6 Cylinder Coach-Brougham
\$1595
f. o. b. factory, plus state tax
New Model—New Price
This new Coach-Brougham is the outstanding car of the year.
Its advent marks an important stage in the evolution of automobile coach-craft.
Here is a type of body which will supplant at least two others—and this will be permanent.
It will be permanent; because it is of stouter construction, more artistic design and fills a definite need.
And—because of its price.
There's nothing of the cheap "coach construction" about this Rickenbacker.
For example, this Coach-Brougham is upholstered in genuine Baker Velvet Velour. The entire interior is finished in excellent taste and of the finest materials.
There's at least \$200 greater value in this coach over its own predecessor.
And that was last season's sensation and greatest value.
At the present price, this new model is a thing to marvel at. Just think—\$1,595 (f. o. b. Factory)—the price you formerly paid for an ordinary open touring car—and now you are able to own the most sensational performer ever built.
Speed—a mile a minute and more— Hills—all hills level out before the onrush of this 68-horsepower Rickenbacker.
This "Six" holds more road records today than any other current model. It is invincible in performance as it is inimitable in comfort and beauty.
But you must see—you must drive this Rickenbacker yourself to understand.
Do so—it will be a revelation to you.
