Car-
leton Dysart of El Paso, Texas, was
arrested in a hotel here today by
the postal inspector's office. Dys-
art is in the city jail pending ar-
raignment, probably tomorrow, be-
fore a United States commissioner.
The arrest was made on a war-
rant based on an indictment re-
turned two days ago by a federal
grand jury in El Paso. The in-
dictment charges Dysart with
cart with gross misrepresentations
of the holdings in Old Mexico of
the Loftus-Dysart Development
company headquarters in Los An-
geles. William Loftus of Los An-
geles, said to be a partner of Dy-
sart, is not cited in any of the
counts against the El Paso man.
The indictment against Dysart
recites that he fraudulently repre-
sented the company's holdings in
Chihuahua and Durango, Mexico,
as in excess of 200,000 acres when
they aggregated only 65,000
acres; that he printed circulars
picturing the land as irrigable and
fertile when it was found to be
arid and nearly worthless; that
settlers lured there suffered un-
told hardships and even died from
starvation and exposure; that pic-
tures of water wells reported to

SPECIAL SESSION IS HELD ALDERMEN DISCUSS NEW CITY CONCRETE MIXER

The city council which met in
special session Tuesday night for
the intended purpose of reconsid-
ering its action on the award of a
contract for a new city concrete
mixer, discussed the matter brief-
ly, decided that nothing could be
done, and adjourned without tak-
ing action.
At the time the contract was let
there was a verbal agreement be-
tween the contractor and the coun-
cil that the machine would be
delivered within three days. The
company later failed to deliver
within that time, declaring that
they wished to bring a machine
from San Francisco that had later
improvements on it, but offering
the city use of a second-hand ma-
chine until the new one was de-
livered. The offer was unsatisfac-
tory to several members of the
council and a move was made to
rescind the grant of the contract
by a special council meeting. The
proposal failed in the special ses-
sion Tuesday night.

Lemon Juice Whitens Skin

The only harmless
way to bleach the
skin white is to mix
the juice of two
lemons with three
ounces of Orchard
White, which any
druggist will supply
for a few cents.
Shake well in a bot-
tle, and you have a whole
quart of the most wonderful
skin whitener, softener and beau-
tifier.
Massage this sweetly fragrant
lemon bleach into the face, neck,
arms and hands. It can not irri-
tate. Famous stage beauties use
it to bring that clear, youthful
skin and rosy-white complexion;
also as a freckle, sunburn and tan
bleach. You must mix this re-
markable lotion yourself. It can
not be bought ready to use be-
cause it acts best immediately
after it is prepared.—Adv.

Better Teeth for Everybody

THE E. R. Parker System in Den-
tistry has done for the masses
what old-style dentistry did for
the few. It has made it possible
for everybody to have their teeth skill-
fully cared for at prices they can af-
ford to pay.
The work done by dentists using
the E. R. Parker System is so good
that it can be widely advertised. It
is so good that it can be guaranteed.
It is so good that, no matter what
price you pay others, you can not be
better satisfied.
An important part of the E. R.
Parker System is to educate the public about the benefits
of good teeth and the dangers to health of bad teeth.
This is right in line with the welfare work for better
health now being done all over the country.
There are twenty-four dental offices where the E. R.
Parker System is used by Registered Dentists, who com-
prise the largest and most successful organization in the
world practicing dentistry. Under this System, exami-
nations and advice are free to all.
