## SEALS OPEN DRIVE FOR LEAGUE STAND

Fourth Inning Rally Fails to Give Portland Sufficient Advantage

PORTLAND, May 11.—(AP)—San Francisco began her drive to get out of the cellar by going on a rampage today and defeating Portland, 11 to 6. It was the Beaver's fourth straight beating. The Seals opened on Mangum drove him out at the end of the fifth and made it about as tough for Meeker, his successor. There was one passing burst of excitement when the Beavers tied the score with a four run rally, including a homer by Elmer Smith, in the fifth, but it was only a flurry. Oliver Mitchell was batted in the fourth by Umpire Phyle for making some personal remarks from the bench.

## ASTORIA FIGHTER OUT TO GET WIN

Recent Record Shows Experience and Punch to Keep Mix Active

Jimmy Anderson, 123 pound Astoria fighter, arrived in Salem Tuesday night in time for a light workout in preparation for his main event with Phil Bayes, of Salem, in the local Armory tonight.

Anderson declared himself in best form, and looked it. His recent record, it is stated, includes a draw in a battle with Bud Thomas, in Portland, last month. Thomas fought a draw with Johnny Hill, within recent weeks.

About six weeks ago, Anderson whipped Dan Healey so bad in an Astoria bout that the go was stopped in the fifth. For the past three weeks, the Astoria fighter has been taking it easy in Montana, and is in trim for the coming engagement.

"Do you think you can whip Phil Bayes?" he was asked. "I met Phil Bayes a ways back," he replied, "and Phil got the decision. But I will put up a much better fight than I have at any time and I certainly expect to push the local boy hard."

Tomorrow's main event will follow a strong string of preliminaries in keeping with the quality of attractions recently staged here. Ticket sale has indicated distinct interest in the event, and delegations from Silverton, Dallas, and Independence are expected to be at ringside tonight when the going strikes.

Don't squeeze blackheads — Dissolve them — Squeezing out blackheads makes large, ugly pores. The safe and sane way to get rid of these blemishes is to dissolve them. How's your oil after 1,000 miles?

IT'S not how well the oil you use lubricates during the first few miles it is in the crankcase that counts. Any good oil will lubricate well at first. "It's the end of the run that counts."

Parabase was made to lubricate just as many miles as you would expect good oil to go—and a little farther. Parabase takes care of those last few miles before you put in fresh oil when all the damage is done.

Parabase does not quickly break down under the stress and heat in your motor. It stands up—it is your insurance that your motor will be as sound at the end of the run as it was at the beginning. Tell your garage or service station man to fill up with Parabase.

## DEMOLAYS DEFEAT PEP BY 16 TO 9

Opener of Industrial League Featured by Lutz, Third Sacker

In a loosely played game, the De Molays won from the P. E. P. Co. by a score of 16 to 9, Tuesday evening, in the opening game of the Industrial League. Poor fielding and errors were chiefly responsible for the large score as there was no heavy hitting done on either side.

The De Molays opened the scoring in the first on a hit, a walk, and an error. Their big inning came in the second when they scored nine. Most of these resulted from walks, errors, and poor fielding. The final scores for the winners were made in the next inning. The P. E. P. Co. tried hard to tie the score in the third, sending all of their nine runs across the plate.

The hitting of Lutz, De Molay

third baseman, was the feature of the game.

He smashed out two singles and one double in three trips at bat. Neither hurler received good support in the field, as hte men were in poor condition after a winters rest.

Tomorrow's game will be played between the Valley Motor and Knights of Columbus.

# "Have a Camel"

Open one up! The tobacco tells its own story

CAMELS are made of the choicest Turkish and Domestic tobaccos grown. To prove what we say about Camel's tobacco quality, make this test:

Take a Camel and any other cigarette. Tear off the papers and place the tobaccos from the two cigarettes in separate piles. Now shake them up and examine the tobaccos. Your own eyes will quickly show you the difference, how the Camel tobacco is longer and of a ripier color. Then gather up the two piles separately—and smell them.

You will at once notice the rich, fragrant aroma of Camel tobaccos not found in the other.

This marked difference is even more apparent when you "taste the smoke." It is solely because of the quality of the tobaccos and the skill of the blending that Camels never tire the taste, never leave a cigarette after-taste.

Camels are so good that we know you will like them. Give them every test known and you will find Camels the highest quality cigarette made, regardless of price. Have a Camel!
