

LOCAL MAN KNEW AUTHOR OF PLAY

Maxwell Anderson, of "What Price Glory" Classmate of J. B. Giesy

Maxwell Anderson, author of "What Price Glory?" the play to be presented in Salem Wednesday night, was a classmate of J. B. Crary, secretary of the boys' department at the Salem YMCA, at the University of North Dakota, it was learned Monday.

Mr. Crary declares that Anderson was excellent in his studies, making the Phi Beta Kappa honorary fraternity. However, Anderson did not appear to be other than an ordinary person, and was voted out of Crary's fraternity by a small margin. Consequently, he organized his own fraternity which since has become an organ of the Sigma Nu national fraternity, and has one of the best standings at the university.

Mr. Anderson was working on the New York World when he wrote "What Price Glory?" Not being satisfied with the details of his play, he solicited the collaboration of Laurence Stallings, who had been "over there." Mr. Stallings' suggestions were so valuable that Mr. Anderson suggested he go in with him and that they produce the play under both names. Mr. Crary says he has received word that the play is taking very well in New York, where it has been running for six months, and that critics predict it will have a longer run than any other play on the American stage.

How Skinny Kids Gain Needed Weight

Weak, undernourished, underweight boys and girls who are peevish, fretful and sickly need McCoy's Cod Liver Oil Compound Tablets.

Cod Liver Oil would do just as well, but what parent would be so cruel as to give them the horrible nasty tasting, ill smelling stuff, when sugar coated cod liver oil tablets made by McCoy's Laboratories of New York are as easy to take as candy and won't upset their delicate stomachs.

There's more vitamins of the first class in cod liver oil than in anything else and for that reason thin, scraggly children commence to live up and take on good healthy flesh after McCoy's Cod Liver Oil Compound Tablets have been taken for just a few days.

Be sure and ask J. C. Perry, Central Pharmacy, D. J. Fry or any druggist for McCoy's, the original and genuine Cod Liver Oil Tablet. If you want your delicate children to become strong, robust and active.

For grown-ups they are just as wonderful—one woman gained 15 pounds in five weeks. 60 tablets 60 cents and if they don't put 5 pounds of good firm flesh on any thin man or woman in 30 days, your druggist is authorized to hand you back the money you paid for them.—Adv.

of playing soccer. They have been unable to do so before as the field was in use by the football squad. Miss Gabriel, women's physical instructor at the university, is endeavoring to start soccer as an interclass rivalry event among the women.

RHEUMATISM

Cannot Exist in the Human Body if You Will Use Trunk's Prescription

It is preposterous: in fact, it is a shame to suffer with Rheumatism. This Prescription does not ruin the stomach, it does not depress the heart. Eat all the meat and good food you wish while taking Trunk's Prescription. Contains no mercury, salicylate soda, oil wintergreen or narcotics, but positively overcomes any kind of rheumatism or joint earth. What more do you want? It is impossible to get something better. The greatest uric acid solvent known and also a superior liver medicine.

Trunk's Prescription sells for \$1.75 or \$3 for only \$5.00 at Perry's Drug Store, 115 So. Commercial St.—Adv.

the county Monday. Mrs. Nye having sued for \$2,000 damages alleged to have occurred when she and her husband crashed into the rail of a bridge near Amity, seriously injuring her. She declared that the bridge was faulty. The case was tried before Judge McMahan, upon demand of a change of venue.

Work Is Futile—
D. J. McLellan, engineer working in an effort to save the Tu-

malo project reservoir, has reported to State Engineer Luper that it is practically useless to try to save the reservoir, which was begun in 1913. A new leak has been sprung of 350 second feet, according to McLellan. He declares, however, that the failure of the reservoir is not interfering with the project's development, as water is being taken from the Crescent lake storage, secured immediately after the failure of the reservoir.
