

At the Theatres Today

OREGON—Alice Joyce in "Mannequin."
BLIGH—3 acts Vaudeville and "After Business Hours."

HEILIG—Marion Davies in "Lights of Old Broadway."
MARION DAVIES IS STARRED IN FILM

"Lights of Old Broadway," Now at the Heilig, Offers New Subject

Marion Davies in her latest starring production "Lights of Old Broadway" is now at the Heilig Theatre.

One of the best pictures of the year, from any standpoint. That is a terse description of "Lights of Old Broadway," Marion Davies' initial starring Cosmopolitan production for Metro-Goldwyn-Mayer.

As is usual with Miss Davies' pictures, she gives us a lesson in the history of America which makes us proud of being Americans. This time she has chosen

ROLLICKING MIRTH ON BLIGH PROGRAM

First Rate Entertainment Offered in Unit Show at the Bligh Today

This week's bill is a corker at the Bligh theater. It is a unit show, in which what's next is a mystery. Dan Sherman heads the program.

First the entire company opens with music. Then a wedding is staged, which starts the comedy right from the beginning. Next is an aerial act. The couple perform in mid-air and do many hair-raising stunts.

Then come the Sunny Sisters, who take one back to mother's day. Their gowns were brought over on the first boat. Their eccentric dancing is a knockout.

Then for a little blue singing by Tessie Sherman with Olof Nelson at the banjo. It's a nifty little number and never fails to score. A couple of comedians are Colton and Colton, who offer jokes after jokes.

To close the entertainment Dan Sherman and his company put on a Jay Circus, and some circus. Everything to the big top is on hand. The final number by the entire company is well presented.

POLITICAL SKETCHES SHOW WEEK'S MOVES

Senate, spent a few hours in Salem this week conferring with state officials. Although Mr. Vinton has refused to make any definite statement in connection with his political aspirations reports here indicate that he has his eye on the governorship, and may announce his candidacy for that office. He is a fluent and entertaining speaker and has many political admirers in different sections of the state.

I. L. Patterson, Eola rancher and candidate for governor at the republican primary election, passed through Salem Monday en route for points in Southern Oregon. He was accompanied by Mrs. Patterson, who is visiting chapters of the Daughters of the American Revolution in different sections of the state. Upon Mr. Patterson's return from Southern Oregon he will go to Portland where he will open state headquarters. He has not yet announced the identity of his campaign manager, although he has several capable men under consideration.

Seymour Jones, ex-member of the Oregon state legislature and a prospective candidate for governor at the republican primary election, has returned here after a few days spent in Southern Oregon. Mr. Jones said he conferred with a number of republican leaders at Medford, Roseburg and Grants Pass and received considerable encouragement. He has not yet determined definitely whether he will enter the gubernatorial contest, but probably will reach some decision during the next 10 days. Mr. Jones lives on a ranch a few miles west of Salem.

Edward H. Miller, member of the state senate and resident of Grants Pass, Josephine county, has let it be known that he would not be adverse to opposing Senator B. L. Eddy of Roseburg for president of the senate at the next session of the legislature. Mr. Miller is an able orator and was a member of several important committees in the senate at the 1925 legislative assembly. He particularly was active in handling legislation of interest to the various motor vehicle organizations in the state. During a recent visit in Portland Mr. Miller sold friends that he had been urged to make the race for president of the senate, and that he had about decided to allow his name to go before the assembly.

Edward Cusick, state manager for Robert N. Stanfield who is seeking re-election as United States senator from Oregon, has indicated that he would arrive in Salem within the next few days to confer with political friends. Mr. Cusick formerly was engaged in the banking business in Albany but has made his home in Portland for the past two years.

Plans were partly perfected here during the past few days looking to the organization of an "Upton for Governor Club" in Salem. The club is being sponsored by Spanish-American war veterans and members of a number of other military organizations. Mr. Upton has served as a member of the state legislature for several sessions, and in 1922 was president of the senate.

Letters received in Salem during the past few days indicated that Jack Maglady and Fred Fisk, both prominent residents of Eugene, probably will seek the office of state senator from Lane county at this year's elections. Mr. Maglady is a republican while Mr. Fisk is a democrat. Both men have served in the Oregon legis-

AT THE OREGON THEATER

"Mannequin," from the pen of Fannie Hurst, opened at the Oregon theater yesterday to a crowded house. The film will be shown today and tomorrow. "Mannequin" is a dramatization of the \$30,000 Liberty magazine prize story of the same name.

Mr. Fisk is a regent of the University of Oregon and in private life is engaged in the real estate business. Mr. Maglady is a sawmill operator and has extensive timber holdings in Southern and Western Oregon.

A. E. Clark of Portland, who is seeking the republican nomination for the office of United States senator at the primary election in May, was the principal speaker at the Lincoln Day exercises held here Friday night under the direction of the Daughters of the American Revolution. "Abraham Lincoln, the Preserver of the Union," was the subject of Mr. Clark's address. Preceding the ceremonies which were held in the First Methodist church Mr. Clark conferred with a number of his political friends in this city.

Frederick Steiwer of Pendleton, candidate for United States senator at the republican primary election, visited here last week. Mr. Steiwer gave an address before members of the Salem Chamber of Commerce at noon, and later conferred with state officials and friends. Mr. Steiwer later went to Jefferson where he gave an address in the Masonic hall. He was born near Jefferson, where his parents now reside. The hall was crowded to capacity and the speaker received an ovation. The candidate was accompanied to Jefferson by George Griffith, past commander of the state department, American Legion, and other members of the veterans' organization. A "Steiwer for Senator Club," with 350 active members, has been organized at Jefferson in behalf of Mr. Steiwer's candidacy.

Elgin—The Weatherspoon orchard here, shipped 65 cars of apples last year, 17 cars direct to Europe.

MEXICO DEATH QUIZ PRESSED

Residents of Tijuana, in discussing the case attempt to shift the blame for the tragedy upon T. M. Petzet, the father, and the two girls for going to the Oakland cafe, a bar and dancing place, situated on a back street of the border town.

All of the annual appropriation bills remain to be acted upon. In addition there are the six debt settlement bills; measures to carry out recommendations of the president's air board; several important pieces of railroad legislation, including the labor and consolidation bills; a public buildings bill and scores of others of lesser importance.

SENATE ARMED TRUCE TO END

A big part in future deliberations of the senate, that body finds itself almost snowed under with the mass of legislation which has piled up during the nearly two months that have been devoted to the court and tax questions.

With democratic leader Robinson forcing a proposition for unified air service along the lines of the recommendation of William Mitchell, that subject carries the elements of a real fight between the majority and the minority. Muscle Shoals will become the basis of another long row and the pending or projected railroad bills are certain to require much time for action. Coal and farm

relief legislation are other highly controversial subjects for debate. The republican steering committee has been called to meet Monday in an effort to lay down a program of operation, but there is little hope that this will be adhered to rigidly. Many senators have pet measures which they will seek to push after weeks of delay. The fight over whether the senate is to investigate charges of the

federal trade commission that the aluminum company of America has violated federal court decrees, remains to be disposed of as do the nomination of Wallace McCamant of Oregon to the federal circuit court bench, and Thomas F. Woodlock of New York to the interstate commerce commission.
