WASHINGTON, Dec. 4.—(By Associated Press.)—The letter of Clinton N. Howard, chairman of the United Commission for Prohibition enforcement which appealed to Pope Pius XI for moral support of "civil authority" in the United States brought a sharp rejoinder tonight from the Rev. John J. Burke, general secretary of the National Catholic Welfare conference.
The conference comprises all of the Catholic bishops in the United States. "Love of America and its fundamental institutions did not direct the hand that wrote this letter," said Father Burke's statement. "The impudence of demanding that the Holy Father personally interfere in the domestic political affairs of our country will be patent to every one.
"Prohibition is a political question; was born of politics and today is the most critical political question in America. Mr. Howard sought to discredit President Coolidge and failed. His present effort to discredit the Catholic church of the United States is equally futile."
Describing Mr. Howard's communication which said it had been "authorized and approved" by the committee as being "like the action of the Pharisees attempting by their questions to ensnare Christ in his speech," Father Burke declared:
"Whatever belongs to America, the Holy Father will leave to America. To the bishops of the country he has entrusted the welfare of

British Women Take to Fencing to Keep in Trim
LONDON—American women opposed to excess flesh and in search of means to retain an attractive figure might follow the example of those English women who believe fencing keeps them graceful and slender as well as healthy.
The Professional Women's physical culture club, just organized here, made fencing one of the principal exercises. The idea is not to develop the Amazonian type of woman, with bulging muscles and large wrists and ankles, but to ensure the health and figure of women who have to remain most of the day in a sitting position.
Happiness is peculiar in this! The more you give away, the more you have left.
