MILTON SILLS FILM AT OREGON PLEASURES

The "Knockout" Proves Capable of Making Good Pictures

There is a lot of satisfaction and amusement for the motion picture admirers who have tired of the problem plays, psychological studies, and the like in "The Knockout," featuring Milton Sills, which opened at the Oregon theater last night and will remain through today for the afternoon and evening performances.

Action, thrills, romance and melodrama were all included in the formula for this picture, and Milton Sills as the doctor to administer it is just what the name implies—a knockout.

Briefly, "The Knockout" is the story of a prizefighter who goes to the lumber camps of Canada as a camp superintendent when his famous right arm is injured. He falls in love with the daughter of

Gain 5 Pounds in 30 Days—Good Healthy Flesh

Doctors and good pharmacists know that Cod Liver Oil is full of vitamins that make flesh, create appetite, build up the power to resist disease and put good solid flesh on skinny men and women.

But it's horrible tasting stuff and every day fewer people are taking it, for doctors are prescribing and people are fast learning that they can get better results with McCoy's Cod Liver Oil Compound Tablets, which J. C. Perry, Central Pharmacy, D. J. Fry, and druggists all over the country are having a tremendous demand for.

One woman gained 10 pounds in 22 days and if any skinny man or woman can't put on 5 pounds in 30 days, your druggist is authorized to refund the purchase price. Be sure and get McCoy's Oil Compound Tablets—60 tablets—60 cents.—Adv.

the crippled owner of a large timber tract. The fighter's employer is using him in an effort to put through a scheme whereby he will take away the timber holdings from the cripple. The prizefighter knows nothing of the plan but is scorned by the girl, who thinks that he has blown up a dam and jammed their logs, thus placing her and her father at the mercy of a scheming timber king.

Black Jack Duane, camp boss for the girl's father, attempts to kill the fighter with his bare hands. This encounter is one of the greatest screen fights in motion picture history. Then, to prove his innocence of any wrong, the hero returns to the ring he has renounced and fights a championship battle to secure money to save his sweetheart's father from financial ruin.

Lorna Duven plays the part of the crippled lumberman's daughter convincingly. Claude King, as the scheming lumber king, gives a polished performance.

MUSICAL COMEDY IS ON BLIGH PROGRAM

King's Revue and Pictures Are Now Being Presented at Local Theatre

Supplying the supremely active Richard Talmadge with new, original and amusing stories must be no sinecure of a job; but James Bell Smith, who has been responsible for nearly all of the vehicles of this famous star, has done it again! In "The Wall Street Whiz," which appears locally for its premiere presentation at the Bligh theater today, he has hit the comedy nail right on the head, and incidentally socked the dramatic spike in the same place. Plenty of melodrama and more laughs than could be supplied in a brain-fag asylum, decorate "The Whiz" from the first reel to the last; and Richard is certainly himself again. He runs the well known gamut of fights, thrills and high and lofly tumbling, adding some new ones at every jump.

On the same program is the "King's 1925 Revue," presenting a hilarious comedy drama, interspersed with dancing, pretty girls and singing, this is the King company's third season in this territory and they have a bigger and better show than ever.

ALPHA PSIS WIN ALBERT'S TROPHY

Scholarship Cup Presented Willamette Fraternity for This Semester

The Alpha Psi Delta fraternity of Willamette University will be awarded the inter-fraternity scholarship trophy cup, it was announced yesterday, following a compilation of points by Professor Peck of the university. The cup will probably be awarded early next week. The trophy is for work done in the spring semester of '24 and '25.

The scholarship trophy was instituted by Joseph H. Albert of Salem, and the cup goes to the fraternity ranking highest in class-work during the semester. When the cup is once awarded it remains in the possession of the fraternity for only one semester.

unless it is won back by them again. Retention of the trophy for six semesters makes it the property of the fraternity. This is the first time it has been awarded.

Eugene Delegation Seeks Release of University Professor's Spouse

A delegation of Eugene people appeared before Dr. R. E. Lee Steiner and Dr. L. F. Griffith of the Oregon state hospital for the insane Thursday and charged that Prof. J. E. Johnstone of the University of Oregon was too precocious in having his wife sent to the institution. Mrs. Johnstone was committed to the hospital on Tuesday. Dean Eric W. Allen of the school of journalism headed the delegation which included other members of the faculty and neighbors of the Johnstones.

In commenting on the matter, Dr. Steiner assured the delegation that "justice will be done as far as the hospital is concerned."

Mrs. Johnstone is under observation, and will be watched carefully to be sure that the right course is followed.

SMALL PONY "PICKED UP" LITTLE SHETLAND IS FOUND RUNNING LOOSE ON RT. 5

The following laconic report appeared on the police blotter last night: "Picked up—Shetland pony by Mr. McReynolds, route 5."

No details as to the color, sex or previous condition of servitude were available although it had been definitely established that the pony had been "picked up."

Furthermore, no report had been received at a late hour that the pony had been missed from its usual grazing grounds.

KING'S COMEDIANS CLOSE HERE TONIGHT

Musical Comedy Players End Engagement at the Bligh Theatre Today

King's 1925 Revue, which has been drawing big crowds at the Bligh theatre, will close their engagement tonight in the presentation of the big farce comedy bill.

"Because She Loved Him." This is said to be one of the best shows in the repertoire of the King's show which has played here many times during the past two years and has made itself popular with patrons of the Bligh theatre by giving clean, wholesome shows with plenty of good comedy, singing, dancing, specialties and vaudeville acts of high order.

Buddy Clark is conceded one of the cleverest comedians who has ever appeared in the local play

house, while Katherine Hall, a petite and versatile ingenue never fails to win her audiences. Karl Lanham, Clara Preston and Jean Clark, other members of the cast are performers of merit and do their part in putting over the show.

The Blue Ribbon chorus is composed of attractive show girls who not only sing and dance but step right out and do specialties.

Violet King is making her first tour with the King company and is deserving of the title she has won as the "girl with a million dollar smile."

Altogether the King company is giving one of the best shows ever presented at the local theater as the price charged for admission.

FELLOWSHIP MEET HELD BANQUET TO BE GIVEN AT JASON LEE TONIGHT

The subject of last night's Fellowship meeting at Jason Lee M. E. church was "The Naturalness of Christ's Way." Donald Watson, who had charge of the meeting, spoke of how Christianity compared with the other religions

of the world. Miss Leah Fanning presented the way in which the Apostles accepted Christ without question and in a natural way. In the concluding talk Herbert Jasper discussed the reason that Christ's way is natural for men today. The fact that the Christianity of today is not completely that of Christ was also stressed by him.

As a further means of fellowship there will be a supper tonight at 6:30 o'clock at the church. This will be carried out in the spirit of devotion somewhat after the manner of the Last Supper. All who are interested in the meetings are invited to be present. The subject for tomorrow night is "Jesus Called to Me," led by Robert Witly.

LISTEN! Is this reasonable or not? Salesmen make their living SELLING. If they can't sell they don't make a living. To sell an article it must be priced reasonably—or UNREASONABLY CHEAP. When a salesman sells something he gets his commission and can live. When he fails to sell, he gets nothing but expense.

We have a big stock of used cars of various makes which we must sell. We have been paying storage on them long enough. Our sales on new cars are handicapped because we can't make trade-ins to advantage on account of our overstock of used cars.

We Are Going To Sell Them All Within The Next Week!

HERE'S HOW—Each Salesman Will Set the Price! The Salesman, the man who comes into direct contact with the automobile buying public, knows what he can get out of a used car. The cars must be sold and they will be priced to sell. LIBERAL TERMS ARE AVAILABLE TO YOU. Below are a few specials:
