

SUBSTANTIAL CASH PRIZES ARE SOUGHT

Hospitality Clubs of State Makes Splendid Showing During State Fair

With the fine showing made Friday afternoon when the Umpqua Indians of Roseburg, Beachmen of Bandon and Cherrians of Salem paraded before the grandstand at the state fair, it is probable that efforts will be made by the state organization, known as Hospitality Clubs of Oregon, to induce state fair directors to offer substantial cash premiums next year.

The Roseburg people raised about \$1200 to send the Umpqua chiefs and squaws to the state fair. A special train brought the Roseburg people Friday morning and returned that evening about midnight.

The Bandon Beachmen sent sev-

eral representatives here two days ahead of time to prepare its float in Salem. As Bandon is a city of only about 600, the general opinion is that the Beachmen deserve great credit for its fine showing. The Beachmen number 27, and 21 of them reported in costume for the parade.

The Pirates of Coos Bay had made arrangements for a big showing, but were able to only muster about a dozen in costume. The Salem Cherrians turned out 32 in the parade and served as hosts to the visiting organizations.

Among those who are familiar with the local interest taken in the various boosting organizations the opinion is that next year the state fair board would create great interest throughout the state if \$1,000 in cash premiums was offered. It is figured that with a dozen boosting clubs competing, the gate receipts would be augmented that much more.

Boosting clubs of Oregon are as follows: Salem Cherrians, Portland Rosarians, Newberg Berrians, Roseburg Umpqua Chiefs, Grants Pass Cavemen, Coos Bay Pirates, Medford Craters, Ashland Lithians, Bend Lava Bears, Oakland Gobblers, Bandon Beachmen.

PIONEER WOMAN IS CALLED SATURDAY

Funeral Services for Mrs. Holton Will Be Held Monday Afternoon

Mrs. Elizabeth Albert Holton, 81, died Saturday afternoon at about 4 o'clock and will be buried here Monday afternoon at 2 o'clock from the Rigdon & Son mortuary, with services in the IOOF cemetery. Rev. Norman K. Tully will officiate.

Mrs. Holton was born in Cadiz, Ohio, on April 25, 1844, and was the older of five girls. She was a sister of the late John H. Albert, the eldest of the family of 11 children. The others in the family have all preceded her except George W. Albert of Lansing, Iowa; Mrs. Emma Albert Rowell of Portland, and T. G. Albert of Salem. Her husband, Rufus Holton, preceded her several years.

Mrs. Holton came to Salem in the early 90's. For several years she was superintendent of the orphan's home here, until it was closed, and later was matron at the Salem hospital. She was also connected with the Lewis and Clark and Oregon state fairs.

For the past six years Mrs. Holton has been a patient at the Deaconess hospital, where she had been instrumental in furnishing several rooms.

She had been a faithful member of the Presbyterian church since childhood.

Road Is Surveyed— A survey is being made of the road from Brunk's corner to the Oak Point school house on the Independence-Salem highway, according to word received here. E. J. Howe of Dallas, county surveyor, is conducting the survey.

Homer Robb and James Holman are assisting in the survey, which was started Friday, and will require about ten days for completion. The survey is being made for the purpose of planning improvements when funds shall allow, as the county court last year saw fit for the road to be a market road.

"In children's ills, a harsh, sickening 'physic' often makes matters worse by lowering the child's resistance."
—DR. CALDWELL

Mother! It's Cruel to "Physic" Your Child

To Dr. W. B. Caldwell, of Monticello, Ill., a practicing physician for 47 years, it seemed cruel that so many constipated infants and children had to be kept constantly "stirred up" and half sick by taking cathartic pills, tablets, salts, calomel and nasty oils.

While he knew that constipation was the cause of nearly all children's little ills, he did not believe that a sickening "purge" or "physic" every day or two was necessary.

In Dr. Caldwell's Syrup Pepsin he discovered a laxative which regulates the bowels. A single dose will establish natural, healthy bowel movement for weeks at a time, even if the child was chronically constipated. Dr. Caldwell's

Syrup Pepsin not only causes a gentle, easy bowel movement but, best of all, it is often months before another dose is necessary. Besides, it is absolutely harmless, and so pleasant that even a cross, feverish, bilious, sick child gladly takes it.

Buy a large 60-cent bottle at any store that sells medicine and just see for yourself.

SIDELIGHTS

Members of the Willamette Valley Photographers' association declare that instead of one salon honor at the San Francisco international convention won by a northwest photographer, there were four, of which three were taken by Oregon studios. The association is indignant over reports published in Portland that the portrait of L. L. Patterson was the only one receiving distinction.

Judge Harry H. Collier, of Tacoma, nationally known authority upon poultry, attended the state fair as western director of the American Poultry Association. While here he renewed acquaintance with Edward Shearer, superintendent of the poultry department. The two men first met at a poultry show in North Yakima, Wash., 25 years ago. Judge Collier is accompanied by his daughter, Mrs. George H. Wilson, of Portland.

Stylish "Bobs"
Easy to Keep Thick, Wavy, Lustrous

Girls! Try this! When combing and brushing your hair, just moisten your hair brush with a little "Danderine" and brush it through your hair. The effect is startling! You can dress your hair immediately and it will appear twice as thick and heavy, an abundance of gleamy, wavy hair, sparkling with life, incomparably soft, fresh, youthful.

Besides beautifying the hair, a 35-cent bottle of refreshing, fragrant "Danderine" from any drug store or toilet counter will do wonders, particularly if the hair is dry, thin, brittle, faded or streaked with gray from constant curling and waving which burn the color, lustre and very life from any woman's hair.

"Danderine" acts on the hair like fresh showers of rain and sunshine act on vegetation. It goes right to the roots, invigorates, nourishes and strengthens them, stopping falling hair and helping the hair to grow thick, healthy and luxuriant.—adv.
