from slipping about and causing dish, instead of flying wildly in accidents.

The dust mop can be kept in excellent condition if it is brushed well with a whisk broom each time after it is used.

Cleaning Gas Range The cleaning of the gas range oven is easily and thoroughly done by using the electric sweeper. Attach the blow tube used for drying and blowing purposes and blow out the dust and particles When cleaning the burners blow air into the end of the intake pipe. A paper placed under the range will catch all the dirt. Gas heating stoves can be cleansed by the same method.

Decorative Work For decorating curtains stencil bottle of indelible mixture. These with which to hold the cap are inexpensive. Stencil patterns may be purchased or cut from parchment paper or cardboard. In applying the paint to the cloth lace a blotter under the cloth to absorb any excess moisture and lay the stencil pattern uppermost.
