

PRE-HOLIDAY and DISPOSAL SALE

STARTS FRIDAY, NOV. 27, 9 A. M.
Our entire stock of high grade Men's Clothing,
Furnishing Goods, etc.

FREE Merchandise Certificates Given Away

The first 50 persons entering our store on Friday or Saturday, opening days of our sale, will receive a certificate absolutely free. These certificates are worth from 10c to \$5.00 and good for that amount in trade in our store on any purchase you make up to the value of the certificate. Come in and see how lucky you are.

REMEMBER

This is a step into the realms of better merchandising with a radical reduction on everything in this store (except contract goods)

FUNERALS

Wells
Funeral services for the late William B. Wells were held yesterday from the Webb funeral parlors. Rev. N. K. Tully officiated. The remains will be cremated.

HOPE SEES A STAR
Life is a narrow vale between the cold and barren peaks of two eternities. We strive in vain to look beyond the heights. We cry aloud and the only answer is the echo of our wailing cry. From the voiceless lips of the unreplying dead there comes no word; but in the night of death hope sees a star and listening love can hear the rustle of a wing.

Successful Farming Requires Modern Methods

The greatest success in business or agriculture is made by the individual who leads the way and produces a better product or service than the rank and file of his competitors.

In its desire to help-make the Willamette Valley the garden spot of the United States, the First National Bank employs an expert agriculturist to study soil and crop conditions in conjunction with practical farmers.

There is a large amount of good land in this valley which is lying idle but which could be made to bring good returns as the result of irrigation. On such land peppermint can be made a most valuable crop. A vast acreage of worn out land could be made productive with lime, which when sown to sweet clover, a new crop for this state, will produce the best of green feeds and build up the soil in a wonderful manner. A lot of our sandy river bottom land should be producing alfalfa.

Let our agriculturist, Mr. Doerfler, help you make a selection of soil most suitable to any one of the above valuable crops. Proper diversification and rotation of crops makes farming an enjoyable business and removes the element of chance which has heretofore made the farmer's income more or less uncertain.
