

SENATOR SLUGGERS BEAT INDEPENDENCE

Score Sunday Is 11 to 8; Sharkey Shows Class In Driving Contest

Though Independence drew first blood in the Sunday contest against the Senators at Oxford park, the locals came back and hammered their way to a 11 to 8 victory over the visitors. Ashby walked the first three men and protected Edward's replacing him with Bishop. A single enabled the visitors to tally and one more score was entered before the Senators settled down, staged a neat double play and retired the Independence players. Scoreless in their half, the Senators came back strong in the second inning and annexed seven of the 11 runs in this frame.

G. P. Sharkey, professional at the Illinois country club, thought for a short time that he would have to acknowledge that the Senator sluggers were better than he when it came to driving a golf ball. Sharkey tried two clubs with little success, but the hole-in-one he hit with the driver was the highlight of his performance. The golf balls driven by Sharkey lacked elevation and struck the board. Looking over his available material, Sharkey selected a driver and the white sphere soared over and beyond the score board, settling the argument.

Efforts are being made by Manager Edwards to line up a game for the Senators next Sunday. It is hoped arrangements can be made to meet the Albany team.

Summary of the game: A.B.R.H.E. Bouton 3 2 2 1 0, Proctor 2 1 1 0 0, Maples 3b 4 0 0 1, Keene 1b 4 1 2 0, Reinhart cf 4 1 0 0, Coleman rf 2 2 2 0, Quisenberry lf 5 2 2 0, Edwards c 5 1 2 0, Bishop p 4 1 1 0, Adolph 1b 0 0 0 1, Schackman rf 0 0 0 0

SACRAMENTO, Cal., Aug. 31.—(By The Associated Press.)—Contrary to a published story here today, Lewis Morning said tonight no negotiations are being conducted for the sale of the Sacramento ball club.

Silverton

SILVERTON, Ore., Aug. 31.—(Special.)—O. J. Moe died at his home at Silverton Saturday morning after an illness of several months. Mr. Moe has been entirely helpless during the summer. Much of the time he was so low that he recognized no one. Funeral services were held at 2 o'clock this afternoon from Trinity church.

The Moe family came to Silverton from Nebraska 16 years ago and have since made Silverton their home. For a number of years Mr. Moe owned and operated the farm now owned and managed by his son John, in the Brush Creek district. About 10 years ago Mr. and Mrs. Moe moved to Silverton.

Mr. Moe leaves a widow and eight children. The children are Mrs. Clara Styve whose home is in Minnesota, Mrs. Ben Funne, Silverton; Mrs. Martin Hatteberg, Silverton; Mrs. Oscar Satern, Silverton; Mrs. Hans Jensen, Silverton; Melvin Moe, Eugene; John Moe, Silverton, and Ludwig Moe, Silverton.

"Kid" Banks of Silverton and Jim Lamb of Seattle are scheduled to meet at the Hippodrome at Silverton on Labor Day in a wrestling match. Lamb was defeated here by Robin Reed on August 15. On Labor Day there will be a preliminary between Bruce Wheeler and an opponent yet to be selected.

R. L. Wolcott and his four daughters are making plans to leave in the early part of next week for California where they will visit with Mrs. Harley Smith, another daughter of Mr. Wolcott, at Sacramento, and with Chester, Vernon and Frank, sons, at Willows. The daughters who will accompany Mr. Wolcott from Oregon are Mrs. Grace Robinson, Mrs. Helen Beals of Portland, and Mrs. Russell Scott and Miss Mildred Wolcott of Silverton. Mr. Wolcott has been mail carrier on route three at Silverton for a number of years.

Miss Marie Hyatt, who has been spending the month as a guest of her grandparents, Mr. and Mrs. J. Edson, has left for Chicago where she will join her aunt, Mrs. C. H.

Williams. Miss Hyatt is well known at Silverton having spent most of her life here. She will enter the University of Chicago this fall.

Report Shows 111 Killed In Fireworks Accidents

NEW YORK.—The results of a survey of casualties of this year's Fourth of July celebration by the American Museum of Safety and the National Committee for the Prevention of Blindness, given out today, shows that 111 were killed and 1020 injured. The analysis is made of reports from 500 cities in 36 states. A majority of the victims were children. Approximately 500 of the casualties occurred July 4, while more than 200 were recorded before and after Independence Day, some as early as June 24 and others as late as July 27. Only 20 of the casualties occurred in connection with public celebrations.

The reports give evidence of only 82 arrests. Of the 111 deaths, 37 of the victims, mostly children, lost their lives as a result of their clothing being ignited by so-called harmless sparklers. Six very young children are reported to have died of poisoning from eating firecrackers.

The largest list of casualties was reported from St. Louis, where 73 persons were seriously hurt and 60 suffered minor injuries. A statement accompanying the report says: "The fact that in New York City among a population of more than six million there were only 10 casualties and that in Chicago among a population of more than three million there were only 16 casualties, is convincing evidence of the effectiveness of restrictive legislation, properly enforced."

The statement emphasizes that the study represents only a part of the actual sacrifice of life and limb as no reports were received from 12 states, including several in the south, where few restrictions are placed on the sale and use of fireworks.

Tokyo's Poor Children Lack Proper Nutrition

TOKYO.—The effects of the great earthquake and fire of 1923 are still being felt by the children of Tokyo. Investigators of the Child Welfare section of the Tokyo municipality report that more than 60 per cent of the children under seven years of age in the slum quarters have been found to be unhealthy either because of under nourishment or disease of various kinds. There is every indication, says the report, that the situation will become worse unless immediate steps are taken to care for those housed in the temporary structures in the poorer sections of the city.

"The most immediate cause of the unhealthy condition of the children," said Eimatsu Okazaki, head of the child welfare section, "is the fact that they have not been fed so well as they were following the great earthquake. This was especially the case during the period when the city was beginning to be rebuilt. Just before that, the children in the slum districts had been fairly well fed with supplies sent to them by relief organizations all over the world."
