Nation Wide Dry Move—Launched by Japanese

TOKYO—A nation-wide movement to prohibit the drinking of alcohol liquors by men under 25 years of age has been launched by eleven different bodies in Japan, including the Japan Temperance union, and the Women's Reform society. Leaders of the movement hope the diet will enact a bill raising the drinking age, which now is 20 years.

KIMBALL MEETING IS SET FOR TODAY

Board of Trustees Will Disapprove Move, Indications Reveal

Disapproval of moving Kimball school of theology is said to be the gist of the report that will be turned in to the board of trustees of the school when they meet in Portland today. At the last meeting of the board a committee consisting of Ronald Glover of Salem, A. L. Howarth and D. E. DeGraff, both of Portland, was appointed to investigate the matter of moving the school and to report back at today's meeting. Glover and Howarth are said to be openly in favor of keeping Kimball school in Salem, while DeGraff is said to favor the move.

Dr. E. C. Hickman, president of Kimball, who arrived back in Salem from his trip east Thursday, has gone to Seattle, but will return to Portland in time for the meeting today. It is understood that he will confer with Dr. J. E. Crowther, pastor of the University Methodist church of Seattle, while in that city. Dr. Crowther is the one who made the suggestion that Kimball be housed in a wing of the proposed new home of his church.

Although the report will probably be submitted, it is likely that the board will not take final action on the issue, but finally will await further developments at Seattle.

It is said that Bishop W. O. Shepard is not in favor of the move, but believes that Kimball should be stationed in Portland. He will be present at today's meeting.

D. B. Jarman has presented to the YMCA for its new building an A. B. Chase \$1500 grand piano.

And Jos. H. Albert has given an eight-tube high power radio set. These are magnificent, useful gifts.

To C. P. Bishop is due largely the credit of giving and raising the money for running the public playgrounds this year, to be under the direction of the Salem YMCA, the same as in former years, excepting last year, when the operation of this service was omitted for the lack of funds.

One of the surprises of the new Elsinore theater is going to be the windows in front. The main scene is that of Hamlet welcoming the players to Elsinore, with Polonius and Guildenstern and Rosencranz in the scene. The coloring will appear in perfection, and there will be nothing wanting in faithfulness to detail. On the windows to the right and left will appear Lady Macbeth and Portia; but these may not be ready for the opening of the theater. There is nothing better in this line in this country, or any country.

Collects Scientific Data In Land of Head Hunters

NEW YORK.—(Associated Press.)—The honeymoon expedition of Dr. Herbert Spencer Dickey and his bride into the jungles of eastern Ecuador, home of the Head Hunter Indians, soon will come to an end at Para, Brazil.

The trip was made to obtain accurate knowledge of the geography of the country surrounding the Morona, Pastaza, Tigre and Curarar rivers and to gather important scientific data. Expert cameramen and equipment to record photographic history of the expedition was provided by Fox Films.

Dr. Dickey, fellow of the Royal Geographic society and a major in the United States medical corps during the World war, has spent 22 years in tropical South America. Previous to this last journey he married Miss Elizabeth Parker of Tippacano, Ohio, who decided to accompany him as one of the few white women ever to essay a jungle trip.

The last part of the trip from Guayaquil to Mera was through Jiveros, the stronghold of one of the Head Hunter tribes. They were engaged in war at the time and while the Dickey party was in the territory an orgy of shrinking and curing human heads was begun.

Roermond Egg Market Has 1925 Output, 5558 Tons
ROERMOND, Holland.—A sight only second to the great Dutch cheese market at Alkmaar is the egg market of Roermond, claimed to be the largest in Europe.

Here, hen fruit is sold by the million. Last year 93,266,012 eggs, weighing 5558 tons, were sold by auction under producers' cooperative rules, realizing a net profit of about \$2,750,000. A record for one day's sale was established on April 25, when 3,450,883 eggs changed hands.
