

THRILLING

Power and Pick-Up!

Power abundant in this Eight—so smooth, so exhilarating—that it brings you the thrill, and the spirit of buoyant freedom, of a fast yacht scudding before the wind.

Women, as well as men, find particular delight in its ease of control, remaining fresh in mind and body ever after driving long distances.

Hupmobile, with its notable reputation for building cars that stand up for eight and ten year periods, never before produced the equal of this Eight in downright mechanical soundness and durability.

Come in today—and put this marvelous performer through its paces in your own way.

PLAY SAFE

Traffic will be heavy on the highways during Fair Week, so drive carefully and be sure your brakes are in perfect working condition. The brakes should be tested each day. Before going half a block from the garage make a service test by throwing out the clutch and applying the brakes. If the brakes are not operating properly drive to Mike Panek's Brake Station and have the faults corrected before driving out again. Mike Panek specializes in brake service. He has made a study of brakes—their faults and remedies. His shop is equipped with modern, up-to-date brake relining machinery enabling him to give you the best of brake service in the shortest time possible. In fact, "he lines 'em while you wait." Drive to 275 South Commercial street, two blocks south of Ladd & Bush Bank.
