

SENATORS IN TRIM FOR FULTON BATTLE

Game on Oxford Field Will Start at 3 O'Clock—Cycols in Lead

Salem Senators will try their bats against the members of the Fulton club of Portland this afternoon. The game, called for 3 o'clock, will be played at Oxford park. So far this season the local boys have had little trouble in disposing of the Fultons, but manager Biddy Bishop has his eagle eye on the invaders, having no desire to drop a game just now when one might mean the making of the breaking of Salem's pennant aspirations.

With Frisco Edwards behind the bat sizing them up and cating the likes of Hikes or rather disliked, it is not thought the Fultons will be able to turn the tables.

Portland's club, the Cycols, are still leading the league. Today they meet the St. Johns team at Portland. While the latter team is figured by all that is dopy to have no chance against the league leaders, Salem fans are hoping for the unexpected. A loss for the Cycols and a win for Salem would put the local boys at the top of the column as they have played one more game than the Portland men.

While no decision has been reached as to who will start on the mound for Salem, Barham is likely to be picked as manager. Biddy is taking no chances of losing out.

BUMPER FLAX CROP DEMANDS PULLERS

Bids for New Linen Mills Will Be Opened Here Middle of June

To take care of the extra large crop of flax this year the board of directors of the new Oregon Linen Mills, Inc., have decided to order two new flax pulling machines. It is said that the flax crop will be unusually early this year and that it will be unusually large. Directors took the action feeling that the flax would dry in the fields unless relief was given. Directors also decided to call for bids on the main building of the new mill. The bids will be opened June 12. Already eight contractors have signified their intentions to bid.

The scutching machinery for the Stayton plant of the company is to be ordered immediately.

About 400 acres are planted in flax. The state has 15 machines for pulling, but because of the big crop, directors decided the two new ones would be necessary to save the day. Even with the new machines, only the larger fields will be pulled, it is said. The machines, purchased in Toronto, cost about 1900 each.

EASTERN BUYERS TAKE OUR JERSEYS

Roy A. Graham, Ogden, Utah, loaded a car load of Jerseys and shipped them last night from Salem for Ogden. During the past two weeks there has been four auction sales of imported herds of Jerseys. Mr. Graham secured some from these sales and then bought privately until he had secured 37 very fine heifers ranging in age from six months to twenty months. The heifers shipped are from our best high producing strains, the blood of St. Mawes and Rinda Lad of S. B. predominating. They are all registered Jerseys. The fame of Oregon Jerseys has spread until they are in demand by the eastern buyers. At the recent sales there were bidders from Washington, D. C., Montana, Utah, and California, and mail bids from parties in Minnesota, Texas, Michigan, New York and other states.

One heifer from Washington, D. C., has secured over 100 head for shipment. Some of these were secured at the auction sales and the others from breeders of cattle that did not hold auction sales. The attention of Alva Byers of Albany, accompanied the cattle on the trip, while Mr. Graham returned by automobile.

The Jerseys on the way to Utah represent about \$5000 in value. If they were ordinary brindle cows, they would represent about \$500.
