Here Is Your Opportunity

To buy new high grade Furniture and Rugs
at prices that will not be equalled in Salem
for a long time to come.

We have less than 12 weeks to turn many
thousands of dollars worth of merchandise
into cash. Our bankers will gladly take
care of our money—but have no room to
store our merchandise—so its up to us to
get it into your homes—and if prices will do
it, it will be done.

Taking you into our confidence we would
say:—We have occupied the building we
are now in for nine years. When we were
notified and given one day's time to decide
if we would stand a good stiff raise in rent,
we quickly decided and told our landlord
to "take your building," and then we were
like the man who was all dressed up "and
no place to go." We, however, got busy,
bought a fine lot and are now having built
a new business home, which we hope to
have ready for us by the early fall. The
two outstanding reasons for putting this
merchandise on the market for much less
than it should be sold for, is first: our desire
to go into our new building with a brand
new stock, and second: we must raise
money to pay for the new building—both,
we believe, reasonable reasons.
