## THE DEATHLESS SPIRIT

Never the spirit was born; the spirit shall cease to be never;

Never was time it was not; End and Beginning are dreams;

Birthing and deathless and changeless remaineth the spirit forever;

Death hath not touched it at all, dead though the house of it seems

—Sir Edward Arnold.

## BACKWARD CHILDREN

## SEEING IS KNOWING

School days are here, days of hard study in class-room and at home. And "Home Work" is hard work for youthful eyes, particularly when they need the help of glasses. The child who learns easily is the child who sees clearly. So careful parents make sure of the keen vision of their boy or girl by bringing them to us periodically for examination.

If glasses are needed, we will supply the finest available.

### Morris Optical Co.

303 Oregon Bldg. Salem, Oregon

## CONSULT ME NOW

Skill and experience are needed to fit glasses right. Precision and good judgment are required to make them as they should be made. I have my services to offer you which are over one-third of a century of practical experience.

I do not only fit your eyes, but I design glasses that are comfortable and good looking and give you every advantage that science and skill can give you. I shall be pleased to see you and wait on you.

Poor eye sight is the cause of backwardness in many children. A safe plan is to allow me an examination and I will advise you correctly. If glasses are not required, I will positively not try to put glasses on your or on your children.

If your glasses are not entirely satisfactory in every respect, I will change them free of charge for one year.

There is no experimenting on any one's eyes in my office, I do all the work myself and guarantee satisfaction in every respect. I do not belong to any combine, therefore my prices are very reasonable. Telephone for appointment, Phone 723.
