

THRILLING

Power and Pick-Up!

Power abundant in this Eight—so smooth, so exhilarating—that it brings you the thrill, and the spirit of buoyant freedom, of a fast yacht scudding before the wind.

Women, as well as men, find particular delight in its ease of control, remaining fresh in mind and body even after driving long distances.

Hupmobile, with its notable reputation for building cars that stand up for eight and ten year periods, never before produced the equal of this Eight in downright mechanical soundness and durability.

Come in today—and put this marvelous performer through its paces in your own way.

680,000

is the total of injured in automobile accidents in the U. S. in 1924. The number of killed was over 22,000—and 66 of the killed were in Oregon. **THINK OF IT!** The MOST IMPORTANT factor of safety about the automobile is the BRAKE. Therefore have your brakes inspected regularly by a BRAKE SPECIALIST—one who has made a study of brakes and has the proper equipment to reline your brakes CORRECTLY when they need relining.

Look On The Inside of the Bridge-Beach Superior Circulator

It is built like a furnace—a stove within a stove
Will heat three or four adjoining rooms

The cold air enters at the bottom, is heated and humidified between the fire-pot and the outer casing—and passes out through the top, CIRCULATING the warm, moist, healthful air to the most distant corners of the adjoining rooms. Has wonderful heating capacity—will heat three or four rooms comfortably in the coldest weather—takes the place of several stoves and requires no more fuel than an ordinary heater. The price is less than you would expect for a heating stove of such outstanding superiority. Shown in various finishes—the mahogany enameled finish is especially popular.

Sold in Salem only by **The Giese-Powers Furniture Co.**
