Champ's Manager to Test Status: Match With Wills Is Anticipated

NEW YORK, Aug. 13. - (By The Associated Press). - Jack Kearns is going to test the validity of his managerial contract with Jack Dempsey at the New York state athletic meeting tomorrow.

The dapper pilot of the world's heavyweight champion intimated tonight that he would call on the commission tomorrow and make his peace with the boxing solons by signific Dempsey for a match with Harry Wills. At the same time he said he would sign Mickey Walker for a match with Dave

Kearns made this intimation in the face of a reported declaration from Dempsey on the Pacific coast that he would not fight in New York state or in any state over which the New York board has influence and despite the announcement by Dempsey that he would do his own signing in the future. Such action on the part of Kearns will likely cause a showdown concerning the contractual relations between the two former partners.

Kearns may strike a snag in his pagram if the New York commission demands a heavy forfeit to bind the contract. It is almost certain such a forfeit will be demanded although members of the mmission were unwilling to discuss the matter tonight.

HOW'S THAT?"

You can get from 15 to 30 miles more to the tankful of "Red Crown" if you follow the practical instructions in the Red Crown Mileage Card. Here's one motorist who got more:

"I've been following my mileage with a Red Crown Mileage Card, and I'll say the Standard Oil Company knows how to make real mileage gasoline. I'm getting 280 miles on a 20gallon tank against 220 miles just a month ago, so I'm 60 miles to the good. How's that?"

You, too, can get extra mileage from "Red Crown" - start "saving miles" today. Buy from any Red Crown pump in town.
