The Willamette football team is not trying to shape up for the game against the University of Washington next Saturday. Coach Rathbun declared Wednesday, but is trying to be in shape for the games of the season with schools in the same athletic class as Willamette. The team will leave Friday morning for Seattle. It is expected that the game against the Huskies will bring out Willamette's chances against Whitman Pacific, and College of Puget Sound, the big games of the season for the Bearcats. Wednesday the team indulged in light scrimmage for the last time before making the trip. The entire backfield and all positions on the line but those held by Hartlev and Rhodes, will be composed of new men. Following is the tentative lineup that will start against Washington next Saturday: Riddle at quarter, Stokhseise at full, C. Zeller and Collingsworth at half, Scott at center, Evans and Rhodes at guard, Mudra and Mori at tackle, and Winslow and Hartlev at end.

ASK MOTORCYCLE RACES

LOCAL MEN WANT EVENTS CLOSING DAY OF FAIR

Efforts are being made by Harry Scott, local motorcycle dealer, on behalf of motorcycle enthusiasts, to interest the state fair board in a motorcycle race event after the last horse race on the closing day of the fair. "Races of this kind held at the Washington state fair at Yakima were a huge success," Mr. Scott declares. "Riders were given \$900 in prizes and there was an attendance of 13,000 people. Next year it is planned to offer purses aggregating \$2500."

At these races Cody Evans, Salem, broke the track record and averaged a mile in 42 seconds for the five-mile event. Several of the local riders came to grief through defective chains and were not in on the money.

BUSINESS SAID JAZZY

WOOLEN MILLS OWNER IS GUEST OF ROTARIANS

Business conditions since the war have been somewhat jazzy, stated Charles J. Webb of Philadelphia, who was a guest at the luncheon of the Rotary club Wednesday. Mr. Webb owns several woolen mills in the east as well as a mill at Stayton. But, he declared, things are getting more stabilized. He predicts, however, that there will be a slight recession in business beginning in spring. The reason for this, he said, is that when the building of the country is diminished, business is slowed up. In several of the large cities an excess of building has been carried on, and there is now an excess of office space throughout the country. Business will recede in spring because building will recede about then. At the present time, he said, business is being stabilized by the erection of a large number of homes throughout the country.

PEOPLE AND EVENTS SILVERTON

LILLIE L. MADSEN, Statesman Correspondent

SILVERTON, Ore., Sept. 24.—(Special.)—Miss Wanda Bowen, the daughter of Mr. and Mrs. John T. Bowen, was married at Vancouver, Washington, Monday afternoon to John Anderson of Silverton. Mr. and Mrs. Harry Bentson accompanied them to Vancouver. From Vancouver the newly married couple went on to Kelso, returning to Silverton Tuesday night. A group of young people welcomed them at the home of the bride's parents upon their return. They have taken apartments at the Glibson house. Mr. Anderson is employed at Mack's place. Mrs. Anderson, until her marriage was bookkeeper at the Digerness Merchandise store.

Mr. and Mrs. E. Tinglestad of Silverton have received word that their son, Oscar, has received his doctor's degree at the University of Chicago. Dr. Tinglestad is a professor at Luther College, Decorah, Iowa, and has been working for his doctor's degree since he won his master's degree a few years ago.

Committee of St. John's and Trinity churches are busy at work discussing plans to meet the questions of language and consolidation of the two congregations. Both congregations belong to the same synod and both congregations conduct services in the English and Norwegian languages. Many think that one church should be converted into all English and the other into all Norwegian, while others believe that the two congregations should join into one and have both languages at different times during Sunday. A third factor believes that it would be better to leave the two churches separate as they are at present. A consolidation of the two would make a congregation of 1200 people. If the two congregations do consolidate one pastor would be engaged to handle the entire field at Silverton.

The committee at work will announce no definite plans until the quarterly meetings of both congregations during the first week of October. A definite action in some direction will be taken at this time. The Rev. George Henriksen has charge of the Trinity church while the Rev. S. Lindseth is pastor at St. John's. Both churches belong to the Lutheran Synod of America.

Mr. and Mrs. Reber Allen have returned from Cleveland, Ohio, where they went to attend the Postmaster's convention. Mr. Allen is the Silverton postmaster. Mr. and Mrs. Allen were married at Salem just before leaving for the east. Mrs. Allen was before her marriage, Miss Lora Ames, the daughter of Mr. and Mrs. S. Ames, Silverton pioneers.

Mrs. Russell Scott, Mrs. Grace Robinson of Portland, Miss Mildred Wolcott and their father, R. L. Wolcott returned from California Sunday afternoon. The three sisters and their father have been spending the past few weeks with another sister and daughter, Mrs. Harley Smith of Sacramento, and with Mr. and Mrs. Chester Wolcott of Willos, California. Mrs. Robinson returned to her home at Portland.

Road work on the Brush creek road is progressing nicely. It is doubtful, however, that the work will be completed to the Pudding River bridge, as at first planned, before the fall rains set in. The road has been completed nearly to Scandia station. Two fills will have to be made before the river is reached. The one of these is across Brush creek and the other over the little creek just before Pudding river is reached. It is understood that these two low places will be built up to some extent. It is also reported that the entrance to Pudding River bridge will be straightened. A short curve in the road at this place makes traffic dangerous at times. Paving will not begin until next spring.

INDIAN BATTLE RELIVED

LAST STAND AGAIN FOUGHT IN MEMORY OF SOLDIERS

CHAMBERLIN, S. D., Sept. 23.—(By Associated Press.)—A band of soldiers surrounded by howling Indians fought until they died in the natural amphitheater on the west side of the Missouri river here today, while thousands of persons looked on and thus Custer's last stand was reenacted as it took place on June 25, 1876. The revival of the battle scene of half a century ago was one of the features staged in connection with the dedication of the latest addition to the five-bridge program of South Dakota across the Missouri river. Officials in charge of the dedication estimated that nearly 35,000 persons were here, among them crowds of Indians off the reservations who sat almost breathless as the thrilling battle scenes of the Sioux massacre of the whites were revived.
