**Visit of Stork Rare Event in Spitzbergen**  
 LONGYEAR CITY, Spitzbergen. —Bird life is prolific enough for these lonely attitudes, but a visit from the stork is a sufficiently rare event to set all the wireless apparatus in the archipelago humming. A baby born here enjoys the unique privilege of being baptized in the most northerly church on earth (78 degrees, 18 minutes North Latitude) and it was the good fortune of an Associated Press reporter to witness the christening ceremony of Baby Sigurd, first-born son of a mining engineer of the Great Norwegian Coal Company.

**The Salesman DOESN'T LIVE who can sell a washer as quickly AS THE MAYTAG SELLS ITSELF**

**THE Maytag Gyrafoam embodies features that are so new, so attractive and so wonderfully practical that it has been aptly termed "the washer snatched out of the future."** And the Maytag itself—**unassisted**—proves the advantages of these features more emphatically, more convincingly, by a demonstration test in the home, than any amount of talk could ever do.

**As proof of this—last month alone, ten thousand American wives found it splendid economy to spend over one million six hundred thousand dollars for the helpfulness the Maytag brought into their homes—after they had washed with it.**

**So bear this in mind: No salesman will urge you to buy when you're inspecting the Maytag. It will be brought right to your home, for your demonstration. We're convinced that if a woman, after washing with it, doesn't realize her need for it—the time, worry, and money it saves—she shouldn't be urged to keep it. Phone us—then it's up to the Maytag.**
