Do you know that a great percentage of all men of mature years are troubled with urinary irritations and disorders of the tiny gland—the prostate? When this tiny but very vital gland begins to "show up," many distressing ailments may arise, such as nervousness, restlessness, frequent night urinations, scanty, painful, smarting, difficult urination—and sometimes lack of control. But once at least, there is a praiseworthy treatment for these annoying symptoms, that according to signed statements, has brought sweet relief to many thousands.

This Will Be YOUR Experience . . . We sold a STAR SIX SEDAN to a man and his wife the other day that for a wonder did not have a car to trade in—and they paid spot cash. These people rode in every Four and Six cylinder Sedan represented in the Salem market: They were offered every inducement by dealers in the way of accessories, cut prices and long winded promises but they bought the STAR SIX SEDAN. After the deal was completed we asked them this direct question: "Why did you decide on the STAR" and this was their reply-- "The Star rode and handled easier than the others--throttled down better on high gear--picked up quicker from a standing start--was more quiet and had no vibration and the clutch action was decidedly smoother and better than any of them." "But our main reason for buying the STAR was the fact that quite a number of your competitors, when we mentioned the Star knocked and ridiculed it, and naturally we just wanted to learn how utterly worthless the STAR was and the STAR was the last car we investigated." The fact that we selected the STAR only proves our confidence in it, and after riding and driving it and noting its wonderful performance knew that it had been grossly misrepresented to us." Just leave your prejudice at home: Try out the STAR as these people did and their experience will be your experience.
