OWN YOUR OWN HOME!
The instinct for a home is as natural in humanity as the instinct to mate. A young couple beginning family life in their own home, secure at once a back ground, an anchorage.
Children brought up in their own home have the supreme advantage of a domestic sentiment that is one of the most valuable of spiritual possessions.
Without their own house, there is an inescapable sense of being transients, of having no firm foundation for family life.
We have several new bungalows, 4 rooms and breakfast nook, we will sell, just like rent.

"HOT DOG"—THE STATE FAIR IS on and you are the house judges—Just sit still and we'll drive them by. All right, drivers—Here comes a beautiful English type 5 cylinder house, called English because the carpenter forgot the eaves, and the owner discovered the joke a week later—it came in the same time as bobbed hair, and the women are all crazy about it. The price is $7000; another 5 cylinder Summer street closed job for $8500. No, Governor, we couldn't swap it for a flock of whitefaces. Observe this 7 cylinder all purpose modern home for $5000 with its pretty lawn, paved street and double garage. Will you landholders notice the 4 cylinder bungalow with fireplace and breakfast nook for only $4000; and here comes an old Winton 6 house with a new top and showing some of the splendor of yester-year for only $1600; and rain or shine we'll meet you at the State Fair.

Bold British Mariners Start Odd Lifeboat Test

LONDON.—In order to test a theory concerning supplies which should be compulsorily carried by ships' boats in case of disaster, and how far wireless equipment can aid seafarers who are compelled to take to their boats, three Cornish mariners and a wireless operator have started on a 38,000 mile voyage. They left Newlyn, Cornwall, in a converted lifeboat, 40 by 10 feet, supplied with power by a 15 horsepower internal combustion engine. The boat carries five tons of foodstuffs.

The party expects to be away two to three years, during which they will go through the seven seas, make calls at 50 ports and visit practically every part of the British Empire.

The leader of the expedition, Captain George Hitchens, decided to make the test as the result of the sufferings and privations endured by the master and crew of the Trevissa when that vessel was lost.
