Shaw's "Pygmalion"

Mrs. Pearce, the housekeeper in Pygmalion will delight you. All the housewives in town should sit together to enjoy this play. Mrs. Pearce is capable and versatile. She knows what to do with an impossible hat, and she tries to help with the Master's vocabularies. He has more than one, like all the rest of us.

And there is a vocabulary for a certain time and a certain place. Have you ever tried your home vocabulary in society, for instance? It is not that the words themselves are so different, but the thought is decidedly so.

Hear home and society vocabularies in contrast in Pygmalion at the Heilig theater October 7.

Mrs. John J. Roberts spent yesterday in Portland.

Mrs. J. R. Luper will have as her house guest later in the week her mother, Mrs. W. B. Potter of Portland.

Cream Kissed Carrots and Onion-eye Sparkler Are Highly Endorsed

Cream-kissed carrots, cows' vanishing cream, cereal complexion powders, baked potato powder puffs, onion eye sparkler and fresh fruits perfume are the American Beauty products demonstrated and recommended to American girls four times daily in the House of Health at the state fair. The recommendations are made in the way of monologue and action skits in which college girls explain to Salem girls the advantages of building beauty by "inside paints" rather than by daubing it on from without.

The programs are given four times daily: 11:30, 2:00, 4:00 and 5:00, in the House of Health just inside the north or main entrance of the educational pavilion.

The monolog will be given by Miss Griffe of Corvallis today and tomorrow and by Miss Jean McClew of Eugene on Friday and Saturday. The Salem girls taking the action part will be Florence Power, today; Mildred Pugh, Thursday; and Margaret Bailey, Friday. Miss Maurine Styles who took the part on Monday will probably repeat on Saturday. Virginia Neff took this character part yesterday.

Moving pictures of Health and

Beauty subjects in relation to child welfare precede each performance. Seats are provided for the convenience of visitors who testify their interest not only by filling the room but by crowding about the outside and looking in. Common sense fortune telling by means of scales, measurements and charts are other features of entertainment and instruction. Professor Lila O'Neale of household arts is in charge. Visitors are all welcome, not even the men are excluded.

No Need to Tolerate Gray Hair any Longer

You Can Restore the Former Shade with Kolor-Bak

The clean, colorless liquid, known as Kolor-Bak, has enabled thousands of men and women to take years from their appearance by restoring the original shade to their gray hair.

The following is a letter typical of many written in praise of this remarkable preparation.

"Only a short time ago my hair was quite gray and becoming grayer. It was falling out. My scalp itched and dandruff appeared."

"Only a few applications of Kolor-Bak stopped the itching and dandruff. My hair soon stopped coming out. Most wonderful of all, however, is that my hair is again its original shade. I look ten years younger. No wonder I'm so thankful for Kolor-Bak."

Authorities state that hair turns gray when for any reason it fails to receive the proper amount of coloring matter from the cells in the scalp. No matter what the cause of the grayness, it is amazing to see how quickly Kolor-Bak brings back the former shade. It is the best known substitute for the natural pigmentation.

Kolor-Bak is not sticky, greasy, messy or unpleasant to use. It is just a clean, colorless liquid containing ingredients known to be beneficial to hair and scalp — as easy to use as water. Results often appear in a week.

It not only restores the former shade to the hair; it banishes dandruff, prevents itching of the scalp and stops falling of the hair.

No samples of your hair required — no tests necessary — as this one clean, colorless liquid is effective on any gray hair. Money back instantly if desired results do not appear.
