

### CHERRIANS TO GO TO KLAMATH MEET

#### Will Join Celebration of Completed Natron Cutoff Set for July

The Cherrians last evening, at their monthly meeting held at the Chamber of Commerce, voted unanimously to attend the celebration of the completion of the Natron-Cut-Off, to be held at Klamath Falls, probably in July.

The feeling was that Salem Cherrians, as well as Salem citizens, should attend this celebration and go in sufficient numbers to travel by special train.

In order to bring the matter before the Cherrian organization, Harley O. White, King Bing, was authorized to appoint three committees to report at the next meeting, March 9.

One committee is to take up with the railroads the matter of transportation. Another, to be known as the ways and means committee, to prepare and submit plans for the financial support necessary to take the Cherrian band of 24 pieces with the organization. The third committee is to prepare special stunts.

F. G. Deckebach, former King Bing, said that it was most appropriate that Salem citizens and Cherrian organization attend the celebration at Klamath Falls, and that all business interests should make efforts to see representatives. He said that undoubtedly California would be with Oregon in being fully represented.

### \$1000 AN ACRE SETS LOT RECORD

#### Residential Boom in Land on Pacific Highway North Is Forecast

As an indication that property along the Pacific highway just north of the city limits is to become residential property, word has been received that Floyd T. Reynolds, who, with C. F. Franklin, owns a great part of the property about one mile north of the limits on the highway, has sold two lots of half acre each, for a

total of \$1,000. One lot is located south and one north of his home.

This price of \$1000 per acre establishes a precedent in price for land in that section. It shows quite clearly that the land is to be residential. Purchasers of both lots, it is understood, are planning to build fine homes on them.

The Hayesville school is just one mile north of the Reynolds residence. It is the prediction of business men about town that the city will grow and the residential district will extend at least to the Hayesville school.

It is only a ten minute ride from the district to the city. Thus, it is said, the place offers all the advantages of the suburban districts.

### SALEM FRIENDS REVIVAL ACTIVE

#### "Fruit of the Spirit," Topic of Pastor Before Large Audience

The services at South Salem Friends church are much appreciated by those who are privileged to attend. The messages are clear and logical, and would appeal to any thinking man or woman.

On Monday night Mr. Wollam read from Galatians 5:16-21, and spoke of the "Fruit of the Spirit." He divided the manifestations of the fruit of the Spirit into three groups as follows: Inward—love, joy, peace; outward—long suffering, gentleness, goodness; Godward—faith, meekness, temperance.

The first three will be manifest in ones own heart; the next three will be manifest in our relation and our dealings with others; and the last three will show our relation to God.

As the music gives forth its delicate perfume without loss to itself, so the Spirit filled Christian can show forth the fruit of the Spirit.

The sunlight shining through the window-pane falls obliquely on the floor. Is not this the way the Holy Spirit shines through us to those about us? How careful we should be that nothing in our lives hinders the work of the Holy Spirit in us, so that we may manifest to others in unlimited measure the Fruit of the Holy Spirit.

### DEAN SMITH, OAC, DISCUSSES YOUTH

#### Declares What People Really Want Is Shakespeare and the Bible

"I care less whether or not my ancestors were hairy apes than I do whether or not my children are going to be monkeys," declared Dean Smith of OAC in an address before the Salem Kiwanians yesterday noon.

"The difference between man and brute is less a physical difference than it is a difference in aspirations and desires. It is claimed that the young people of our time want jazz, success and money. But what they really want is Shakespeare and the Bible."

Dean Smith explained he was speaking symbolically when he said the Bible and Shakespeare. What he meant was that the people really want more culture, but merely think they want other things.

### DRUNKEN DRIVER GETS \$100 FINE

#### Jack Campbell Must Serve 60 Days in Jail, Review Writ Improbable

Sixty days in jail and a fine of \$100 is the penalty Jack Campbell must pay for driving while under the influence of intoxicating liquor. This was the sentence pronounced yesterday morning by City Judge Paulsen.

Campbell was arrested on that charge January 25. His trial came up Monday, and after one of the briefest jury trials in the history of the court, he was found guilty as charged.

Ivan Martin, Campbell's attorney, apparently does not intend to seek a writ of review, as he has filed no such intentions, it is understood.

### SHOW PRUNE TREE TRIMMING METHOD

#### Demonstration of Cutting to Produce Large Fruit Set for Wednesday

Pruning old prune trees for large sized prunes will be the principal subject of discussion at a pruning demonstration to be held on the Rambler-prune orchard owned by Gideon Stoiz, and located one mile west of the Keizer school, next Wednesday afternoon at 1:30 o'clock.

That such a demonstration would be held was decided last Saturday afternoon when Chas. Weathers, manager of the Rambler orchard, assured W. L. Teutsch, district agent for the OAC extension service, that such a demonstration meeting would be well come on the Rambler orchard. C. L. Long, horticultural specialist for the OAC extension service, will conduct the demonstration.

The "long system" of pruning is being generally adopted by fruit growers throughout the country as being superior to the old heading back method. Mr. Long will emphasize this method of pruning in the demonstration.

The meeting Wednesday afternoon in the Stoiz orchard is but one of a series of similar meetings being held in Marion county by the extension service of the agricultural college.

Tuesday morning a pruning demonstration was given in the Salem Heights community and in the afternoon a similar demonstration was conducted on the farm of Senator Sam Brown at Gervais. Thursday morning at 10 o'clock a demonstration will

The secretary of the bar association was very busy and very cross one afternoon, when his telephone rang.

"Well, what is it?" he snapped.

"Is this the City Gas Works?" asked a woman's soft voice.

"No, madam," roared the secretary. "This is the Bar Association of the City of Louisville."

"Ah," came from the lady's end in the sweetest of tones, "I didn't miss it so far, after all, did I?"

All Right, Go Ahead and Make Me Laugh!

Here's one taken from Scraps for Dinner:

The revival was in full swing, the Minister had issued a call to the pent up audience to "hit the saw-dust trail." One business gentleman rose and cried, "I helped drink a pint of wine last night. Did I do wrong?"

The Minister responded:

"Can't you remember, sister, can't you remember?"

Mrs. Cobb: "Have you ever been pinched for going too fast?"

Mr. Webb: "No, but I've been slapped."

Traffic Cop: "Say didn't you see that stop sign? Didn't you see me wave at you?"

Lady: "Yes, you fresh thing, and if John was here he'd paste you one for it."
