

JOHN B. LOONEY FUNERAL MONDAY

Born November 26, 1836, Jefferson Veteran of Pioneers Passes

JEFFERSON, Jan. 23.—John B. Looney died Saturday morning at the Mill City Hospital after a little over a week's illness. Mr. Looney became ill a week ago last Thursday and was taken from his home to the hospital by Dr. W. W. Allen.

Mr. Looney was born in Illinois on November 26, 1836, his parents being Jesse and Ruby (Bond) Looney the former of Tennessee and the latter of Alabama. The father was a farmer and came to Oregon in 1843 by ox team, locating about three miles south of Salem.

When a lad of seven years John B. Looney came to Oregon with his parents and was here reared to manhood, while the common schools of Salem and the grammar school of Eugene afforded him his early educational privileges.

Subsequently he attended Willamette University but after finishing his course in that institution returned home and took up the study of law in the office of Judge Powell at Albany. Not finding this indoor occupation to his liking and having heard much of the rich gold mines of eastern Oregon and Idaho, he started after a single year's study for the gold fields.

Here he made his home for many years until 1899 he has been living retired in Jefferson, although he still owned the three hundred and forty-five acre farm. Mr. Looney had been twice married. His first union, in 1862, was to Miss Jane Cox, a daughter of Mr. and Mrs. Anderson Cox, of Linn county. To them

one child, was born, a son, who died in 1869. Mrs. Looney passed away in August, 1897. He was again married on the 3rd of June, 1869, his second union with Miss Rachel Frances Mallory, whose birth occurred in New York state and was the daughter of Augustus and Mary Jane (Burrows) Mallory, who came to Oregon in February, 1863.

They settled in Marion county but after the marriage of their daughter removed to eastern Oregon for a short time. Subsequently after the mother's death, however, Mr. Mallory returned to Marion county, where he lived until his death.

Mr. and Mrs. John B. Looney became the parents of four children; Jesse A. who is the wife of Willard N. Jones of Portland; Victor A. who is engaged in fruit raising in Linn county; Walter W. who is a doctor in Salem; and Mildred M. who became the wife of Dr. W. W. Allen of Mill City.

Mrs. Looney died in the latter part of December three years ago. Politically Mr. Looney was a republican and has always cast his vote for the nominees of that party. He has taken an active interest in local elections and has been called to fill several county offices, among them being that of county commissioner. He also served for eight years as state senator after his first election in 1885.

His political career was terminated several years ago when he had the misfortune to lose his hearing, but he has always been deeply interested in the cause of his party and done much to further its success in his section of the county.

He held membership in the blue lodge of Masons of Jefferson. Mrs. Looney was a member of the Methodist church of Jefferson. His influence has always been found on the side of material, intellectual and moral development and his work has been an element in the county's advancement.

At the time of his death Mr. Looney was very active for a person of his mature age. He is a great loss to the community and will be remembered by everyone. Funeral Monday afternoon at 1:30 o'clock from the residence in Jefferson. Interment in Albany cemetery.

INVEST CAREFULLY WIDOWS ADVISED

Women's Benefit Association Head Cautions on Use of Insurance

PORT HURON, Mich., Jan. 23.—The need for special care in investing insurance money was urged today in a statement by Miss Bina M. West, supreme commander of the Woman's Benefit Association.

Miss West's statement particularly warned the members of her order against unwise investments, pointing out that in some cases death benefits paid by this association as received, by investments had been dissipated almost in fraudulent schemes.

"There is a type of person," Miss West said, "who reads the obituary notices in the paper, hoping to find there a 'lead' for the existence of insurance money which they can get by unfair means. To combat such a swindler we urge our members to advise beneficiaries of fellow members to consult their local bankers before investing in any project.

"It is particularly painful to us," Miss West added, "to learn that fraternal benefits, which are paid from funds we have been accumulating for years and guarded with the utmost care, have been paid to the family of a member only to be lost. If the beneficiary, forethought and care is represented by the investment of the money represented by their benefit check, they would surely realize that they must take equal care with the money that has thus been accumulated for them out of insurance payments of only a few dollars a month.

"Officers of our local reviews throughout the country have particularly been asked to advise and counsel beneficiaries of their fellow members, to be careful with the investment of their insurance benefits. This, to my mind, is another justification of the idea of fraternal insurance, that after death our members leave to their loved ones even more than money—the thoughtful help and sympathy of their fellow members."

NATIONAL CONTEST TO BE ANNOUNCED

High School Students of Nation to Take Part in Oratorical Contest

WASHINGTON, Jan. 23.—(By Associated Press.)—Plans for the third national oratorical contest and the first international competition of this kind in which high school pupils will compete with 10-minute orations on national subjects, were announced tonight by Randolph Leigh, director.

A summer tour of Europe will be the prize for the seven American finalists who will be determined by a series of elimination contests beginning April 2 within each high school.

PLANE USE IS SOUGHT

GOVERNMENT MAY USE AIR-CRAFT IN WEATHER WORK

WASHINGTON, Jan. 23.—(By Associated Press.)—Wider use of the airplane for weather bureau activities and curtailment of the activities of a number of ground stations is contemplated by the United States weather bureau. Plans of the bureau were outlined in hearings before the house agriculture appropriations sub-

committee which were made public with the report to the house today of the annual agriculture supply bill. Charles F. Martin, chief of the bureau in testimony before the committee said he believed the report of the president's air board furnished a "basis for constructive legislation" in the development of an aerological service to meet all needs. Oregon completed 150 miles of federal-aid road during 1925.

The prime object of this year's contest, which is sponsored by 28 newspapers, was announced as an increased effort in and respect for principles of government. The international contest in which the United States, France, England, Germany and Mexico have decided to enter competitors will be conducted with a series of independently organized contests, the winners of which will come together in a number of meetings during the summer and autumn.

The contests are open to any pupil under 19 on February 1 who is attending any public, private or parochial high school. They will close with the winners in each country appearing here on October 15.

Secretary Hoover makes the point that the government's widespread business activities have been brought about largely by business itself, through its desire "to regulate the other fellow."

DR. W. E. CALDWELL AT THE AGE OF 83

Constipation! How to Keep Bowels Regular

To Dr. W. E. Caldwell, of Monticello, Ill., a practicing physician for 47 years, it seemed cruel that so many constipated men, women, children, and particularly old folks, had to be kept constantly "stirred up" and half sick by taking cathartic pills, tablets, salts, calomel and nasty oils. While he knew that constipation was the cause of nearly all headaches, biliousness, indigestion and stomach misery, he did not believe that a sickening "purgative" or "physic" was necessary. In Dr. Caldwell's Syrup Pepsin he discovered a laxative which helps to establish natural bowel "regularity" even for those chronically constipated. Dr. Caldwell's

Syrup Pepsin not only causes a gentle, easy bowel movement but, best of all, it never gripes, sickens, or upsets the system. Besides, it is absolutely harmless, and so pleasant that even a cross, feverish, bilious, sick child gladly takes it. Buy a large 60-cent bottle at any store that sells medicine and just see for yourself.

CHAMBER ANNUAL MEETING IS SET

Industrial and Agricultural Development Note of State Conference

PORTLAND, Ore., Jan. 23.—(Special) Industrial and agricultural development for Oregon will be the keynote of the annual meeting of the Oregon State Chamber of Commerce, to be held in Portland January 28.

Business leaders of the state will present various phases of an industrial program designed to utilize the resources of Oregon hand in hand with the present agricultural development. Led by experts in industrial promotion, a general discussion will analyze what the respective communities of Oregon ought to do to increase their industrial payrolls.

"Land Settlement Work in Oregon" will be the theme of an address to be given by Whitney L. Boise. Discussion of this topic will include a statement of what has been done in land settlement in the past two years, and what should be done by the various districts of the state to more fully profit from the strong movement setting in among the farmers to secure western farm lands.

"Marketing Agricultural Products" will be presented by E. E. Paville, whose address will also be supplemented by discussion of results already accomplished and improved work needed to get larger results for Oregon producers in the future.

Other topics of the annual convention will be: "Oregon's District Irrigation and Drainage Problems," and "Oregon's Federal Land Reclamation Program."

Pendleton — Sunnyside tomato growers shipped 11 carloads of tomatoes during 1925.

AMERICAN LEGION AIDS EX-SOLDIERS

Commander Vic MacKenzie States \$16,000,000 Put in Empty Pockets

More than \$16,000,000 placed into the empty pockets of disabled War Veterans—this is the result during the past year of the liberalization of legislation affecting the disabled men brought about largely through the activities of The American Legion, according to Vic MacKenzie, commander of Salem post of the Legion here. An average of about \$100 was received by each of the 40,000 veterans or families of deceased ex-service men benefited, Commander MacKenzie stated.

The liberalization of the laws governing paying of compensation to the disabled and dependents of the dead came about through the passage of the World War Veterans' Act, with the amendments of March 4, which was fathered by

CORNS

Lift Off—No Pain!

Doesn't hurt one bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers.

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the foot calluses, without soreness or irritation. Adv.

STOMACH "QUEER" GAS, INDIGESTION

Chew a few Pleasant Tablets. Instant Stomach Relief!

If you feel full, sick or uncomfortable after eating, here is harmless stomach relief. "Pape's Diapepsin" settles the stomach and corrects digestion the moment it reaches the stomach.

This guaranteed stomach corrective costs but a few cents at any drug store. Keep it handy! Adv.

Silque

(pronounced silky)

A new preparation rich in almond oil, compounded in such a way as to render it instantly absorbent. Not sticky or greasy like most products of this kind containing oil. Contains ingredients that give it antiseptic and astringent properties and the best known agents for skin protection. Is highly fragrant with a rare Jasmín odor, and embodies all the qualities necessary for a delightful refreshing skin lotion.

It is not necessary to apply a large quantity of Silque as a little goes a long way.

Used for chapped, rough, dry, lifeless skin, for a face powder base, and for men after shaving.
