THE AMERICAN THANK YOU LEAGUE

There are leagues, and leagues and more leagues. There are leagues with purposes political, social, economic or religious. Some of them are for the reduction of taxes and others for enterprises which cost immense sums of public money. Legion is the number of leagues which arise and pass on with or without the particular object for which they are formed being accomplished. But the number of them still functioning or trying to function is continually growing larger. Here is the latest to demand a place on the social improvement calendar. It is the "American Thank You League," with headquarters in the midst of the social glamour and glitter of the nation's metropolitan "Four Hundred."

The New York Telegram notes the advent of such organization with the editorial caption "Take Your Tip With Thanks," upon the conviction of a rude taxi-driver, for bad manners displayed when offered a ten-cent tip as a supplement to a twenty-cent fare. The taxi's abuse of his patron resulted in his arrest, a fine of twenty-five dollars and three days in jail. "Rudeness and impudence deserve prompt thou hast the words of eternal rebuke," was one of the court's injunctions.

The "Thank You" league declares this matter of courtesy of vast importance. That the world may profitably practice more general courtesy, in business, in professional and in social life, is indisputable.

A BIG SPREAD

The farmers of America are now receiving about eight billion dollars annually for their crops for which the consumers pay twenty-two billion dollars. This condition is discouraging to the producers and to consumers alike. After all his investment, responsibility, risk and toil, the producer receives little more than a third of what his products sell for dogma, they need a Divine dynatis with faith. It rests on the rock to make one of his after-dinner to the consumer. The spread in prices between the first mic. Christ is the divine key that and last sale of his products is tremendous.

What argument can be more effective toward hastening abha and omega of the alphabet cooperative marketing than these facts showing the folly and the injustice of the present methods of selling produce?

IMMORTAL MORN

Immortal morn, all hail! That saw Columbus sail By Faith alone! The skies before him bowed, Back rolled the ocean proud, And every lifetime cloud With glory shone.

Fair science then was born, On that celestial morn, Faith dared the sea; Triumphant over foes Then Truth immortal rose, New heavens to disclose, And earth to free.

Strong Freedom then came forth, To liberate the earth And crown the right; So walked the pilot bold Upon the sea of gold, And darkness backward rolled, And there was light. -Hezekiah Butterworth

The First Methodist

"The Transcendent Christ" was ing sermon of Rev. Ernest H. the subject of the annual sermon Shanks, pastor of First Baptist of the Columbia River branch church. The following is a bare convention of the Woman's Foreign Missionary society delivered in the First Methodist church Sunday morning by the pastor, Rev. Fred C. Taylor.

Text, John 6:68: "Jesus said unto the twelve, will ye also go away? Simon Peter answered him, Lord to whom shall we go? life and we believe that thou art the Son of the living God."

Testing times have fallen upon the followers of Jesus Christ. Popular currents of thought, vain philosophies of the world, subtle istic interpretations of life are all seeking to confuse Christians in their simple belief in the deity of Jesus Christ and weaken their loyalty to Him. But no tradition or human system of living can take the place of the Divine Personality. In the midst of life's trials and sorrows, people need more than a dead creed; they need a living Christ; more than a formal unlocks the storehouse of God's love and grace. Christ is the of man's hope in the world.

Christ is transcendent as the revealer of the Father God. Man s a religious being and possesses these days. AIR RECORD IS BROKEN

LT. BETTIS, ARMY ACE, ESTAB-LISHES NEW MARK

MITCHEL FIELD, N. Y., Oct. 12.—(By Associated Press.)— Covered with grime and glory, with his plane shooting flame in the gathering darkness late today. Lieutenant Cyrus Bettis, army ace, won the Pulitzer trophy race, feature of the national air races. broke the worlds speed record of

circuit course, and established new record of 248.67 miles per

hour. Lieutenant A. J. Williams, navy pilot, who established the previous record at the Pulitzer event in St. Louis in 1923, came in second with an average speed of 241.71 miles

per hour. The largest crowd yet to attend the meet surged back and forth in the enclosures and vied for a sight of Americas' premier racing planes, as Lieutenants Bettis and Williams taxied their planes into position on the starting line. '

Lieutenant Bettis' first question upon landing was:

"Where is Ai?" (Williams,) "I want to ask him what was the matter with his ship."

Williams however had left the field immediately upon landing. He had been considered a strong possibility as winner of the race as he made an unofficial record of 302.03 miles per hour recently.
