## PUBLIC INSPECTS SALEM LAUNDRY

### 4000 Persons Have Seen Laundry Operating in Last Few Months

The new Salem laundry, which is operated by E. L. Wiedner and son, Van Wiedner, opened their plant for two hours last Wednesday evening, with all equipment in full operation for the benefit of people who could not visit the laundry during the daytime.

All visitors were delighted with what they saw and the courtesies extended. This new laundry is certainly a credit to Salem, was the general expression. It is housed in a handsome concrete building, with splendid light and ventilation.

The equipment is of the latest type and much of it really marvelous—almost human in its action. The carefulness with which the Salem laundry handle the clothes of its customers was most favorably commented on by many visitors.

The steam for heating all machines and water is supplied by the Portland Electric Power company, and as this steam goes back to water, is used for washing.

E. L. Wiedner says the laundry is using 35,000 pounds of this pure distilled water each month for washing purposes and are now washing everything with Ivory soap. Visitors are welcome any day at any hour, and Mr. Wiedner says that about 4,000 Salem people have visited them at different times during the past few months, and that he is anxious to have the other 21,000 in the city do likewise, and assures them a pleasant and profitable half hour to any one who visits the laundry.

supper at which Miss Anne Gyllenberg of Baker was the hostess.

Miss Briggs is a graduate of the Baker high school, later attending the University of Oregon, and graduating in 1923 from the Library school at Los Angeles. For the past three years Miss Briggs has been a member of the staff of the library association of Portland.

Mr. Rand, a graduate of Dartmouth college, is also an alumnus of the Baker high school. During the World war he was corporal in the 47th aero squadron with an 11 months' record overseas. Upon his return from military service he entered the Harvard law school, received his LL.B. in 1922, having been engaged in successful practice since.

 New laurels come to Salem in the winning, by Miss Ruth Bedford, of the Sigma Alpha Iota scholarship in Chicago, this season, the contest having taken place on April 17 between 28 competitors. Miss Bedford was awarded a grade of 100 per cent by each judge.

Not only the judges, but also Mr. Edgar Nelson, president of the Bush Conservatory, and Miss Bedford's teacher, commend her talent enthusiastically, character-

izing her playing as full of understanding and scholarly style.

Miss Bedford has been doing considerable playing in Chicago. Recently she played at a luncheon at the Palmer house and at a banquet for girls at Marshall-Fields, as well as from a number of broadcasting stations, including Rainbow Gardens.

She is now playing solos and accompaniments regularly for one of the stations. In addition, Miss Bedford is to be the accompanist for two vocal students who are competing among others for prizes given annually by Bush Conservatory, at Orchestra hall, which seats 5,000 people.

In Salem Miss Bedford was the pupil of Miss Beatrice Shelton.
