BRAZIL QUILTS SEAT ON LEAGUE COUNCIL

ament members. Brazil's stand as interpreted by the league is that, in order not to be in a position of vetoing the election of Germany to the council, she withdraws from that body.

The question of Brazil's resignation from the league is left open, with the possible intimation that she may withdraw from the league unless she obtains a permanent seat. This conception is based on Dr. Mello-Franco's statement that Brazil will make a definite and final report to the reorganization commission.

VALLEY MOTOR WINS FROM LEGION TEAM

Homer Puts Game on Ice for Ford Players; Legion Loses Good Chance

Paper Co. Pld. W. L. Pct. U. S. Bank 2 2 0 1.000 K. of C. 3 1 2 .333 Valley Motor 3 1 2 .333 Grotto 3 1 2 .333 Legion 2 0 2 .000

The American Legion tossers lost a chance to pull out of the Twilight league cellar Tuesday when Fleskes of the Valley Motor nine lifted one of Hume's offerings over the left field wall with the bases full, winning the game 5 to 4.

The legionaires did all the scoring up to the fourth and throughout the game kicked Proctor for 10 bingles, while the automobile mechanics garnered only two clean hits, both off Hume. Gibson who relieved Hume in the fatal fourth, finished the game without yielding a single out.

Strikeouts were rather scarce with Proctor and Hume getting three each while Gibson whiffed two. The Valley Motor was forced to substitute in the third when Dodge, playing the initial sack, crashed head first into the wire fence in front of the right field bleachers while chasing a foul.

The victory pulled the Valley Motor club up into a triple tie for second place with the KC and Grotto teams. The game tonight at Oxford between the Paper Co. and the U. S. Bankers, league leaders, promises to be one of the season's best contests. Both teams still show a flawless 1000 per cent in the standings, and the odds are about even as to which will be the first to falter.

POST OFFICE TEAM WINS FROM GUARDS

Mailmen Turn Loose Baseball Guns on Soldiers and Win on 8-1 Score

De Molay W. L. Pct. Postoffice 2 1 .666 Eagles 2 1 .666 O. N. P. 1 3 .250 P. P. 0 4 .000

Last night's Commercial league contest was fought between the National Guard and the Postoffice, and went to the mailmen by an 8 to 1 count.

The game was fraught with many errors, but the players redeemed themselves by spectacular play later in the game. Rider, moundsman for the Postoffice, fished out 10 strikeouts in five innings and was found for only three hits in the whole contest.

Fisher, first base for the mail-handlers, pulled the freak play of the game in the last inning when he reached first on an error, went to second on an overthrow, and while four guardsmen groped madly for the ball, romped merrily home with the last run of the game. Lineups follow:

Postoffice—Price, 2b; Collins, cf; O'Neil, ss; Martin, 3b; Thompson, center; Rider, p; Fisher 1b; Welborn, lf; Kye, rf. Guardsmen—Kight, c; A. Garrett, rf; Heath, ss; Mason, 2b; Kitchin, 3b; Lovell, cf; Carpenter, 1b; H. Garrett, lf; Manning, pitcher.

MODESTY OF FRENCH SAILORS IS OUTRAGED

Seamen Refuse to Strip for Examination as Required by Health Board

NEW YORK, June 10.—(By Associated Press.)—The French embassy today had before it for solution the problem of reconciling the modesty of the crew of the French liner Paris to the health regulations of the port of New York.

Maintaining that personal modesty guided them in refusing to strip for examination yesterday, most of the crew of 784 denied shore leave privilege, strolled about the liner's decks, and gazed longingly shoreward where familiar haunts beckoned them.

The matter has been referred to the French embassy, Pierre Malgaive, general manager of the French line said. "I hope some plan can be reached where inspections can be made without offending the pride of our crews."

New Chicato Skyline Lifted Twice as High

CHICAGO — Chicago's loop, which only a few years ago housed a monotonous collection of box-like structures all under 300 feet, today is rapidly being transformed into a territory of sky reaching spires, domes and towers.

A new skyline is in process of formation, as impressive as that of famed Manhattan and at a level double the height of the old line. Lifting of the building height restriction gave impetus to the architectural reformation, which in addition to popularizing the tower has included a somewhat timely use of the set back, a regular feature of present day New York construction.

BRITISH PLAN REJECTED

DISCUSSION OF NAVAL ARMAMENT OCCUPIES COUNCIL. GENEVA, June 10.—(By Associated Press.)—The British con-

vention that naval armaments should be discussed separately from land and air armaments was rejected this afternoon by the experts of the preliminary arms conference. The American delegation which had refused to participate in the discussion on the ground that the question was a political rather than a technical one, decided later in the day to support the British.

When the question of the interdependence of the three factors in armaments was put to a vote, France and Italy, who led the fight to discuss armament as one unit, were successful. This signifies that any effort to discuss naval armaments separately at Geneva, as supplementary to the Washington agreement cannot be carried out.

REAL WRESTLING IS PROMISED ON CARD. Mack and Robin Reed to Meet Here Saturday Night in Hard Contest. Wrestling fans of this district will get their money's worth Saturday night when Soldier Mack and Robin Reed will meet in the Salem armory in one of the very best welterweight contests ever staged in the northwest. Mack will arrive here today from Portland, according to Harry Plant, Salem matchmaker, who is promoting the bout. Soldier Mack, holder of the title of southern welterweight champion, is hot after Jack Reynolds' championship title, and has the record of having defeated Reynolds once. This, however, was before the champion won his crown, and when Mack was wrestling under the middleweight banner. Mack specializes in the headlock. He has met wrestlers of six nations and has lost but one out of 38 matches. He recently won seven matches in a row. Robin Reed, always the popular wrestler in any match in which he takes part, is thought to have an edge over Mack in his match here Saturday night, in view of the fact that he battled to a thrilling draw with Jack Reynolds, the champion, in Albany last month. An excellent preliminary card has been arranged by Harry Plant. PORTLAND GETS PITCHER BAUMGARTNER COMES TO THE BEAVERS FROM ATHLETICS. PORTLAND, June 10.—(By Associated Press.)—Stan Baumgartner, southpaw pitcher with the Philadelphia Athletics, has been acquired by the Portland club of the Pacific coast league, said a telegram last night from President Thomas L.
