Mr. and Mrs. East Return to Salem After Absence in Europe and the Holy Land

Camel Rides; Passage in Dutch Canal Boats; and Social Life Aboard Steamer Enjoyed by Salemites Traveling With Clarke's "Sunshine Cruise"

Mr. and Mrs. S. S. East returned during the past week from one of the most interesting tours taken in recent years by Salem residents, having spent nearly five months cruising the Mediterranean, touring the Holy Land, and the European continent and visiting in the south and east United States.

Leaving Salem on the eighth of January, Mr. and Mrs. East journeyed south, visiting at the home of their daughter, Mrs. Hugh Kyle at Long Beach, going through the Imperial valley, El Paso, Texas, and thence to the quaint old town of New Orleans, later spending two days in Washington, D. C., and going from the national capital to New York City for a day, prior to sailing. Mr. and Mrs. East took passage on January 29th on the Transylvania, putting out to sea a minute after midnight, which was fortunately between storms.

So fortunate were weather conditions, from first to last, that the Clarke's Mediterranean cruise was called the "sunshine cruise" of the season. Seven hundred members made up the party with which Mr. and Mrs. East travelled. During her trip abroad Mrs. East had the pleasure of making the acquaintance of Miss Wells, a classmate of Sally Bush, during their school days in Massachusetts.

Mr. and Mrs. East made the first stop at the Madeira Islands where sugar factories operate extensively. During their stay in Funchal particular attention was given to the manner in which the men and children, as well as the women, participate in the embroidery of a type of beautiful handwork so popular in America. On this island, where the language is

Swim - - dive - - play - - in a limb-free Jantzen!

ALL the thrilling fun of the coolest sport in all the world—swimming! Ah, how true that is in a limb-free, body-free Jantzen! Salt water or fresh, at natatorium, beach or pool . . . your Jantzen's a ticket to summer enjoyment.

There was one best way to make a swimming suit—free and comfortable—trim, snug, modest. Carl Jantzen found that way and perfected it.

He originated the Jantzen stitch. And he devised and patented the non-rip crotch and bow-trunk pattern—refinements that make a world of difference in your swimming.

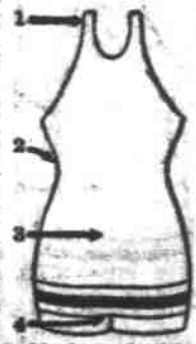

Then, crowning all, came Jantzen's system of fit-by-weight. Result: perfect glove-like fit, instead of the ancient "guess your size is so-and-so."

That's how Jantzen changed bathing to swimming. In response to a

country-wide questionnaire, 478 physical directors (92 per cent of those answering) said the suit originated by Jantzen is the ideal swimming garment.

Come in and select your Jantzen now—in time for glorious fun over the Fourth. Jantzens for men, women and children in all the season's smart colors. Your weight is your size.
