

MILLER AND KUBLI DENIED REHEARING

Both Must Serve Terms Supreme Court Rules in Giving Decisions

Petitions for rehearings were denied by the state supreme court here Tuesday in cases involving Frederick L. Miller, Portland jeweler, who is under one year penitentiary sentence for manslaughter committed in Multnomah county, and Chester Kubli of Eugene, who is under three years penitentiary sentence for aiding and abetting W. H. Johnson, cashier, in wrecking the Jacksonville state bank.

Records in the Miller case showed that the defendant, while driving a high-powered automobile on the Sandy road on January 23, 1924, ran down and fatally injured Mrs. Alma Hall. There were indications that Mr. Miller was driving his machine at an excessive rate of speed, and he was arrested on a charge of manslaughter. He later was tried and convicted in the Multnomah county circuit court and sentenced to serve a term of one year in the penitentiary. The jury recommended leniency.

Mr. Miller then appealed the case to the state supreme court with the result that the decree of the lower court was affirmed.

It was alleged in the Kubli case that the defendant drew checks on the Bank of Jacksonville at a time when he had no money, collateral or credits in the institution. Overdrafts credited to Mr. Kubli were estimated at \$40,000. Mr. Kubli, in defending the charge, alleged that there was no attempt on his part to defraud the bank in that it was not uncommon for him to have overdrafts in the institution.

Petitions are now on file in the executive department here requesting that pardons be issued to both Mr. Miller and Mr. Kubli. The governor has given no intimation as to what action he will take in the two cases.

Other opinions handed down by the state supreme court here Tuesday follow:

has been donated for the event, no charge being made, even for lights or janitor service. With this arrangement, every cent of the money taken in on tickets will be used to send Salem's team east.

The team to represent this city at the eastern end of the debate will not leave for Massachusetts until April 23, making their visits on the return trip rather than on the trip east.

Whether or not Orlando H. Horning, coach of debate, will accompany the team east has not yet been fully decided. The school board went on record at its last meeting as favoring a woman chaperone to accompany the debaters. It is expected that the matter will be settled soon.

Because of the strain on the debaters preparing for the Atlantic coast-Pacific coast contest, J. C. Nelson, principal of the local high school, has requested that the debate with Warrenton in the semi-finals of the Western Oregon debate championship be declared off.

Salem will forfeit the debate, giving Warrenton the undisputed right to meet the winner of the Eugene-Grants Pass debate for the Western Oregon title. The Grants Pass-Eugene debate will be held in Grants Pass Friday evening. The final debate will be held May 7. The winner will debate with the winner of the Hermiston-Hood River debate for the state championship.

Margaret Pro and Gaynelle Beckett, two of the debaters to make the trip east, were scheduled for the debate with Warrenton, and Mr. Nelson has the backing of City School Superintendent Hug, the faculty and the students in relinquishing Salem's claim to the state honors.

Prisoner Reveals One Way of Obtaining Private Room

PRESSBURG, Hungary.—When the police arrested the former Roumanian deputy, Theophil Barcescu, for embezzlement, they discovered that they had their hands full in the truest sense of the term. The prisoner's proportions and avardupols were so generous that when he was to be weighed, according to the prevailing custom for prisoners held on remand, the scales were promptly smashed.

Not a single cell door proved large enough to admit a person of his dimensions.

As it was not deemed advisable to fasten the prisoner to a tree out-of-doors, or to confine him in the prison garage, the warden graciously offered to have a space in his private apartment partitioned off for the defendant's internment until he should be brought up for trial.

'REVELATION' COMES TO OREGON THEATRE

Extraordinary Cast of Stars Seen in Production Released for Oregon

"The most satisfying picture of the year," describes Metro's special production, "Revelation," which comes to the Oregon theatre today. Story, cast and direction, are all three of extraordinary worth, so that the spectator comes away from the theatre feeling that he has seen something head and shoulders above the ordinary feature.

Motion picture fans have been saying all along that the crying need is better stories. They are answered in "Revelation," for the story, which was written by Mabel Wagnalls, is a classic of the screen, and is destined to stand out as one of the milestones in film history.

With such a story to work on, the chance was there to make a great picture, and George D. Baker, the director, never let an opportunity slip by. His good taste and tenderness in handling the subject is always manifest.

The picture is superbly acted by a real all-star cast that includes such favorites as Viola Dana, Monte Blue, Lew Cody, Marjorie Daw, Frank Currier, Edward Connelly, George Slegmann, Kathleen Key, Otto Matiesen, Bruce Guerin and Ethel Wales. The actors all seemed inspired, Viola Dana and Monte Blue, who carry the chief acting burden, doing by far the best work they have ever contributed to the screen.

BROCCOLI GROWERS WIN COURT CASE

Right to Use Term "Umpqua" and "Broccoli" Sustained by Jurists

The state supreme court, in an opinion written by Justice Bean and handed down here Tuesday held that the Umpqua Valley Broccoli Growers, with headquarters at Roseburg, acted within its rights when it adopted the name "Umpqua" and word "broccoli" in connection with its corporate title.

Suit to restrain the growers' association from using the name "Umpqua" and word "broccoli," in connection with its corporate title was brought by the Umpqua Broccoli Exchange, which also has its headquarters in Roseburg. It was alleged by the plaintiff corporation that the similarity in titles had resulted in considerable inconvenience especially in connection with the delivery of mail addressed to the two institutions.

The case originally came up for hearing before Judge J. W. Hamilton of the Douglas county circuit court with the result that it was dismissed. The plaintiff corporation then appealed to the supreme court for final determination of the proceedings. The supreme court affirmed Judge Hamilton.

SAWMILLS OPENING SPRING ACTIVITIES

4-L Reports Employment Compares Favorably With Earlier Years

PORTLAND, April 20.—(Special.)—A majority of logging camps and sawmills in the fir districts of the Pacific Slope are now operating at close to average schedules as compared with the

past three years, according to the 4-L employment letter issued here today. The letter stated that although fallers and buckers have been laid off at a number of fir camps, actual logging is continuing at practically all major operations.

Summer woods work in the pine districts east of the Cascades is gradually being increased. The total number of men employed at pine sawmills this spring is less than that of one year ago; several extra shifts which were in operation last year are not now active.

All kinds of building and construction work, both east and west of the Cascades, is very active and compares favorably with last year at this time. Spring work in agricultural lines is advanced from two to four weeks ahead of normal.

There is at present not much enforced idleness in any district of the Pacific Northwest, the 4-L letter indicated.

Did you know that meat was the chief diet of ancient athletes.

PASTOR SURPRISED AT BIRTHDAY PARTY

Rev. Thomas Acheson Honored by Arrival of 85 of Sunday Flock

Rev. Thomas Acheson, pastor of Jason Lee Memorial church in North Salem, was thoroughly surprised Sunday night, April 18, members of the three leagues of the church gathered in the parsonage after the regular services, for a party, the occasion being the pastor's birthday. The hall and front room were so packed that

the host of honor had difficulty in getting into his own house. There were 85 present, and all had a joyous time. The party was short because of the lateness of the hour.

The pastor was presented with two gifts—a phonograph record, "The Angels' Serenade," and money with which to buy another. After the gifts were presented, Mr. Acheson was informed that somebody wished to see him in the hall. He retired, and a scuffle ensued—the traditional "birthday spanking." Rev. Hutchison, a visitor, and a close friend of the pastor's, did most of the work.

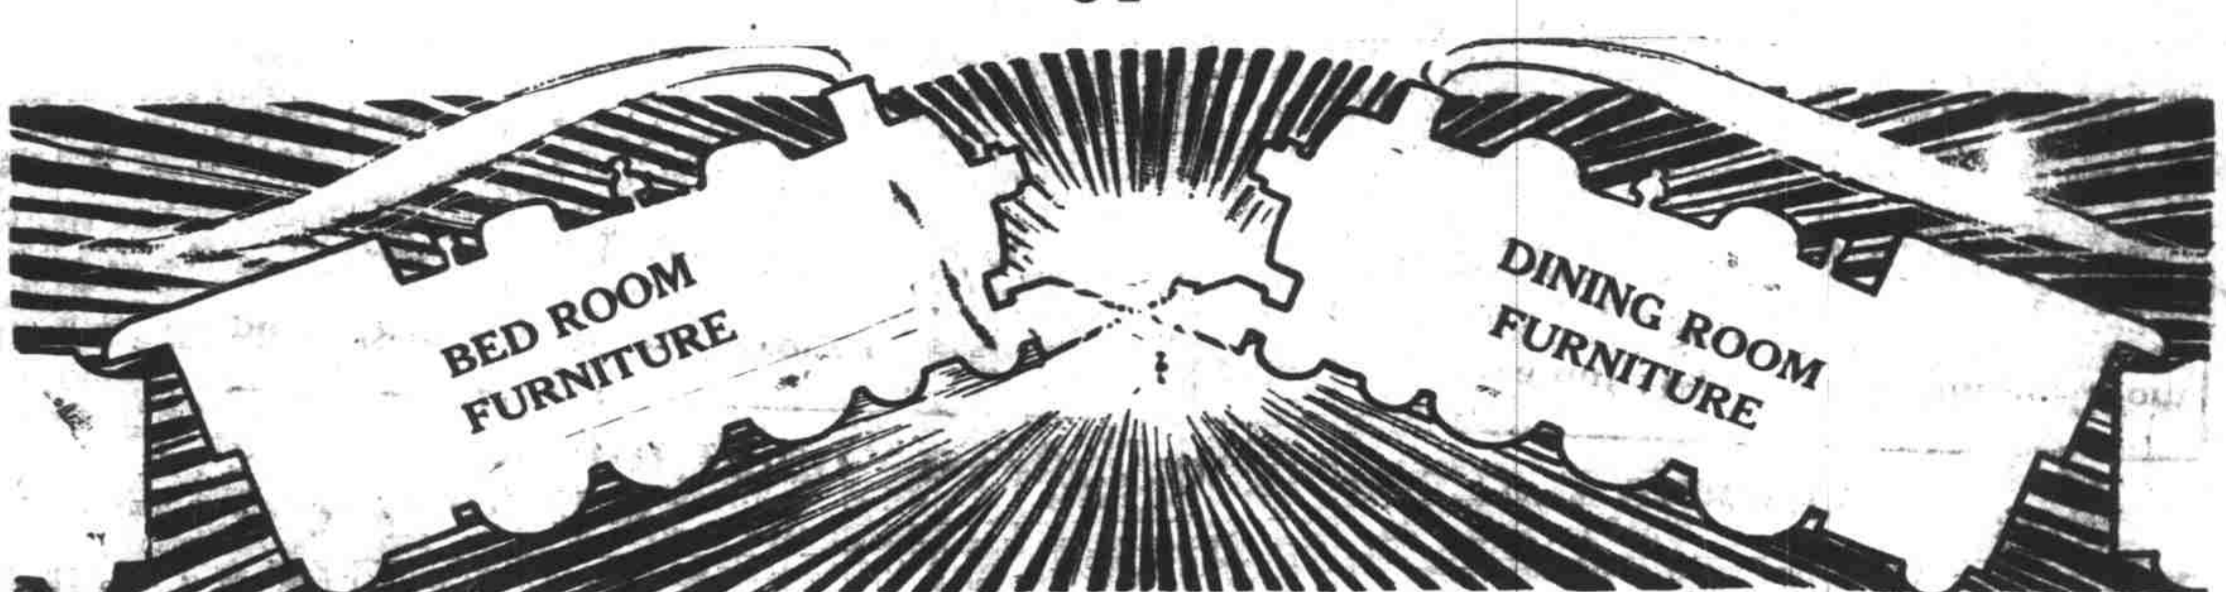

A short but very highly appreciated program followed. Vocal solos were sung by Miss Neva Cooley, Miss Beulah Fanning and Prof. Herman Clark of William-

ette university. Robert Kjempe followed with some trombone selections, and a reading was given by Miss Linney Carney.

Between two numbers of the program a large white birthday cake was brought in on a table and placed in the center of the room. Rev. Acheson was authorized to cut it into enough pieces for everybody.

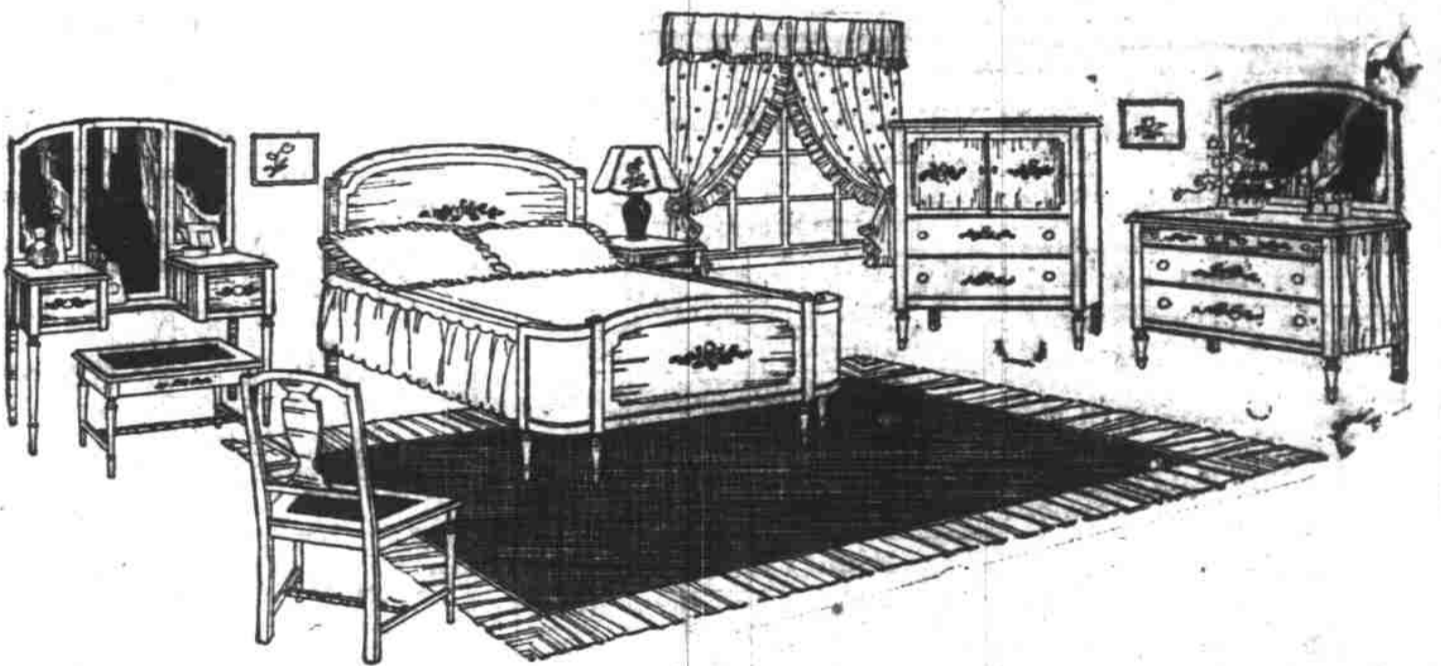

RADIO PHONE SERVICE HONOLULU.—An automatically controlled radio telephone service is in operation between two private stations, one in Honolulu and the other on the island of Lanai, 50 miles distant. The system includes a bell ringing device to notify one end of the "line" that the other desires to converse. Power is supplied by storage batteries.
