who did know this section pretty well." He paused for the perceptible fraction of a second, and looked at me oddly. I felt my heart beating faster, at the anticipation of some queer revelation which should concern me, but I let no hint of my trepidation escape me. Memory Strips to Life.

"At any rate"—Jim took up his story again—"he didn't hear me till I was right on top of him, and it was too late for him to make any gun play. I fell on him, and had him dead to rights, for as long as I stayed right where I was I could keep him from moving."

He took a fresh breath while I again threw a swift glance down the hall behind me, hoping that my mother-in-law would remain in the living-room until Jim had finished his story.

"The only trouble was," Jim resumed, "that while I had him, he had me, too, for he was a powerful fellow, and I never could have managed him if I hadn't got him down before he knew it. I did not dare move off him, so I just sat there, hollerin' once in a while in hopes somebody would hear me. "And then," Jim's voice unconsciously betrayed the disappointment that was his, "somebody grabbed me from behind and fairly lifted me off the other man. I tried to twist to see what kind of man the new fellow was, but he was a regular Jess Willard for size and strength, and he held me as if I'd been a boy. And then, ma'am, you could have knocked me over with a feather when he laughed, and he said in such a queer funny voice:

"Why, if it isn't dear old Jim, the one who gave our precious Katie the handle to her name. This will never do, Jim. We can't have you interfering with our plans like this, such as we cherish you."

Now Jim is probably the most unskilful mimic in the world, and yet there was something in his voice as he tried to imitate the voice of the man who had seized him, which brought vividly to my mind a bizarre and colorful masculine figure, who had been a factor in some of the most tempestuous episodes of my life.
