RICKARD CONTRACT PROMISES BATTLE

Dempsey to Meet Either Wills or Tunney, New York Promoter Says

NEW YORK, April 27.—(By Associated Press.)—Tex Rickard came home today, with Jack Dempsey's signed contract in his pocket. The contract, he explained, binds Dempsey to fight under his promotion in defense of his heavyweight title against either Harry Wills or Gene Tunney, some time in September, "somewhere in New York or New Jersey."

Rickard refused to stipulate just who would be Dempsey's opponent and furthermore, he said, the opponent may not be announced until two months before the fight, the final date for naming the challenger under the terms of the agreement with the heavyweight champion.

"I don't know who it will be," said Rickard, "but I'll tell you right now Dempsey would rather fight Wills than Tunney. He figures the negro will be an easier opponent."

"As soon as I'm ready with an opponent, I will go to the state athletic commission, lay out my plans and ask for official approval."

SALEM CLUB SWAT WAY TO VICTORY

Playing Better Ball, Defeat Molalla Nine 7 to 3 In Contest

Salem high school batsmen defeated the Molalla nine Tuesday afternoon with a score of 7-3. The game was played at Molalla. Until the eighth inning the score was tied. Then Salem stepped out with four runs, and the game was over, no more scoring being made by either team.

The local boys snipped out of the lull that caught them the first of the season, and showed the best ball they have played this year. The spirit shown was similar to that shown last season when Salem had one of the best teams in her history.

Fabry pitched an air-tight game, allowing only five hits. He also contributed heavily to the scoring, making more hits than any other man on the lineup. In the second inning he brought in Salem's first score with a swat that was good for four bases.

Later he brought in one man with a three-bagger. Molalla started off in the first inning with one run. Salem tied the score in the second with Fabry's homer, only to lose the lead when Molalla pounded out two runs in her part of the second.

From then on the Salem boys played great ball, allowing no runs. Adams at short played a strong game, making good nine chances without a single bobble. Ollinger showed well at first. Salem gained eight hits, three from Fabry, two from Ashby and one each from B. Drager, J. Drager and Siegmund.

The Salem boys will journey to Albany Friday to meet the high school nine of that city.

MARIE PREVOST IS FEATURED IN FILM

"Seven Sinners," Entertaining Comedy, Is Declared Her Best Picture

Marie Prevost has run the gamut of motion pictures, all the way from the days when she was a Mack Sennett bathing beauty to the time she won recognition as one of the delectable comediennees the screen has ever produced in the Lubitsch production of "The Marriage Circle" and "Kiss Me Again" and as an emotional actress of the first rank in "Recompense."

It is as a comedienne that she stars in her latest picture "Seven Sinners," the Warner Bros. classic of the screen, now playing at the Oregon theater. And the gay, brisk pace of her acting carries with it a zest that sweeps along the production into a mad whirl of hilarity.

She has excellent screen material to work with. "Seven Sinners" was written for the screen in the first place, and it shows the advantage of expert workmanship in the cinema field. As there are plays that are distinctly "good theater," so there are pictures that are essentially "good cinema," and "Seven Sinners" is one of these.

The picture was written especially for Miss Prevost by Lewis Meston and Darryl Francis Zanuck. They have provided her with a role that gives her piquante personality full play. She appears as Molly Brian, a slick, impertinent, little crook from the underworld, who breaks into a big country mansion that she has been told is unoccupied. Six other crooks have also landed on the same tip. The seven of them play a game of cheating chess that is likely to keep any audience in roars of laughter.

Allie Taylor of Bend took a six-round decision from Johnny Kelly of Portland in the semi-windup.

Forty-three years of research with respect to lubrication and an intimate study of motor cars since the first one was constructed have made "Union Oil of California" able to offer the best in

Aristo Motor Oil

Non-Carbonizing Western

Aristo Motor Oil is all lubrication, containing neither paraffin nor asphalt. The hard, flinty abrasive "carbon" that many motorists find on valves, cylinder heads and spark plugs after a few thousand miles of use never comes from this fine Western oil.

The small amount of residue that Aristo leaves is a fine, soft, fluffy substance, most of which blows out with the exhaust.

Motors in good condition which are lubricated with Aristo, therefore, run several years without the troubles, lay-ups and expense so often due to "carbon."

A further preventative of "carbon" is the use of non-detonating Union Gasoline with Aristo Motor Oil. This combination is probably the most effective that is known.
