"I'll be going now. I'll send my car for you too, at one o'clock," Ingate said, as if divining her thought, going to the door again. "I think those clothes will just about fit you," he remarked to Clay. "You can leave them here before you go and I'll get them sometime."

"He can't marry," Mrs. Wale. exclaimed.

John Ingate did not tarry. He closed the door behind him with relief, his mind, awhirl. A fine mess Clay Wales had made of things! . . . . His first thought now was of Eve. Should he tell her? He was reminded that he must phone his sister.

He got Josephine at MacLurie's. "Listen, sis, I'm a little afraid now that this affair may not come off. Don't tell Eve, but the bridegroom is having a fearful time of it with his mother. He's made a mess of things with her, I'm afraid. Howthe visitor said, stepping toward ever, we'll go ahead with our her, with the idea of helping her to plans, and I'll go back there about one o'clock to see how things are. Did you find something nice?"

Josephine ignored the question to ask one of her own. "Are you sure you haven't made a mess of things with your interference?" The remark tried John's patience, of course, but he resisted a

The Ulster branch of the British Association of Commercial Travelers recently rejected a proposal that women be admitted to their association. One member declared that women travelers absorbed storekeepers' attention so much that men travelers following them missed their trains.

#### DID YOU EVER

That in order for a city to move ahead in the march of progress its citizens must be progressive enthusiastic and aggressive.

That projects for a city's better ment, when properly planned and the right force put behind them, will go over with a bang.

That it is not always wise to have too many projects to put over at a time; some cities try to put over too many projects at one time and some of them fail. That good plans require much

thought and some people don't think quick enough; they shoot too quick-shoot before they see Mrs. Ann Webster, Washington, enything to shoot at. That each plan should be for

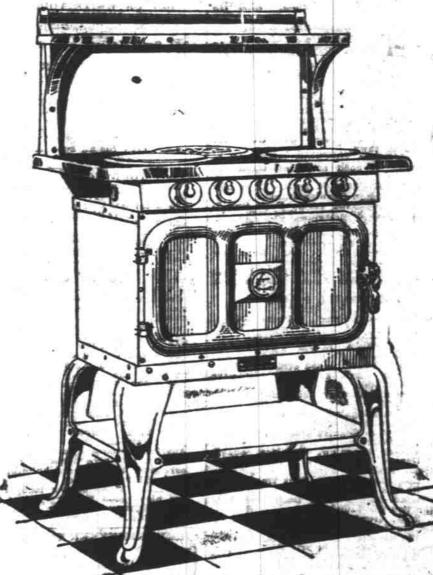

some specific thing and of such a nature that work and energy will accomplish something definite. Marquise de Sevigne, famous 17th Wonderful things can be ac-

complished by planning ahead. Some cities keep busy doing today what they should have done yesterday. Plan today for tomorrow. (Copyright 1926)
