This Couple Was Pleasantly Surprised

HE PROPOSED TWICE. He first proposed to the young woman of his choice, and again when he proposed to give her a diamond engagement ring of the finest quality, or none at all.

But, at the time he proposed to the young lady, he was temporarily short of ready funds. So, it seemed as if it would be necessary to postpone the purchase of the ring until his financial circumstances were in better shape.

Then, one of our advertisements came to his attention. For the first time, although we have repeatedly announced the fact, he learned that we extend very liberal terms to all deserving people.

Both he and his promised bride were pleasantly surprised with the credit accommodations which made it possible for them to secure a diamond of the higher grade without waiting until he had accumulated its price in cash.

We offer only blue-white diamonds of the finest brilliancy money can buy. We sell on a 30 day, money-back guarantee. The full purchase price of any diamond bought of us will be applied on the price of a larger diamond any time the customer wishes to make the exchange.

In addition, although we are not known as "installment jewelers," we make every effort to accommodate our customers in the matter of terms.

Anyone entitled to credit from others may obtain it of us and on terms to suit individual preference.
