GOODING BILL DATE SET FOR MARCH 23

Railroad Rate Measure to Come Up for Final Decision in the Senate

WASHINGTON, March 16.—(By Associated Press.)—The Gooding long and short haul railroad rate bill will come to a final decision in the senate at 3 p. m., March 24, under a unanimous consent agreement reached today.

The agreement was obtained after lengthy debate in which enactment was urged by Senator Pittman, democrat, Nevada, and the measure was attacked by Senators Phipps, republican, Colorado, and Bruce, democrat, Maryland. It would prohibit railroads charging more for short intermediate hauls than for longer hauls to permit them to meet water transportation competition.

Senator Bruce contended that "more is to be gained for the public welfare from elastic rather than rigid provisions limiting the interstate commerce commission."

Senator Pittman said that body had assumed jurisdiction and powers beyond those authorized by congress.

SAVE OREGON FISH FOR STATE SPORTS

Diamond Lake as National Forest Protested Against by Game Warden

A plea to save Oregon resources for Oregon and to stay the hand of the federal government from taking them was voiced at the Kiwanis club luncheon Tuesday noon by E. F. Averill, state game warden.

"Thirteen years ago there was not a fish in Diamond Lake," Averill declared. "In 1925, 22,000 people fished there. Most of these were tourists from without the state. This year probably 40,000 will fish at the lake."

"Yet an effort is being made to have the lake included in the national forest. If this is brought about, Oregon will lose control of the lake. We would lose money, for the tourists bring in and spend vast amounts."

"It is not a case of losing our fish. For the license money derived enables us to stock our streams and lakes better than ever."

Mr. Averill asked the members of the Kiwanis club to work through their national organization to bring eastern congressmen to give Oregon a fair deal.

Ed Schunke, president, declared that the matter would be taken up at the next meeting of the board of directors.

ADMINISTRATION RAPPED

FAILURE TO ASSIGN FARM LEGISLATION DRAWS FIRE

WASHINGTON, March 16.—(By Associated Press.)—High tariff and other economic policies of the administration have forced President Coolidge to turn a deaf ear to the plea for farm relief legislation. It was charged in a statement tonight by Representative Hull, democrat, Tennessee, former chairman of the democratic national committee.

He said his statement was promoted by failure of house and senate leaders after a conference at the White House to assign farm legislation a place on the congressional program.

Referring to the farm delegation from 11 western states which is now in Washington to urge farm legislation, Hull said that after it called on the president and secretary of agriculture it found that no place for farm legislation had been reserved.

Portland—Munson-McCormick company plans two trade lines to Caribbean ports.

STEWART TO RUN FOR LEGISLATURE

Prominent Farmer of McCoy Polk County, to Make Active Campaign

F. L. Stewart, prominent farmer of McCoy, Polk county, has announced himself a candidate for representative in the State Legislature.

Mr. Stewart has the endorsement of the Polk County Grange and Farmers Union and a large following of republican electors who see in him the type of legislator needed for the welfare of agriculture and the state in general.

Mr. Stewart was educated in high school and in Knox college, Galesburg, Illinois. He has been a resident of McCoy during the past 26 years. He owns a fine farm of 208 acres, with good buildings, dairy and other livestock. He is a real farmer with a broad vision of the state's welfare in general. He will make an active campaign for the nomination.
