NOW IN DISTRICT

MANY NEW NAMES

The following are the names addresses, and also former addresses, of those who have come to Salem during the past two months, furnished by the Chamber of Commerce.

This is but a partial list. Salem is growing fast-so fast that it is very difficult to secure the names and addresses of all who have come just recently to make their homes in Salem.

Mrs. Helen McNeil, 947 Center street, from Tecumseh, Mich. Ed Shorter, route 2, Box 45,

Vinton, Iowa, Burt Van Every, route 7, upert,

Idaho. Walter Oldenberg, route 8, Box 91, came from Spirit Lake, Idaho.

Geo. Jensen, route 6, Box 14, from Audubon, Iowa.

F. W. Hickerson, Salem, Ore.,

came from Klamath Falls, Ore. Mrs. Ida E. Riley, 373 North Church street, former address Ba-

ker, Oregon. John J. Blum, route 8, Box 120, former address Weed, California. Maude Pointer, 1300 North Eighteenth street, former address

Lexington, Oregon. O. C. Laison, 1015 Shipping

street, former address Racine, Wisconsin. Chas. Hill, 1710 Court street,

BUT WHY KEEP ON BEING A **RENT PAYER?**

When You Can Build a Home of Your Own

If you realized how easy it is to BUILD your own home, you would waste precious little time arguing with landlords about excessive rentals. You would follow the example of hard-driven rent payers of former years who were wise enough to BUILD and are now comfortably situated in THEIR OWN HOME.

We invite you to call on us. Will be glad to help you with your plans.

J. W. COPELAND YARDS

WEST SALEM-PHONE 576 Yards in West Salem, Albany, Lents, Hubbard, Yamhill, Hillsboro, Eugene.

AHIN NON DIN 24'0'18'0' 20.010.0 Designed for American Face Brick As

House No. 718

MPLICITY is the keynote of this design which adapts itself to all colors and textures of brick. The builder can pick the particular kind of brick he likes best and be sure of an attractive home. With a good bond and mortar joint treatment, it will be a gem in any andscape.

Two shades of brick might be used, one for the field and the other for the trim. Thus the band course at the second story window sill, the quoins, arches and the like may be either slightly lighter or darker than the body of the wall, preferably darker.

The mass of the house follows the Colonial style, with all its advantages in floor plan arrangement, but the details conform more to the style of architecture being developed in the west and southwest.

This house turned endwise or broadside to the street, to fit your particular lot, will be equally attractive. Following the usual Co-lonial plan, the entrance hall has been centered, with the stairway ascending to a landing where one might expect the genial welcome of grandfather's clock.

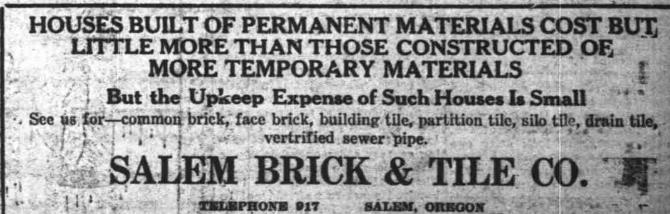

The living room on the left is unusually large with a fine fireplace on the opposite wall and French doors opening to the sun porch. The dining room on the right opens on a breakfast porch beyond, directly connecting with the kitchen pantry, and rear porch.

This arrangement would, if desired, permit the use of the breakfast porch as a play room for the children. A lavatory and coat closet are off the hall. Note the garage connected with the kitchen.

Of the four large bedrooms on the second floor, two are arranged for twin beds. A linen cabinet is found in the hall. If the two bath rooms shown are not needed one may be converted into a sewing room if so desired.

If the building site should happen to slope to either side, the garage could be placed upon either porch instead of where now shown. The attic space in this plan is used only for storage and is ventilated by dormers.

The basement is arranged for laundry, heater and fuel rooms, vegetable cellar, storage, and a fine light space for work-shop. The ceilings of both floors are 8 feet 6 inches in height and the content of the house is 40,000 cubic feet.
