

TO CUT 100 ACRES INTO HOME PLOTS

Land Bounded by S. P. Tracks, 21st Street, Madison and Market

One hundred acres of land between the Southern Pacific railroad tracks and 21st street and between Madison and Market streets are to be divided into lots to be sold for residential property.

The greatest part of the acreage is that of the Broyman estate upon which the new Oregon Lumber Mills, Inc., is to have its home. Only four acres of the 54 will be used by the lumber mill, though, it is said, and the others will be divided into lots.

W. H. Grabenhorst and company have been selected to handle the transaction, said to be the largest in the real estate history of the city.

PIERCE ASKS ANOTHER TERM AS GOVERNOR

tion, his first term having expired. With three candidates in the field for representative in the legislature from Marion county, and at least two others having the toga under consideration, the political pot has started to simmer here.

H. H. Vandeventer, prominent sheep man and member of the Salem city council for the past six years, admitted in his declaration of candidacy filed with the secretary of state that he is not making the race for representative at the solicitation of his friends, but for the sole reason that he desires to occupy the office.

F. W. Settlemier of Woodburn who seeks re-election as a member of the lower house of the legislature, has not issued any platform. Neither has he adopted any slogan, other than "incumbent."

Mark McCallister, livestock broker and member of the house of representatives of the Oregon legislature, also is seeking re-election. He filed his formal declaration of candidacy with the secretary of state Thursday.

Although he has not yet filed his declaration of candidacy in the state department, it is likely that A. N. Moores of Salem will enter the race for the office of representative.

There is also a possibility that George Hubbs, prominent resident of Silverton, may become an active candidate for a berth in the house. He previously was mentioned for state senator, but was said to have abandoned the idea of running for this office because of the competition that has developed in the north end of the county between Sam Brown, incumbent, and Lloyd Reynolds.

Other prominent Marion county men whose names have been mentioned in connection with the two state senators to be elected here this year are H. H. Olinger, dentist, and Clifford Brown, owner of a sporting goods store and member of the American Legion.

Ralph Thompson, garage owner, who has been mentioned repeatedly as a prospective candidate for a seat in the house of representa-

tives, probably will not enter the contest. Friends of Mr. Thompson indicated that he had under consideration a proposal to make the race for mayor of the city of Salem.

I. L. Patterson, Eola farmer, who is seeking the republican nomination for the office of governor at the primary election, has returned here after 10 days spent in southern Oregon. While in Jackson county Mr. Patterson attended the annual Lincoln day banquet.

Reports current here today indicated that Seymour Jones, Marion county fruit grower and ex-speaker of the house of representatives of the state legislature, had changed his plans and would not be a candidate for governor at the republican primary election. It was reported that Mr. Jones was influenced in reaching his decision by the recent announcement that Sam A. Koser, secretary of state, had decided not to enter the gubernatorial contest.

A meeting probably will be held here within the next few days when steps will be taken to the end of organizing a "Steinwer for Senator club." The club will be county-wide in its scope.

SOLONS MAY TEST BEER

"REAL STUFF" OFFERED FOR INTOXICATION TEST

MILWAUKEE, Wis., Feb. 20. (By Associated Press.)—That congressmen may determine for themselves whether beer is intoxicating, the Schlitz Brewing company has sent an offer to Representative John P. Hill of Maryland to supply each member of congress with a case of the brew before de-alcoholization is accomplished.

The offer was made in a telegram to Representative Hill who declared in a debate recently with Representative Blanton of Texas, that the pre-prohibition beer was not intoxicating in fact.

If permission to supply the beer is given, the brewery is ready to ship a case of real beer to each member of congress, to test it.

STATE TAX MEET SET FOR TUESDAY

Will Continue Investigations of Property Assessments in Counties

A more uniform system of taxation, to the end that much of the assessable property in Oregon that is now escaping assessment may be placed on the tax rolls, will be discussed at a meeting to be held here Tuesday and Wednesday under the direction of the so-called tax investigating committee appointed under an act of the 1925 legislature.

Most of Tuesday will be devoted to discussing tax matters with the newspaper men of the state, while on Wednesday the county assessors will be on hand to answer any questions that may be propounded by members of the investigating committee.

At a meeting of the committee held in Salem a month ago it was charged by T. B. Kay, state treasurer, and other officials, that a uniform system of levying assessments in the state of Oregon would increase the property valuations more than \$500,000,000.

Specific cases were pointed out by the state treasurer showing that in many instances large corporations operating in the state of Oregon were assessed at a figure somewhat less than their annual income.

Under the legislative act creating the investigating committee it has authority to probe the tax situation in the state and report any recommendations it may deem advisable at the next legislative assembly in 1927.

What Skinny Men Ought to Know

Gain Weight and Strength in 30 Days or Money Back

You probably know that Cod Liver Oil is the greatest flesh producer in the world. Because it contains more Vitamins than any food you can get.

You'll be glad to know that Cod Liver Oil comes in "sugar-coated tablets" now, so if you really want to put 10 or 20 pounds of real healthy flesh on your bones and feel well and strong ask J. C. Perry, Central Pharmacy, D. J. Fry, or any druggist for a box of McCoy's Cod Liver Oil Compound Tablets.

Only 60 cents for 60 tablets and if you don't gain five pounds in 30 days your druggist is authorized to hand you back the money you paid for them.

It isn't anything unusual for a person to gain 10 pounds in 30 days.

"Get McCoy's, the original and genuine Cod Liver Oil tablet."

One afternoon a traveler was rambling along a country road, when he observed a small boy sitting on a bridge, watching a great glow in the western sky.

"Young man," said he, enthusiastically, "I am glad to see you so interested in beautiful scenery."

"Yes, sir," assented the youngster. "There is nothing more beautiful at times than the setting sun."

"That's our schoolhouse burnin' down."

often come here to watch it!" "That ain't no settin' sun!" exclaimed the boy, turning to the other with a happy expression.

From the Ground up! Gill Bros. of Portland, Oregon, who grew up in the market trade, have built up a national reputation for highest quality vegetable seed. TWENTY-FOUR years ago, Ray W. and Edward E. Gill, two young men who had grown up in the market garden business, were supplying a varied line of vegetables to a route of over 50 grocery stores in Portland.

For several years the Gill Brothers grew and developed special strains of sweet corn, cabbage, beans, pumpkins, beets, tomatoes, etc. Their business thrived. A few years later they decided to grow acclimated vegetable seeds not only for their own use but for sale.

The first year these special varieties were described in a small circular. Today the Gill Brothers send out one of the largest catalog issues of any seed house in the Pacific Northwest.

Today, after many years of research and experimentation, they are still growing and developing special strains on their farm, specializing in market garden seeds and at present supplying over a thousand market gardens up and down the coast.
