Behind the fan  
the beauty—  
In front—the beautifier

Woman's greatest possession is beauty. And the first hand- maiden of beauty is Boncilla Beautifier. This blue-gray magic balm is food and drink to dainty complexions.

**Makes Your Face Feel So Good!**

And this is why! Boncilla Beautifier draws out every impurity and imperfection by absorption. Like magic, it banishes that look of weariness and makes one's face feel so good! The skin and complexion appear as refreshed as a wilted flower after a shower—but it does more! It removes pimples, blackheads, lines and wrinkles; makes skin soft, smooth, and firmly textured.

**Only One Thing More Than You've Used Before**

but oh! what a transformation. Creams and powder soothe and protect the skin, but they cannot perform the function of Boncilla Beautifier. And when you add, for the daily toilet, the use of Boncilla Cold and Vanishing Creams and Boncilla Face Powder, the complete Boncilla Beauty Method, you need nothing else on your toilet table. Boncilla does its wonderful work quickly and surely. You'll note the improvement after the first few treatments. Continued use, twice a week, will insure the complete success of perfect facial loveliness.
