

SPECIAL TRAIN TO LEAVE FOR CHAMPIONSHIP CONTEST AT CORVALLIS

TITLE FOR VALLEY IS TODAY'S STAKE

Salem High School Students Hold Pep Tally Early Friday Afternoon

Resounding, deafening yells and lusty singing were the outstanding features of the pep assembly held Friday afternoon by the associated student body of Salem high school in the school's auditorium.

Tickets for the game are on sale at Anderson's and Hauser's sporting goods stores. Friday evening about 7:30, the students at the local high school turned out practically en masse and conducted a rally that had as its scope the entire town.

With nearly 200 students going on the special train, and a gigantic fleet of private cars, packed to capacity, making the trip, it is estimated that there will be close to 500 rooters in the Salem section at the game this afternoon.

NEW VAUDEVILLE IS AT THE BLIGH TODAY

Fast Steppers, Mirthful Singers and Entrancing Scenes Win Approval

In offering the Tanglefoot Steppers, Geo. B. Flint, the producer, considered the Ziegfeld of Chicago, has secured three dapper young dancers, The Scott Twins, Roy & Warren who assisted by Alice Frederick, execute a fast line of artistic dance interpretation including every type of tap and toe dancing.

Roy Dove & Girlie introduce 12 minutes of "Blythe Buffoonery, which will undoubtedly entertain all who witness the performance of this talented couple. Mr. Dove has appeared in all the representative Continental theatres of the world.

The Aloha Duo is a beautiful tropical setting offering in songs, music and native dancing. Playing native ukuleles and sweet steel guitars. Something very different from anything this theatre has ever played, using all standard snappy music.

Howard Swart sings and tells stories in a somewhat different manner from the ordinary run of single men. He also uses the banjo to good advantage.

Alfred Dunn, tenor robusto and cornetist, and Jean Campbell, late soloist with Kellie Band of Royal Scots Entertainers, in a repertoire of classical and popular music. Both members are most personable which added to their ability as musicians and vocalists, splendid costuming and class throughout, furnishes a most entertaining number that cannot help being the musical hit of the bill.

AILMENT PROVES FATAL

ALBANY, Ore., Nov. 20.—(By Associated Press).—Frederick N. Westrom, 22, of Everett, Wash., student at the University of Washington, died here today from an ailment resembling blood poisoning with which he was stricken Wednesday while he was en route home with three fellow students from Berkeley, Cal.

Just that rainbow glorious! ejaculated the honeymooning husband, as he and his bride gazed at the wonders of Niagara Falls. "Perfect," she enthused. "I must get a dress like it."—London Weekly.

FOOTBALL WHO'S WHO

Introducing FLOYD QUERY Guard

This senior came out for the squad the first time this year, but has shown a natural ability that quickly won him the rank of regular. His playing shows he has strength, both on offense and defense.

YESTERDAY'S RESULTS

At Portland: Washington high 33; Commerce high 13. At North Bend: North Bend high 14; Coquille high 10. At La Grande: Union high 6; La Grande high 3. At Baker: Baker high 29; North Powder high 0. College of Idaho 27; Idaho Tech 0.

MISSING SHIP IS FOUND

STEAMER REPORTED SUNK. AFLOAT BUT DISABLED

HAVANA, Nov. 20.—(By the Associated Press.)—The Haitian steamer Ville des Cayes, reported sunk in the Caribbean sea, was found 17 miles east of Pilon bay by the American steamer Brazos yesterday and taken to Pilon. The passengers and crew were suffering from lack of water and food, but no casualties have been reported. The engines of the vessel were disabled.

Pilon bay is about 75 miles west of Santiago de Cuba. The Ville des Cayes left Aux Cayes, Haiti last Saturday with about 200 laborers bound for Cuba to work in sugar mills. Two seamen of the steamer and the chief engineer had been picked up by the English steamer Wanderer and taken to Aux Cayes from which point the engineer sent a message to the agents of the ship in Santiago that the Ville des Cayes had been sunk. Seaplanes and destroyers from the American naval base in Guantanamo bay then joined in the search for possible survivors. They were notified today, however, that the Ville des Cayes had been found.

CORVALLIS READY FOR SALEM HIGH

Offensive Changed to Meet Contending Eleven for Valley Championship

CORVALLIS, Nov. 20.—(Special to The Statesman.)—Coach Bleamaster is leaving no stone unturned to win the valley football championship today, when the strong Salem high school steppers line up for the kick off. Corvallis will present a greatly changed offensive, due to lack of power in this department in past games this season.

Corvallis linemen will average approximately 175 pounds including the ends, as follows, Barchard, 175, Eklund 155, ends; Dungan 185, Parmenter 185, tackles; Keyes, 175, Holmes 165, guards; Avrit center 175.

Backfield men will weigh in as follows, Miller fullback, 178, Sausen, 190, Winkley 155, Gault 150, Dalton 155, and Taylor 165. Taylor and Dalton are not in good shape and are not expected to start.

In Henry Dungan, Corvallis high has an exceptional punter and place kicker, and on a fairly dry field, is expected to get off some 60 yard kicks. Gault, quarterback, is the fastest man in the valley in an open field, and is expected to run back Drager's long kicks consistently.

Business men and the entire student body at the high school are all hopped up over the game, and while admitting a hard fought close game, there is plenty of Corvallis money available. Bleamaster is a foxy old coach, and will have some surprises ready. He has been driving the men hard all week, and the team has showed fire and determination in practice.

Corvallis fans feel that Salem and other valley teams should help get some of the Portland teams out of their lairs, and bolster up Valley football. The Gazette-Times will, early next week, announce an All-Star valley football team, in an effort to rouse interest in the fine coaches and football teams in Salem, Eugene, Albany and Corvallis.

WILLAMETTE SQUAD READY FOR PACIFIC

Ancient Rivals to Meet on Sweetland Field at 2 O'Clock Today

The Bearcats are resting for their game with Pacific university this afternoon at 2 o'clock on Sweetland field, having undergone a week of strenuous practice. Last night a fast signal practice was called by Coach Rathbun. The field appeared in good shape last night.

Kicking is likely to be the feature of the game for Willamette, as several good kickers have showed up this week. Stolzheise is accurate at place kicking, and last night Riedell made one drop kick for 48 yards. Schweining will start the punting, but Herrman and Winslow can also be counted on to use their toes if necessary.

On paper Pacific should take the game. They have beaten College of Puget Sound, 25-6, which won from Willamette 7-5. Linfield, which bowed Willamette, was beaten by Pacific 6-0. In the four years the two schools have been in the Northwest conference, Pacific has not failed to beat Willamette.

Pacific is bringing three men who are playing their fourth year on the team. These are Rannow, captain and tackle; McCoy, end; and L. Emerson, full. M. Emerson, quarter, the man around which the team is built, is playing his third year.

Willamette is in good condition. McMullen, full, is out of the game with a wrenched leg muscle. The line up to start for Willamette will be Houston at center, Woodworth and Mort at guards, Stolzheise and Rhodes at tackles, Stolbertson and Mumford at ends, Riedell at quarter, C. Zeller at full and Fasnacht and Schweining at halves. Schweining will call the signals. Thurston Zeller has been showing well in the backfield this week, and it is expected he will have his chance to mix in the fray. Herrman and Winslow will be held in reserve at ends.

"When a man claims dar ain't no sentiment in business," said Uncle Eben, "he don't take into account de deep affection of de human race for money."—Washington Star.

ZONING GROUP IS TO FUNCTION SOON

Organization Completed; to Consider Restrictions for Residential Area

At a meeting of the new zoning commission recently appointed by Mayor J. B. Giesy, Harry N. Crain was elected president; William Hamilton vice president; and Chris Kowitz acting secretary. The matter of whether or not the permanent secretary will also be the expert employed on city planning and zoning will be decided upon at a later meeting.

The first business the commission is planning is that of zoning the city so that certain residential sections will be assured that they will not be invaded with commercial enterprises.

Rules and methods will not be formulated until the commission has had time to become familiar with the nature of its duties. It was voted to invite the city engineer and members of the Portland zoning commission to be present at the next meeting of the Salem board.

The terms of office were drawn by lot as follows: One year term, C. B. McCullough; two year term, William Bell and Harry N. Crain; three year terms, Miss Cornelia Marvin and Cuyler Van Patten; four year terms, George Grabenhorst and William Hamilton.

TAXES ARE COLLECTED

Only \$124,504.37 remain to be collected in taxes for Marion county out of \$1,817,705.14, according to a turnover just completed by Deputies Frank Wrightman and Sam Butler in charge of the tax collection department of the sheriff's office. Last year at this time there still remained \$142,000 left to be collected, in spite of the fact that the taxes were nearly \$200,000 less last year than this year.

Besides this, 1800 more receipts have been written this year than last. The present force since January 1 of this year have taken in \$2354.50 taxes for 1921, \$5648.50 for 1922 and \$73,747.85 for 1923. The large amount of the last named year is nearly evenly divided between real and city property delinquencies.

Lillian Jeffreys Petri and Paul Petri Appear in Outstanding Concert Last Night

American Association of University Women Sponsor Appearance of Music Instructors at First Presbyterian Church

By AUDRED BUNCH

It was no credit to a town which professes itself music-loving that only a moderate-sized audience was present for the superb program given by Lillian Jeffreys Petri, accomplished pianist, and Prof. Paul Petri, dramatic tenor, last night at the First Presbyterian church under the auspices of the American Association of University Women. Such a program as was given by these popular artist-instructors of the Oregon Agricultural college, where Professor Petri is director of the school of music and Mrs. Petri, head of the piano department, deserved a house packed to the doors. However, the audience present was imbued with an appreciative spirit that turned the concert, at its close, into a reception happily informal.

Mrs. Petri opened the program with the hauntingly melodious "Impromptu" of Schubert from which she derived peerless tones. Professor Petri followed with a group of three foreign numbers, all dealing with love in varying languages,—but transmitted to the audience through the unifying channel of the eminently dramatic voice.

Two contrasting Chopin numbers, a murmurous "Berceuse" and the intriguing "Etude," played only on the black keys, comprised Mrs. Petri's second group.

Mr. Petri made two substitutions at his second appearance, including Schubert's incomparable cry, "Who is Sylvia?" Mrs. Petri, as the pianist, treated her audience to a group of excessively modern compositions with "Amiable Conversation" proving itself as positively odd as can be imagined. Mr. Petri's rendition of the dramatic "Eri Koenig" was as notable a performance as Salem people have heard in many a day. Mrs. Petri, before this number, as well as before others calling for elucidation, reviewed the substance of

the drama before the song was sung.

Mr. Petri closed the program with a group of solos, unsurpassed for their dramatic power, and each sung, one after the other with the unsurpassed attack of the truly dramatic tenor.

Each artist gave a particularly well-chosen encore. Mrs. Petri playing MacDowell's lyric "To a Water Lily," and Mr. Petri counteracting the gruesome "Edward" with the rollicking refrain, "In Aleala."

LIVING COST INCREASES SLIGHT RAISE IS SHOWN IN COMPARISON OF MONTHS

NEW YORK, Nov. 20.—(By Associated Press.)—The monthly cost of living index number of the National Industrial Conference was 0.9 per cent higher on October 15, 1925 than for September 15, 1925. Clothing, shelter, light and sundries showed no change, while the average prices of other items showed increases. The in-

crease in the cost of living rose 69.7 per cent since 1914, the report showed. Between July, 1920, when the peak of the rise in living cost was reached and October, 1925, the cost of living dropped 11 per cent.

"What have you got there?" "A parachute for my wife." "What's the big idea?" "Well, she goes up in the air so much I think it will enable her to come down more easily."—Cincinnati Enquirer.

Winter's Rainbow for Coughs and Colds. Foley's Honey and Tar. Quick Relief For Old and Young.

DISTURBANCE IN A LOCAL THEATRE. The patrons of a local show house were very much disturbed and annoyed by the continuous coughing of a person in the audience. Don't be a nuisance because you have a cough or cold. A few doses of Foley's Honey and Tar Compound taken promptly will bring speedy relief. Mrs. W. T. Clark, White Plains, Va., writes: "We here used Foley's Honey and Tar Compound for colds and had coughs with splendid results."

ASSOCIATED GASOLINE MORE MILES TO THE GALLON. CLEAN. Indeed yes, cleanness in gasoline has everything to do with the value or miles you get in exchange for your motor-fuel money. Why? Consider these facts. The gasoline cleanness that really insures "more miles to the gallon" is unseen. You feel it in your motor. For it results in instant ignition at the spark, and complete "burning" or explosion, with no wasted or unconsumed fuel. Your engine gets every ounce of power contained in each "charge". Associated Gasoline is distilled by methods that provide a scientifically correct range or "chain" of boiling points, gradually rising from the lower or more "volatile" parts on up through the heavier or power-yielding parts. Associated is thorough-bred, unmixed, honest, dependable. It does a clean, thorough job in a snappy, business-like manner. Use Associated. Get "more miles to the gallon" through sustained quality.
