Get Building Permits—  
Two dwellings will be erected by W. H. Trindle, according to building permits issued from the office of the city recorder Wednesday. These are at 2465-Claupe, to cost \$1500, and at 1070 Sagnaw, \$4500. Other permits were issued to the Salem Construction company, two-story dwelling at 2195 South Church, \$6500; E. V. McMecham, dwelling, 140 East Lincoln, \$1500, and to Fred L. Walker, to repair a dwelling at 419 South Twelfth, \$500.

Lunches Start Soon—  
Having enjoyed a vacation during July and August, several of the Salem luncheon clubs are making preparations to resume the regular weekly schedule. The Rotarians met every Wednesday during the summer and the Lions club dropped its Friday meetings during August. The Kiwanians held only one meeting during July and August, the first Tuesday of this month, while the Realtors plan to resume their Thursday noon lunches. Unless a special luncheon is planned, the Monday noon forum meetings of the Chamber of Commerce will not start until the first of October.

Ball Money Forfeited—  
For a variety of traffic offenses ball deposited at the police station was declared forfeited yesterday. Albert E. Fessler, of Portland, forfeited \$10 for speeding on North Capitol; F. F. Conard, Gervais, E. J. Hoffman and A. G. Diehl of Mt. Angel, \$2.50 each for double parking at the band concert, and Carrol Kiser, fined \$5 for speeding.

Salem Men Jailed—  
Fred Richards and Bert L. Jones, both of Salem, were fined \$100 each in justice of peace court here Monday on charges of the possession of intoxicating liquor. They were unable to pay that amount and were committed to the county jail to serve 50 days. Jones was endeavoring to secure the amount of his fine Monday night from his relatives in Salem, but it is understood that Richards will serve out the time. The two young men were arrested in Oregon City Sunday night by Traffic Officer W. E. McGilvery who declared that he found them asleep in their machine. He said that he discovered two bottles of liquor in the car. They pleaded guilty to the charge.—Oregon City Enterprise.

### GRUESOME MURDER

(Continued from page 1.)  
the head as those of their missing sister.  
Mrs. W. T. Ferguson, mother of Mrs. Loren, was reported in a state of collapse today. She denied herself to all interviewers.  
OAKLAND, Cal., Aug. 26.—(By Associated Press.)—Under Sheriff Veale of Contra Costa county tonight summoned the entire family of Mrs. Bessie Loren, Oakland nurse, parts of whose dismembered body were found in the El Cerrito swamp, for questioning. Veale declared he was not satisfied that the murdered woman's relatives had told all they knew about the case.  
Members of the family, including the mother and brothers, were to be cross examined at the Berkeley police station with the aid of the "lie detector."  
The discovery that Mrs. Annie Ferguson, Mrs. Loren's mother, had visited her daughter at a San Francisco hotel on the night of August 19, when Mrs. Loren checked out of the hotel, preceded Veale's action in summoning the family for questioning. Where Mrs. Loren went after leaving the hotel has not become public.

### DEBT SITUATION IS LITTLE IMPROVED

(Continued from page 1.)  
by Winston Churchill, British chancellor of the exchequer, and M. Caillaux, French finance minister. The total payments thus would be 775,000,000 pounds sterling, the original debt being 623,000,000 pounds sterling.  
The whole agreement hinges, however, on what terms the French debt to the United States is settled and whether the French government approves. Mr. Churchill made it plain in a statement tonight that the British were willing to go through with the agreement only in the event that the United States receives no more from France in proportion to the size of the two loans than Great Britain.  
On the face of today's agreement it would seem that Great Britain is willing to forego receiving any of the principal of the sum she lent France providing the French pay slightly more than two per cent on their loan each year for 62 years—the time which it will take the British to pay their debt to the United States under the existing agreement. Under the agreement there is to be a partial moratorium until 1930 by which time the French treasury will have been relieved of its burden of helping the Bank of France pay off its debt of 1,300,000,000 francs to the Bank of England, the last payment of which is to be made five years from date.  
In principle it was agreed to take no cognizance of what the "twages plan may or may not yield"

### STORM SURVEY IS TAKEN

CALIFORNIA CITY IS SEVERELY DAMAGED BY STORM  
BRAWLEY, Cal., Aug. 26.—(By Associated Press.)—Calipatria, a little Imperial valley town, 10 miles north of here, tonight was surveyed by its toll of the wind-storm of last night with one dead, 15 injured and property damage estimated in excess of \$2,000.  
The body of Benjamin Franklin, negro was uncovered today in the wreckage of one of the east side residents, demolished by the storm. A Baptist church and 17 residences were wrecked in Calipatria's east side section.  
Mrs. Louise Venizuela, struck in the head by a heavy timber, sustained a concussion of the brain, but physicians late today said that she has a fair chance of recovery. Fourteen other patients were treated by doctors for injuries due to the storm while many others were given first aid by Calipatria's druggists.

### SOCIALISTIC IN EFFECT

The French minister in a separate statement says he considers that apart from any question of figures "an arrangement with Great Britain would be worthless unless it contains stipulations, only partly accepted by Mr. Churchill, to suspend the transfer of annuities in any case where these operations threaten to disrupt exchange."  
M. Caillaux further considers that "whether in one form or another guarantees should be given to France that in no case would she have to pay to all the allied and associated powers higher sums than she will receive from Germany."  
Both Mr. Churchill and M. Caillaux paid tribute to each other's good will and insisted that the negotiations were only temporarily suspended—obviously to wait and see what happens when the French commission comes in contact with their American creditors.

Another plan contemplates Des Moines to Chicago service with stops at Newton and Iowa City. There has been serious discussion of commercial air routes from Chicago south to New Orleans, with Memphis and other leading southern cities on the line.

### PORTLAND SYMPHONY ORCHESTRA HAS NEW LEADER

PORTLAND, Aug. 26.—(By The Associated Press.)—Willem Van Hoogstraeten, notable Dutch orchestra conductor, will be permanent conductor of the Portland symphony orchestra. Final arrangements were completed late today at a meeting of the board of directors of the Portland symphony society.  
Mr. Van Hoogstraeten will complete and eight weeks' season at the New York stadium as conductor of the New York philharmonic society August 30. He will come to Portland at the end of October to rehearse the orchestra for the first concert of the season.

### PORTLAND SYMPHONY ORCHESTRA HAS NEW LEADER

The inheritance tax was characterized as "immoral," "socialistic," and as confiscating capital. There was little opposition to this resolution from the "aidelines," but the action of the 12 voting delegates favored abolishing this form of taxation.  
Resolutions favoring the extension of the budget system to all governmental units urging uniform accounting, the encouragement of reforestation by private enterprise through equitable taxation, the formation of taxpayers' leagues throughout the country, were unanimously adopted. Budget programs should be vested in officials who are separate from and independent of the spending officials, the budget resolution stated.  
Neglect on the part of public officials in observing legal requirements to set aside interest and sinking funds to meet bond obligations, was noted in another resolution, and the recommendation made that the serial bond be designated by legislative action as the only method by which any state or governmental unit may issue bonds. The serial bond plan provides for the refunding of the bond issue commencing with the first year after the bonds are issued.  
Los Angeles was selected as the next meeting place of the conference, and the following officers were elected: Dr. Hilbrand Johnson, Los Angeles, president; A. C. Rees, Salt Lake, secretary treasurer; Judge Henry H. Rolapp, Utah, first vice president; H. J. Hagerman, New Mexico, second vice president. Official delegates included C. E. Arney, Jr., Seattle, representing Washington; Paul B. McKee, Medford, Or., and E. C. Kierstad, Boise, Idaho.

### To Whiten Skin with Lemon

The only harmless way to bleach the skin white is to mix the juice of two lemons with three ounces of Orchard White, which any druggist will supply for a few cents.  
Shake well in a bottle, and you have a whole quarter-pint of the most wonderful skin whiteners, softer and beautifier.  
Massage this sweetly fragrant lemon bleach into the face, neck, arms and hands. It can not irritate. Famous stage beauties use it to bring that clear, youthful skin and rosy-white complexion; also as a freckle, sunburn and tan bleach. You must mix this re-markable lotion yourself. It can not be bought ready to use because it acts best immediately after it is prepared.—Adv.
