

SILVERTON IS READY FOR COMING EVENTS

Labor Day and Community Fair Are Demanding Considerable Attention

SILVERTON, Ore., Sept. 4. — (Special.)—Silvertion is very enthusiastic over plans for the two big events coming next week. First of these is the Labor day celebration in charge of the Loyal Legion of Loggers and Lumbermen. Each year on Labor day the Four-L organization has its annual picnic at Silvertion, and each year the celebration is better than that of the previous year. According to the program the committee has given out the annual improvement will hold good this year also.

One account of one of its members being out of the state, the royal roselian quartet will not sing as at first announced. Instead the Pacific Telephone and Telegraph company quartet will furnish vocal selections for the day. O. B. Gingrich of Salem will also sing. Other music will be furnished by the Four-L band.

Rev. W. S. Gilbert of Astoria has been secured as the speaker of the day.

There will be free dancing from 2 o'clock until 5, and from 8 o'clock until midnight. A sports and contest program will begin at 2:30 in the afternoon. This will consist of 12 events including the customary races, diving contests, tug of wars, nail driving contest, and the annual horseshoe pitching contest between Silver Falls teams. The committee has also announced that free coffee, cream and sugar will be furnished at noon.

The second big event, and this is the biggest annual event at Silvertion, is the community fair which begins on September 10 and

lasts for three days. More attention will be given to the artistic arrangement of displays this season than in previous seasons. More displays will also be entered than in previous years as the fair

committee has arranged for more room this year.

A boys' and girls livestock judging contest is already creating a great deal of interest. In the elimination, teams to represent Marion county at the state fair and at the Pacific International will be selected. The judging will start Thursday at 10 o'clock. H. W. Bally will be in charge of this. Last year the F. A. Doerfler sheep club won the northwest championship at the Pacific international.

A special feature of the fair will be the flower show. The committee in charge of this division reports that if local gardeners take as much active interest in the flower show as outside people are doing, the result will be a display at least twice as large as that of last year. Professional dahlias, gladiolus growers, aster specialists, delphinium experts and landscape gardeners have all listed exhibits. A very special feature will be the display of H. E. Weed of Beaverton. He will have

on display the proposed plan for the development of the local city park. He will also show a variety of shrubs, perennials and planting plans. Mr. Weed has been a consistent winner at the state air and his display at Silvertion will attract a great deal of attention.

Two robberies have been reported at Silvertion during the week. The first of these occurred in the Anderson hotel annex when Mark A. Paulson, a local attorney was drugged and robbed. He awoke in the morning to find his door ajar, his clothes scattered about the room and \$14 gone. His current check book, three check book stubs were found in the hotel lobby table.

The second robbery occurred at the Hansen hotel when someone entered the room occupied by O. B. Germond, mill worker, at night and took an old silver watch, a ten cent piece and two pairs of shoes.

Robert Forgey, the little 10 year old son of Mr. and Mrs. Roy Forgey, died at the family home Friday morning. Spinal meningitis caused his death. No funeral arrangements have as yet been made.

wreckage. Several ships were added to the searching forces and the cooperation of private ships in several cases was pledged.

WASHINGTON, Sept. 4.—(By Associated Press).—The navy department was advised tonight by Arthur Alman, amateur radio operator at St. Augustine, Fla., that he had learned from the wireless operator of the USS Litchfield that the missing seaplane PN-9 No. 1 had been found, but officials on duty placed little credence in the account.

They were mystified by Alman's report of his conversation with the Litchfield, which the operator said gave his position as 400 miles south of Samoa, and expressed doubt that the ship could have sighted the seaplane.

The destroyer Litchfield is with the Pacific fleet steaming from Samoa to Hawaii and now is about six hundred miles north of Samoa. Navy officials said they were unable at present on account of the heat and resulting static, to reach distant points by radio and were unable to understand how Alman could have talked with the destroyer.

Monday, September Seventh, 1925

Labor Day is a double-purpose holiday. First, it emphasizes the importance and nobility of Labor; secondly, it is summer's last call to Sport; Sport in the wind-swept open as well as the jolly "jazz-bo"

sport of casino and dance palace. Whatever your particular preference may be, these advertisers are ready to help you enjoy the Labor Day week-end to the utmost.

of the telegraph, or the telephone, or by mail, instead of telepathy, you are a materialist.

"If you believe in social order, and security from the idle and vicious; if you believe in every principle tried out in human experience, and found best for all, you are a materialist.

"If you believe in parents directing children, you are a materialist.

"If by a life of worthy industry you accumulate a modest competence for the days when you are no longer able to work, you are a materialist.

"If you believe in education, in progress, in bettering the average condition of everybody by accepted methods, you are a materialist.

"If you provide Christmas gifts for your children, and know that Santa Claus did not come down the chimney at night and leave them you are a materialist.

"If, when you loan money, you accept security, you are a materialist.

"If you believe in industry, experience, having taught you that idleness is punished; if you fear to tell a lie, or do a dishonest act, because you have learned that honesty and truthfulness are better, you are a materialist.

"If you refrain from shooting a man when angry, you are a materialist."

Materialism is the base of science, which knowledge and wisdom, and whoever denies it, butts his head against a stone wall.

To have positive convictions about a subject all a man has to do is to be profoundly ignorant of it.

Success is largely a matter of making the expenditure of your energies count for something.

THE BEST OF ADVICE

THE BRAND OF MATERIALISM

What is a materialist? The dictionaries display their usual limitations with the definition that a materialist is one who "takes interest only in the material or bodily necessities and comforts of life."
