tee with infringing on the authority of his group.
Mr. Butler led the fight against the appropriations for new aircraft on the ground that the expenditure has not been authorized by his committee which under house rules, has original jurisdiction in such matters.
The chairman sustained him on points of order against provisions in the bill to appropriate \$4,962,000 for new naval construction and procurement of aircraft and equipment, and to authorize the secretary of the navy to make contracts up to \$4,100,000 for other new equipment.
Representative French, republican, Idaho, who headed the appropriations naval subcommittee opposed Mr. Butler's contentions, holding that authority for the expenditures had been authorized under previous laws, but was overruled in his position by Representative Lehibach, republican, New Jersey, presiding.
Mr. Lehibach, however, sustained Mr. French on the \$300,000 item, ruling that authority existed for the appropriation and rejecting Mr. Butler's point of order against the proposal. The house, by a vote of 95 to 66, sustained this ruling when Mr. Butler

PORTLAND FOREIGN EXPORTS GROWING
Total for 1925 is 828,520 Tons, Lumber Largest Item, Wheat Next

PORTLAND, Ore., Jan. 23.—The record of foreign shipments cleared from Portland, compiled by the traffic department of the port of Portland, has been completed, is ready for the press, and will be available for distribution shortly.

Total exports from Portland for the year 1925 amounted to 828,520 tons. Lumber exports for the year accounted for 446,268 tons of this; wheat for 217,568 tons and flour for 66,955 tons. All of these figures are slightly less than for the previous year.

However, during the year shipments of many commodities showed excellent increases. A small increase of 467 tons of apples was shown, and what was particularly noticeable was the increase in the number of countries receiving apples. During 1924 shipments were made to the United Kingdom, Germany and Holland; while for 1925 shipments were made to these same countries, and to Norway, Denmark, Sweden and Finland besides.

Autos and supplies practically doubled the previous year showing with 825 tons. Most of this was shipped to China with smaller shipments to Japan, Philippine Islands and Peru.

Shipments of canned goods showed an excellent increase during the year 1925, the figures for 1924 being 8,719 tons and for 1925, 9,959. The United Kingdom is the big market for canned goods from Oregon, and showed an increase of from 8,719 tons in 1924 to 11,919 tons in 1925.

Another item that showed an increase of more than 100 per cent was doors with 3,278 tons in 1924 and 7,216 tons in 1925. Here new markets were opened and the shipments to the United Kingdom were greater than for the previous year.

Shipments of chemicals during the year amounted to 1392 tons, most of which consisted of acetate of lime which was sent to Japan.

One item which is well worth mention is paper. During the year 1924 shipments of paper amounted to 3,233 tons and included in these figures were old paper. During the year 1925 paper shipments amounted to 6,345 tons in addition to which there were 2,652 tons of old paper. Shipments to the Philippines were much heavier than for the previous year, and large shipments were made to Japan and China.

Other items which showed ex-

LIONS ATTENDANCE TEST IS EXPLAINED
Ronald Jones, C. E. Wilson and J. C. Crary Talk at Club Luncheon

Ronald Jones, manager of the Lahish Meadows Celery union; C. E. Wilson, secretary of the Salem chamber of commerce, and J. C. Crary, boys' secretary of the local YMCA, were speakers at the regular meeting of the Lions club at the Marion hotel yesterday.

Each gave a brief talk on "the Spirit of Florida in Oregon." Jones stated that Oregon needed capital to develop the agriculture resources of this state. Secretary Wilson said, "Let them come," and Crary spent much time telling his story, with little time to treat his subject.

District Governor Frank Neer explained the international membership and attendance contest which is to start next month. President Ross Miles appointed Lion Oling chairman of this contest committee.

Announcement was made of plans for the Salem den to attend the banquet given in Portland for Ben Jones, president of the Lions international, who will be in that city February 9. Many of the Salem Lions are expected to attend.

CELEBRATION INCREASED
and shooks, with 571 tons in 1924 and 1,722 tons in 1925. Shipments of staves to Venezuela alone were considerably more than total exports during the year 1924. Additional shipments were made to the Philippine Islands, Mexico, Australia, China and Egypt.

In regard to exports to countries shipments to China, Japan and United Kingdom were less than for the previous year due to the decrease in the three major commodities, but our trade with a number of other countries was much greater than previous years. Shipments to France for instance during 1924 amounted to 1,025 tons and in 1925 had risen to 6,638 tons; shipments to Germany in 1924 amounted to 6,762 tons and in 1925 were 20,234 tons; to Belgium in 1924 amounted to 21,164 and in 1925 were 25,128 tons; to Norway were 1,146 tons in 1924 and 6,276 tons in 1925.

This will give an idea of the increases which have occurred due to the increase in general cargo and also to the greater lumber shipments to these three markets.

FIVE OF SIX MEN SHE MARRIED DIED; SHE ADMITS GIVING SIXTH POISON

LIBSON, Ohio, Jan. 22.—(By Central Press.)—"I don't know why I did it."
Such is the moanful wail of Mrs. Laura Christy who faces trial for the death of her sixth husband, Rev. William E. Christy, fifty-six years of age.
She is said to have admitted giving her pastor husband poison. Four of the five husbands Mrs. Christy possessed before her marriage to the pastor died.
Her first husband was Jesse Sears, with whom she lived a few years at East Liverpool, this county. He dropped dead.
Then she lived with Jake Barnhart for four years at Hannibal, Ohio, and Slaterville, W. Va. He died in an asylum. After his death she married George Holt and lived at Bellaire, Ohio. Holt died after an illness of four weeks.
Then she married Fred Harmon, a cousin of Athens, N. Y. She says that she knows not where he is.
Then she married John Ebberts and they lived in New Cumberland, W. Va., for four years before he died after a brief illness.
She states she met Rev. Christy at Beaver Falls, Pa., last month, Dec. 23, and was married to him the following day. He died two weeks later.
Mrs. Christy's defense is that she "was always considered the black sheep of the family and never had a chance."
