Committee Appointed— Mayor Giesy appointed the following aldermen Friday to serve on a special committee to investigate the matter of building a dike in the southeast part of the city.

George Wenderoth, Watson Townsend and B. B. Herrick, J. G. Merchon and several others recently petitioned the council to build such a dike to check the flow of water over that portion of the city during the flood periods. The petition contends that such a dike would hold the water from spreading until the natural channels through the city could take care of it.

Hear New Brunswick Records— Every week at Stiff's Furn. Co. m8

SPRIT OF CITY HOSTS — PRAISED BY DEBATERS

INTEREST IN CONTEST SURPRISE TO HIGH SCHOOLS

Student Fellowship Held to Be Outcome of Coast to Coast Meeting

Those decrying the emphasis placed upon sports in high schools and colleges of the country, had an agreeable surprise in the interest shown in the coast to coast debate which took place here Friday.

In the opinion of high school officials no event in years has so taken the interests of pupils as the contest here, and no event has been marked by more enthusiasm.

"The actual sportsmanship of the people we have come in contact with out here in the west is the same fine spirit we find at home," said Coach Barry to the Salem Lions at luncheon Friday.

"Our school has been very enthusiastic in the past year in its athletic program. We had a championship team in football and in basketball. Our coach is the highest paid high school football coach in the east."

"I believe that this debate will have a genuine constructive result in increasing the interest in debate work. Dignity of student speakers will be increased. This contest will stimulate fellowship between students of both states. A debate between no other two states would be more productive of good feeling and good fellowship."

A delegation consisting of R. H. Reeves, Dr. J. G. Gill and Rev. Vaskerville were present at the luncheon and invited Salem Lions and friends to the Lebanon Strawberry Fair on May 14 and 15. Mr. Reeves states that there were more than 1,000 acres of straw-

berry in this district and would be at their best during the fair. The Schubert Octette furnished music.

Dr. J. O. Spaeth, noted educator, professor of English at Princeton university, will deliver the commencement address at the University of Oregon June 14, it was announced today.

Dr. Spaeth is well known on the coast, having taught at the University of Oregon summer sessions for five years. He is much in love with the western country, and this year will teach at Reed college.

Since 1911, Dr. Spaeth has been professor of English at Princeton. He was graduated from the University of Pennsylvania in 1888 and took his doctorate at Leipzig four years later. He is a member of Phi Beta Kappa and a number of societies for the recognition and promotion of classical learning. In 1912-13 Dr. Spaeth studied in France and in Italy.

During the war Dr. Spaeth wrote a camp reader for American soldiers which went into 15 editions. He was also YMCA camp educational director at Camp Wheeler and Camp Jackson in 1918. "He was active in organizing work of instructing the illiterates in army camps."

He has written a number of books and pamphlets on scholarly subjects.

Dr. Spaeth is a big man, of broad shoulders, breadth of

county water district has been transferred to the North Powder district.

Special for 10 Days— Loots on Myrtle Avenue \$40 to \$650. Also 2 new houses, \$50 first payment. Balance monthly. Lone Star Realty Co. Phone 520.

thought and ample vocal powers. His vigorous personality and ability in public speaking made him one of the outstanding features of the summer sessions. He keeps fit by coaching the Princeton rowing crew in the hours when he is not writing, reading or lecturing.

Powder River Fitting Name; It Will Respond to Match

ARVADA, Wyo.— Powder River is a fitting name for the stream which passes through the northeastern section of Wyoming.

"Burning water" exists in several places on the river where natural gas is found bubbling up through water. Some bubbles will ignite when a match is applied.

During the winter peculiar formations are caused by the gas seepages. When the river is frozen over, gas accumulates under the ice and as pressure gathers, it forces thin sprays of water through the weaker spots in the ice and these sprays freeze in curious pillars.

The gas does not make the water unpalatable for drinking. In Arvada there is a drinking fountain, the water of which can be set on fire at any time.

Riddle—State Bank sold to owners of Umpqua bank, at Roseburg.

CHOICE of Traub Genuine Orange Blossom engagement and wedding rings is a tribute to the judgment and good taste of the wearer. HARTMAN BROS. Square Deal Jewelers, corner State and Liberty.
