Dramatization of "The Man Without a Country" Coming to Hellig

Edward Everett Hale's mighty story, "The Man Without a Country," under the screen title "As No Man Has Loved," will be seen in Salem soon. Critics of 17 New York papers joined in saying that the photoplay "As No Man Has Loved" is not only a magnificent spectacle but the most compelling argument for love of home and country ever penned, or pictured.

We learn our virtues from the bosom friends who love us; our faults from the enemy who hates us. We can not easily discover our real form from a friend. He is a mirror in which the warmth of one breath impedes the clearness of the reflection. Richter.

MARION DAVIES IS STARRED IN DRAMA

"Lights of Old Broadway," Now Playing at Hellig in Three Day Run

Marion Davies in her latest production, "Lights of Old Broadway," opened at the Hellig today for a three-day run. The age of chivalry, and even the Roman and Greek eras, are fairly easy for the technical directors of motion pictures for the simple reason that the technician is guided entirely by historical records, paintings and manuscripts which have been handed down from those times.

If he makes a mistake there are few who can contradict him because all scholars of these periods depend more or less on the same source for their information.

The early seventies, the period in which is laid "Lights of Old Broadway," Marion Davies' initial Cosmopolitan production for Metro-Goldwyn-Mayer, directed by Monta Bell, Miss Davies hit on a novel method of overcoming the difficulties which beset the making of this picture by obtaining the services of men and women who resided in New York at that time and who participated in the history-making events of that period.

Ralph Klassen is now attending a junior college at Ooltewah, Tenn. They had six inches of snow there recently, which was such a rare thing that school was dismissed so the pupils could play in the snow. One girl in the school was from Florida, and had never before seen snow. She was going to try and send some of it to her mother in Florida. Mr. and Mrs. Klassen and family are in Washington.

The entire sixth-grade pupils were successful in the Oregon history examination that was given by the state board of examiners in January. By hard work by both pupils and teacher the book was completed just two days before the time of the test. If school had not started in good time last September, the work could not have been properly covered, and there doubtless would have been some failures. Grace Mumford, received the highest grade, 93 per cent. The average per cent of the class was about 90 per cent.

The Forensic society will meet

in Mr. Hoag's room at school next Friday afternoon after recess. After the business meeting there will be a program, the reading of the society paper, the Forensic Fabuater, a debate, and a valuation box. The debate will be on the question, Resolved, that capital punishment should be abolished.
