

BEARCATS HUNGER FOR WHITMAN HIDE

Team Being Drilled on Present Plays for Annual Clash This Saturday

The Bearcats, putting their all into an effort to share in the game next Saturday between Willamette and Whitman, indulged in one of the stiffest scrimmages of the season last night. The scrimmage consisted in getting down after punts, line charging, tackling under punts, forward pass defense, and play against the scrubs using Whitman formations and plays.

The team is satisfied with the plays it has already and will not put forth effort to produce new plays especially for the benefit of Whitman. Instead, the plays with which the team is already familiar will be drilled on for the remainder of the week, and an endeavor will be made to get these plays down to such perfection that the maximum amount of good can be extracted from them.

While every member of the local team is hopped up for the game Saturday and is planning to put his last ounce into a victory, the Missionaries from Walla Walla are also realizing that they will have to play ball Saturday, and Coach Borleske is shaping his men with but one idea in view—that of repeating once more the endless chain of wins of Whitman over Willamette. Interest and fight will run high in the game, and fans are expecting the best battle they have seen on the home field in years.

Never before has Willamette had the chance she has this year to get Whitman, according to those on the campus, and the school is in a feverish excitement over the game. More spirit is being shown over the approaching battle than over any game in the last college generation, and members of the teams themselves are thinking of nothing but beating Whitman.

One thing is sure, Whitman is going to have the hardest battle to fight next Saturday that she has ever had with the Salem university. And although she is facing seven lettermen against Willamette compared to three on the Bearcat lineup, and although Willamette will start with a backfield combination made up completely of first year men, the odds on the campus and about town are now running in favor of Willamette.

PIRATES PICK EMBLEM

BASEBALL CHAMPIONS SELECT BUTTONS AND CHARMS

PITTSBURGH, Oct. 28.—(By Associated Press.)—The Pittsburgh Nationals, world's baseball champions, finally have decided upon the emblem they want to mark them as the title holders. It will be a Pirate's head, in the form of a lapel button or a watch charm. Since winning the highest honor in baseball, the Pirates until today were undecided as to this emblem. Some wanted a diamond ring, while others voted for watch charms and numerous other designs.

CLASSICS CLUB MEETS

PORTLAND GIRL TO HEAD GROUP FOR SEMESTER

The Classics club of Willamette university held its first meeting of the semester Tuesday at a luncheon served in the class room of Prof. W. E. Kirk, head of the classic languages department and advisor of the club. After a general business meeting the following officers were elected to serve until the end of the present semester: Ila Comstock of Portland, president; Liletta Leighton of La Grande, recording secretary; Miss Ella Pfeiffer of Walla Walla, corresponding secretary; Don Grant of Fairview, treasurer, and Mary Rette of Fossil, chairman of the program committee.

The club was organized last

spring for the purpose of stimulating interest in the study of classics at the university. A meeting is held once a month at which there is given a program prepared by the members based on some classical subject. Interest in the club is running high, and the members hope to further the development of the classical languages at Willamette university considerably by the interest they will instigate through their organization.

STANFORD VARSITY TEAM WORKS HARD

Palo Alto Eleven Preparing for Tough Battle With Oregon Gridders

STANFORD UNIVERSITY, Cal., Oct. 28.—(By Associated Press.)—Hard workouts preparatory to the game with the University of Oregon Saturday were finished by the Stanford varsity this afternoon.

Coach Warner has not announced the starting lineup, but many expect him to start the second eleven in order that the regulars may be spared injuries which might impair the Cards' chances against the University of Washington at Seattle the following week.

Captain Ernie Meyers, however, undoubtedly will be in the starting lineup, although the rest of the team probably will be substitutes. Fred Solomon is expected to start at quarter, since "Muss" Mitchell is still under the weather from the game with USC. The halfbacks will be Hyman and Hill or Murphy and Borue. All of these men are unusually fast and there is little difference in their ability.

FAMOUS COMEDY IS COMING HERE SOON

"Abie's Irish Rose," Declared Season's Greatest Hit, to Be at Heilig

"Abie's Irish Rose," the three-act comedy by Anne Nichols, an engagement of one day, matinee and evening, at the Heilig theater on November 5, Miss Nichols has woven a refreshing comedy around the racial characteristics of Hebrew and Hibernian, yet so good-natured and true that it is inoffensive. The story tells how Abie Levy secretly marries little Irish Rosemary Murphy and how his father-in-law, ignorant of the marriage, is delighted at the prospect of his marrying little Jewish Rosie—and not a "schisa." Many complications develop when Abie's father discovers that Rosemary is not Miss Murphy's daughter but the daughter of Pat Murphy. After a year of struggling—both of the newlyweds being disowned—they all get together on Christmas eve and there is a grand reunion and general forgiveness.

"Abie's Irish Rose" will be presented here by the same excellent cast of metropolitan players that recently concluded an engagement of 42 weeks with this wonder play at Los Angeles. Another company is now in its fourth year at the Republic theater, New York, while another ran over a year at the Studebaker theater, Chicago.

A large cast of carefully chosen New York actor artists assisted by a bevy of pretty bridesmaids, and an exact and heavy duplication of the New York scenic production is carried in a special 70-foot baggage car, assuring a noteworthy production of "Abie's Irish Rose."

FRUITFUL YMCA YEAR IS ANTICIPATED IN REPORT

(Continued from page 1.)

ing the swimming pool. Twelve boys' clubs and a Hi-Y club were conducted. There were 52 socials, concerts and moving picture programs with a total attendance of 4760.

HEILIG VAUDEVILLE BILL FULL OF SNAP

Offers Lively, Entertaining Program for Three Shows Tomorrow

Five brilliant, varied acts of Association vaudeville are billed for the Heilig theater program tomorrow afternoon and evening. The five acts come to Salem with the reputation of being one of the best arranged units on the circuit.

The opening skit on the program is "Room 515." This title may not mean much, but to the celebrated divorce lawyer who appears with Wanda Ludlow in her act it means a lot. It is a clever little one-act play with pink silk pajamas and a surprising finish.

"A Whirl of a Dance," with the artistic Pehnova troupe, portrays dances from far off lands and the offering is gifted and a treat to lovers of vaudeville.

Gallick and Claret, the "Roller Skaters Supreme," offer a variety of new feats, introducing a number of phenomenal stunts performed on rollers. Spins, twirls, balancing feats and various exhibitions of acrobatic are performed while these skaters are traveling at a rapid pace.

Harry Cody and Jack Trieg, the two "Special Delivery Males," furnish an act abounding in wonderful special songs.

"On the Boulevard" with a beautiful stage setting that has few equals for scenic artistry, is presented by Tony and George. They offer a snappy routing of comedy that creates roars of mirth. They are two of the very best comedians and acrobats on the stage today.

A charmingly pretty young girl assistant adds them in putting over their stuff.

Three shows will be given—a matinee and two evening performances.

LIONS BACK INCREASE

MORE MONEY FOR TEACHERS BELIEVED NEEDED

An adequate increase in the pay of teachers of the Salem public schools was advocated at a meeting of the board of directors of the Salem Lions club, held yesterday. The following motion was carried:

"That the board of directors recommend to the club that it go on record favoring an adequate increase in the pay of teachers of the Salem public schools, and that the president appoint a committee of three which shall confer with the committee of the teachers and like committees and devise ways and means for securing this rise; and further, that the Salem Lions club urge all other organizations to take an active part in securing this needed increase."

SEATTLE, Oct. 28.—(By Associated Press.)—Army and navy air service operations should be limited to certain activities to eliminate conflict between the two forces, General W. H. Johnston, retired commander of the Ninety-First Overseas division, declared here today at a luncheon in his honor at the chamber of commerce.

WOULD HALT CONFLICT

SEATTLE, Oct. 28.—(By Associated Press.)—Army and navy air service operations should be limited to certain activities to eliminate conflict between the two forces, General W. H. Johnston, retired commander of the Ninety-First Overseas division, declared here today at a luncheon in his honor at the chamber of commerce.

TAXATION IS BUSINESS

NEW HAMPSHIRE MAN TALKS TO ROTARY CLUB

George H. Duncan of New Hampshire addressed the Rotarians at their weekly luncheon on Wednesday, giving as his subject "Taxation as a Business." Following the idea he had expounded before the Kiwanians Tuesday, he declared that the rational method of taxation is that imposed on land.

A third of the selling price on most goods, he declared, is taxes. In his idea there is but one source of revenue, and that is individuals. He said that the productive value of land cannot be affected by taxation, but in his opinion a tax on land would mean a lower selling price on that land and more people would be able to work the land. The value of land, he said, is in keeping with the community.

SERVICE STATION GROUP ORGANIZES

Independent Owners of Salem Will Affiliate With Pacific Coast Body

Independent service station men of Salem met last night at the Chamber of Commerce rooms and formed a local organization that will be affiliated with the Independent Service Station Owners, Inc., of Oregon, which is a subsidiary of the Pacific Coast association.

The emblem of the association is a checkered flag and the aims and objects are to give better service and a guarantee to the motoring public that they will receive full weights and measures and no substitutes. The checkered flag represents the man who owns his own business and one who is a resident of the community.

COUNTY P-T WILL MEET

STAYTON CIRCLE TO BE HOST ON NOVEMBER 7

The regular fall session of the Marion county Parent-Teacher association will be held in Stayton Saturday, November 7, beginning at 10 o'clock, according to announcements being sent out by O. V. White of Stayton, president. The meeting will be held in the high school auditorium.

Units are urged to come with a full quota of delegates and well-filled baskets. Luncheon will be served in the domestic science rooms with the Stayton circle furnishing the warm dishes. Mrs. C. B. Simmons of the state committee, will speak during the afternoon while efforts are being made to have the band from the boys' training school present. The usual flag or another prize will be given for the best attendance record.

DEATH MYSTERY GROWS

BOY IN GIRLS' CLOTHING, FOUND HANGING IN ROOM

CHICAGO, Oct. 28.—(By Associated Press.)—Attired in feminine clothing with a woman's wig on his head, the body of Edwin T. Gardner, 28 years old, was found tonight hanging in the attic of the house in which he lived with his parents. Robert S. Gardner, his father, discovered his body upon arriving home. It was suspended from a rafter.

Young Gardner died of strangulation. His feet were hanging several inches above the floor, and his wrists were bound behind him in such a way the police said, as to preclude suicide.

The police said Gardner and his mother were alone in the house during the afternoon. He was incoherent when the police arrived.

The father could give no information as to a motive either for suicide or murder. His son, while studious, apparently was normal

MIDDLE WEST FREEZING

CHICAGO, Oct. 28.—(By the Associated Press.)—The middle west ran into Christmas weather today as a cold wave that broke October records for two or three decades moved rapidly eastward, but weather forecasts are for warmer weather for the end of the week, after continued cold tomorrow.

Chicago had a temperature of 19 degrees above zero this morning and Father Dearborn slipped, skidded and puffed to work over streets that resembled skating rinks.

The northwestern plains country reported temperatures below zero, with Rapid City, S. D., setting a record of 14 below. Iowa points reported mercury readings within a few points of zero, while in Nebraska, Illinois and other

ARMY OFFICERS GATHER TO TRY COL. MITCHELL

(Continued from page 1)

excuse him the strategy of the defense achieved its victory. The record of the army veteran, one of the most outstanding in point of service and merit as well as seniority of rank was attacked. He was described as an officer "who knew practically nothing about aviation," and was hostile to Colonel Mitchell.

The blow caused the general to declare his inability to sit as a member of a court in trial of an officer who has attacked him personally. "If the court had not seen fit to accept my request," he said later, "I would have adjourned the court and appealed to the president to be relieved from that duty."

The first court member to be unseated was Brigadier General Albert Bowley, commanding officer of Fort Bragg, N. C. Colonel Mitchell, through his counsel, charged General Bowley's right to serve and gave in support of his statement that the general was prejudiced, biased and hostile quotations from a speech he delivered at Greenville, N. C., several hours after his appointment to the court had been announced at Washington.

BEND IS ALLOWED WATER

TUMALO CREEK MAY BE USED FOR CITY SUPPLY

The city of Bend is entitled to water from Tumalo creek for municipal purposes, Attorney General Van Winkle has advised the state desert land board and is well within the act of the 1925 legislature.

The legislature provided that when Bend had acquired the right to appropriate water from the Deschutes river it could then appropriate not to exceed 11 second feet from the Tumalo creek.

Governor Pierce vetoed this act but the legislature passed it over his disapproval.

SEATTLE, OCT. 28.—(By Associated Press.)—Army and navy air service operations should be limited to certain activities to eliminate conflict between the two forces, General W. H. Johnston, retired commander of the Ninety-First Overseas division, declared here today at a luncheon in his honor at the chamber of commerce.
