## HARDING MEMORIAL WILL BE UNVEILED

Monument Erected by Kiwanis to U. S.-Canada Friendship

VANCOUVER, B. C., Sept. 15.—(By Associated Press.)—A monument to the good will existing between the United States and Canada is to be dedicated here tomorrow when more than 1,000 Kiwanis from Pacific northwest states and western Canada are to witness the unveiling of the Harding memorial by John H. Moss, international president of the Kiwanis club.

The memorial was erected by the Associated Kiwanis clubs of Canada and the United States and is situated in Stanley park within a few feet of the spot where the late President Harding delivered what was to be one of his last public addresses, on his return from his fateful journey to Alaska.

Senator Frank Willis of Ohio, who nominated Harding for president, is to represent the United States at the ceremonies, while Dr. J. H. King, dominion minister of public works, is to represent Canada. King acted as Canada's representative during Harding's visit.

Tomorrow's unveiling ceremonies also include an address by Dr. George T. Harding, a brother of the president. The ceremonies are to be broadcast by the Canadian National railway from their radio station CNRY starting at 2 o'clock. The memorial is situated in one of the most beautiful spots in Stanley park and is a product of international workmen. It was designed and sculptured by Charles Maresca, a Vancouver, B. C., artist. Architects of the memorial are natives of England, the contract for furnishing the bronze went to an American, the bronze founder is a Belgian, the chaser, a Frenchman, and the supervisor of work, a Canadian. The monument is constructed of granite with figures and decorations of bronze. On each side of the monument is a female figure in bronze, one representing the United States and the other Canada. Granite slabs with inscription that contains the concluding words of Harding's speech here tell the story of the memorial.

Tomorrow afternoon has been declared a civic holiday here.
