Tea At Livesley Home

The most beautiful home in Salem was opened yesterday afternoon from three to six o'clock to three hundred society maids and matrons when Mrs. T. A. Livesley entertained at tea. The entire dwelling was enhanced with great bouquets of rose and gold and lavender flowers in copper and pottery bowls. In the reception hall a tall vase of marigolds, Michaelmas daisies and helianthus, guarded with tall tapers in art holders, reflected itself in a wall mirror.

In the drawing room where the hostess received, the same autumn flowers were used in harmony with the rugs, tapestries, and water-colors. Instrumental numbers on the pipe organ pervaded the rooms with an informal music as the guests chatted together. The sun-porch and the library, all with their late afternoon panorama of the beautiful garden below, carried out a color note with that repeated that in the borders beyond the windows.

Assisting Mrs. Livesley in the drawing room and library throughout the afternoon were: Mrs. John J. Roberts, Mrs. R. M. Hofer, Mrs. D. W. Eyre, Mrs. O. C. Locke, Mrs. J. S. Shelley Saurman, Mrs. Curtis Cross, Mrs. B. O. Schucking, Mrs. Harry Hawkins, Mrs. Clifford Brown and Mrs. Chester Cox.

As a diversion from the formality of the afternoon, Patsy, the petite daughter of the hostess, invited her mother's callers to view her own room furnished in the same delightful fashion and with the same attention to personality as the other rooms throughout the house.

The dining room was a study in table harmony, with zinnias, delphinium and Michaelmas daisies used in profusion. Pale candles burned in hammered silver holders, completing the attractive tea service. Presiding at the urns during the first hour were Mrs. Henry Meyers and Mrs. Dan Fry, Jr. Their places were taken at the second hour by Mrs. George F. Rodgers and Mrs. John H. McNary. Assisting in the dining room were Mrs. Fritz Slade, Mrs. John H. Carson, Mrs. Allan Carson, Mrs. Hollis Huntington, Mrs. Orris Fry, Mrs. Clifton Irwin, Mrs. Paul Hendricks and Mrs. Donald Young.

A large number of guests from Portland were invited for the day which will doubtless prove one of the most memorable in Salem's social calendar.

Bride-Elect Honored

At a charming bridge tea on Wednesday afternoon one of the most popular brides-elect in Portland was honored in Salem when Mrs. Frederick Deckebach and Mrs. Richard Slater were hostesses at the Deckebach home for the pleasure of Miss Pauline Dick whose marriage to Mr. James Ward Lively will take place on October 17.

Zinnias and erimson and purple asters were used in the living room and in the dining room Michaelmas daisies and dahlias gave the pleasing floral note. The tea table was a delightful study in mauve and green, with mauve candles filling a lovely silver candelabra. Mrs. Russell Catlin presided at the urns and Mrs. E. C. Cross cut the ices. The hostesses were assisted in the rooms by Mrs. Willis J. Roughton, Mrs. Frank Spears, and Mrs. Gus Hixon.

For the early hours of the afternoon, guests for five tables of bridge were invited. Later additional guests came for tea. The high bridge score of the afternoon was won by Mrs. Gus Hixon, while

THE FIVE FACTORS IN PRUNE GROWING

(Continued from page 9)
Sweet Prune in Growing Favor
Mr. Van Trump repeated what he said a year ago, that the sweet prune is coming into increasing favor here, and most of the new plantings are of the sweet prune. He believes this tendency will keep up indefinitely.

He said too much stress has been laid on sizes in the prune markets; that there is a difference in favor of the large sizes, but not as much difference in food value as the wide range of prices would indicate. The old fashioned sweet or French prune is small, but even in the matter of sizes this drawback is being overcome, with several new varieties.

He said that McNary and Stolz (United States Senator Chas. L. McNary and Walter T. Stolz) last year got 17 to 18 cents a pound for their Imperial sweet prunes, and that their orchard of Imperials was profitable, though they got only 500 pounds to the acre. He said the sweet prune has fewer troubles than the Italian. It is some drouth resistant; a better average producer; does not crack as easily; is not so subject to brown rot.

sweet prunes that run large in size, the Coates, the Imperial and the Noble French. There are others, like the Schindler in Polk county, but these three are especially in favor. Mr. Van Trump thinks the Noble French is the best of the three. It seems to persist; it is large, and dries heavy. The Imperial is not an even producer, here or in California. But it is a wonderful prune for quality. Many consumers prefer the French prune; it is of milder, sweeter flavor. Though, of course, there will always be those who will prefer the Italian prune for its tart-sweet flavor and general fine qualities.

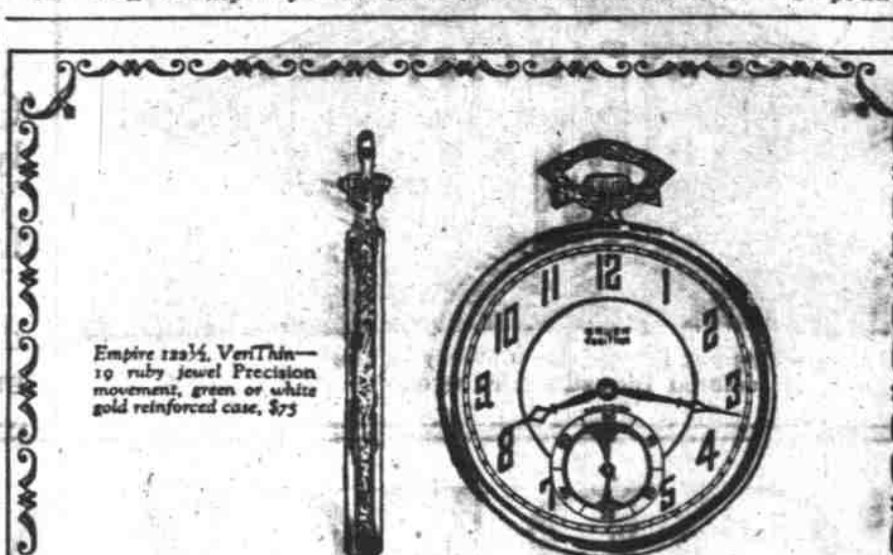

This Noble French is an accident. Five trees were found in Fred Weaver's orchard at Myrtle Creek, Oregon. These trees are young yet, only seven years old; but the wood is all under contract to Noble Andrews of Salem, who is propagating it, and the appearance are that it will take here like wild fire, and that soon there will be large acreages of the Noble French prune in the orchards of the Salem district.
