HOFF REFUSES TO ENGAGE IN EVENTS

Greatest Pole Vaulter Declares He Will Not Take Part in Track Meet

SAN FRANCISCO, May 4.—(By Associated Press.)—Charles Hoff, world's greatest pole vaulter arrived here today from Seattle and reiterated his decision not to compete in the Pacific athletic association track meet here Saturday. Hoff said he had not been consulted in the matter of participating here, had signed no entry blank and would leave for Los Angeles tonight where he is scheduled to perform on May 15.

The noted Norwegian athlete was plainly nettled over criticisms that he had not been drawing more than his share of expense allotted to amateurs. Discussing the situation he said, possibly this is the end of athletics for me in the west, but I am not going to compete. I am advised that if I don't appear in Kezar stadium here Saturday, I also will be barred from the Los Angeles meet. That doesn't make me mad. I'll take a look at the country, anyway.

Hoff enumerated a number of reasons why he would not display his wares here. "I don't like the way the newspapers treated me in the middle west," he said, "making all sorts of charges against me. "I didn't know until three days ago that I was to take part in the San Francisco meet. Nobody got in touch with me.

"I understand that \$200 was sent to the AAU heads for my expense for a week here. My expenses don't amount to more than \$80 a week, so why does the AAU demand such a large sum from the local promoters?"

"Everyone expects too much of me. I get no chance to train and I get no opportunity to rest. I am advertised to break the world's record, and when I don't do it, I get criticism heaped on me. I am treated all right when I am visiting a city but as soon as I leave, I get 'roasted'.

"I am not going to compete here and that is all there is to it. We are here just to see the sights."

Hoff was accompanied by his bride of a few months and Mrs. Hoff's brother and sister-in-law, Mr. and Mrs. John O. Daan of New York.

Science, experience, skill, facilities and capital are necessary to make good motor fuel. "Union Oil of California" includes all of the requirements in the manufacture of

Union Gasoline

Non-detonating

Union Gasoline provides, and always has provided to Western motorists, the non-detonating feature which supplies full power to the pistons throughout their entire stroke and eliminates all explosive "knocking" or "pinging" on the hills or in heavy pulling—a quality for which Eastern motorists are now buying "special gasolines" and paying 3 cents per gallon in excess of usual prices for them. Yet Union costs no more than other high grade fuels.

Always use Aristo Motor Oil with non-detonating Union Gasoline because this combination minimizes carbon to the extent that motors in good condition are run for several years without it.
