

TANK FOUND STURDY IN OFFICIAL TESTS

Work Rushed on Plunge in Basement of New Y.M.C.A. Benches Arranged

Work of setting tile on the tank at the YMCA will be completed Tuesday, it was announced yesterday. This will be the last work of construction in the new building.

A water test is being given to the tank. A thin section of cement on either side was removed and an expansion and contraction shoulder inserted. All of the leaks were caulked up and it is thought the tank is now of sturdy enough construction to be permanent.

The water will be let out Tuesday, and the tile-setting started immediately. A large crew of setters will be employed in an effort to have the tank completed and ready for use by the middle of June.

Benches have been installed in front of all the rows of lockers, both in the men's and the boys' locker rooms. The drying rooms have been equipped and are in working order.

NEW BUILDING TO BE OCCUPIED SOON

The final coat of stucco has been applied on the front wall of the Weller building, now nearing completion on Chemsaketa street between High and Church streets. As soon as it is completed, the building will be occupied by Wood's auto paint and top shop.

The stucco is of a light grey color. Along the front wall, near the top, are four lights with reflectors that direct the flow of light over the face of the building.

The doors throughout the building have been installed. All the woodwork on the exterior, such as the doors and window cases, are finished in green.

Besides the main entrance at the front of the building there is a side entrance fronting on the alley. Wide doors lead to a driveway that ascends directly to the second floor. The concrete floor of the second floor has been laid, and finishing work has been started. It is probable that the building will move into occupancy about the middle of June.

HEALER OF MONITOR IS HONORED BY 2 NATIONS

gave a warm welcome to the crown prince who was dressed in full military uniform and as he mentioned the names of great Americans brought his gloved hand to salute. He is a major general in the Swedish army.

President Coolidge also was applauded especially as he pointed to Ericsson's life as an example in Americanism and the princess was given an ovation when she unveiled the memorial.

As the bunting was removed, carrier pigeons were released by sailors who stood at attention in their white uniforms about the base of the monument and of Sweden were unfurled while a salute of 21 guns was fired from an eagle boat close by in the Potomac.

The occasion was unprecedented in that for the first time in the history of monument dedications here the memorial was not completed for the unveiling.

Due to delays in the work, the figure to Ericsson, who is seated before a superimposed group representing vision, adventure and labor, had not been carved out of the 15-ton granite block prepared for it, and in its place was set a plaster model. It was decided to resort to this expedient as the crown prince had arranged to come to America at this time for the ceremony. Mrs. Coolidge accompanied the president to the dedication and present was a distinguished audience which included Chief Justice Taft, Vice President Dawes, Speaker Longworth, members of the cabinet, senate and house and diplomats.

POLICE START HEALER PROBE

lessly for a body. It is eleven days since the evangelist disappeared. Mrs. McPherson's disbelieving husband, Harold S. McPherson, of Ocala, Florida telephoned the Los Angeles police offering his services in any effort made to clear up the mystery. He said that he has worked with her formerly.

In addition to memorial services at Angelus temple tomorrow by the followers of Mrs. McPherson, the missing evangelist's mother today arranged for an airplane to drop flowers over the ocean at the spot where the evangelist was reported last seen. The flowers will consist of crimson and white roses.

Mrs. Kennedy announced tonight that due to the many rumors from the Sacramento valley and the watch being maintained on Mrs. McPherson's son, Relt, on a ranch near Winters, Cal., she probably will bring the boy to Los Angeles.

INDIAN EPIC FILM IS COMING MONDAY

Elsinore Theatre to Present "The Vanishing American" by Zane Grey

The Indians have taken the war-path again.

A grim host of 2500 Navajos, stripped bare, with the exception of tight skin caps, brooch cloths and moccasins, their lean bodies blackened with the charcoal from lightning struck trees, charged across the hot floor of the Painted Desert on the lean Navajo ponies.

Shrill, blood chilling cries escaped the thin lips of the riders as they swept onward, paying scant attention to their saddleless horses and occupying themselves almost wholly with their tough hide shields, long spears and bows and arrows.

Forgotten was the fact that the Navajos gave up war forever nearly sixty years ago; forgotten was the fact that they were reproducing a battle against the whites in order that motion picture cameras might capture the scene to be used with hundreds of the other scenes that go to make up the Paramount screen version of Zane Grey's epic of the American Indian, "The Vanishing American," coming to the Elsinore theater Monday.

"It's a thrill I won't forget and one I don't want to repeated," said Lois Wilson, who witnessed

"It's a thrill I won't forget and one I don't want to repeated," said Lois Wilson, who witnessed

the scene from a position alongside the cameras. "It did not seem to me that among those horrifying black riders were any of the easy going, almost gentle silver-smiths with whom I had traded only the afternoon before.

"They seemed to me to have been kindled with a flaming passion to crush and kill. Their black eyes were afire and I felt sure the spirit of their warrior forefathers had been awakened in them. I don't think anyone can doubt my sincerity when I say I was relieved at the close of those scenes."

After this particular battle sequence had been completed in the course of five days, a huge barbecue and field meet was staged with the red warriors as the honored guests and good will prevailed on all sides. Later the same warriors took part with several thousand other Navajo men, women and children in other scenes of "The Vanishing American."

The filming of this picture kept a company of 500 white people on the Navajo reservation in Arizona during a period of four months.

Featured with Miss Wilson in the principal roles of the production, Zane Grey's greatest story, are Richard Dix, Noah Berry, and Malcom McGregor. Lucien Hubbard adapted the story for the screen; Ethel Doherty wrote the continuity and George B. Seitz, who made "Wild Horse Mesa," directed.
