

SCHOOL PUPILS TO REPRESENT STATE

One Boy and One Girl Will Attend Sesqui-Centennial Exposition

One boy and one girl from all of the high schools in Oregon will be selected this morning at 10 o'clock to attend the sesqui-centennial exposition at Philadelphia during the NEA convention. The selection of the two will be made by members of the executive committee of the Oregon State Teachers' association, or their proxies. Selections will be made on the offers of George Hug, city superintendent of schools.

It may be that an understanding will be reached whereby members of the committee who are connected with schools having applicants for the trip will not serve. In this case men will be appointed to judge in their places.

Ten boys and ten girls will be considered by the committee this morning. These twenty have been simmered down from all the applications in the state by a committee of seven members of the senior class of Salem high school.

Although the names of the twenty to be picked from here not announced, it is known that in the original applications Salem high had three entries. A notable fact is that the three are the members of the debate team that met Salem, Mass., in this city. The name of Edith Starrett was placed in with the group of girls, and the names of Winston Williams and Harold Tomlinson with the boys.

Several sorts of appeals were used in explaining why the various entries should be considered. There are those who have achieved all around distinction in scholastic and athletic activities, those who have achieved distinction in the one or the other. A brilliant swimming record is the basis of the claim of one applicant, while graduating from school at the age of 13 years is another. One boy presents a perfect attendance record, and a girl the act of rescuing a child from drowning.

The boy and girl selected this morning, accompanied by a teacher to be named by the Oregon State Teachers' association, will make the trip to Philadelphia at the time of the National Education association convention, which starts June 28 and continues for a week. While on the trip the party will visit Washington, D. C., and other points of interest in the east.

At The Theatres

Elsinore—John Barrymore and Dolores Costello in "The Sea Beast," from the story "Moby Dick," by Herman Melville.

Oregon—"Flaming Waters," with star cast.

Bligh—Five acts vaudeville and pictures.

Benner of Salem and has lived here for four years. He previously was a resident of Lebanon. He attributes his success to the efforts of Elizabeth Hogg, under whom he received his instruction.

Presentation of the typewriter was made by L. C. Post, representing the typewriter corporation.

DECEPTION CASE IS ARGUED IN COURTS

Buchanan Grilled; Indigestion or Disappointment Said Worrying Him

PORTLAND, June 11.—(By Associated Press.)—Charles E. Buchanan occupied the stand all day under grueling direct and cross examination in today's session of the "fake" stork case being heard in circuit court here.

As court adjourned opposing counsel was engaged in a wrangle over whether Buchanan's spells of sickness to which he said he had been subject were caused by indigestion or by his discovery that his wife had deceived him as to the parentage of a baby boy. Buchanan is suing Dr. William O. Spencer and Mrs. Alta B. Y. Spaulding, proprietor of the women's hospital, for \$25,000 damages on the ground that they conspired with his wife in palming off on him a baby boy of which he was not the father.

The defense counsel believed it scored a substantial point today when the court ruled that Buchanan's hope to recover damages would depend upon his ability to prove that the defendants had conspired "willfully, wantonly and maliciously to deceive and damage him." The ruling was made when defense attorneys objected to Buchanan giving testimony concerning mental suffering, which they argued could have no bearing on an action for fraud and deceit.

Direct examination of Buchanan ended suddenly this morning after he testified, with a display of emotion, that his wife's hoax had killed all his love and affection for her.

WOULD BAR TRIAL JUDGE AFFIDAVITS FILED IN JACK DEMPSEY SPEEDING CASE

FRESNO, Cal., June 11.—(By Associated Press.)—Affidavits designed to prevent Justice L. E. Bailey of Madera, Cal., from presiding over the trial of Jack Dempsey, heavyweight champion of the world, on a charge of speeding will be filed tomorrow morning according to statements by Joseph Barcroft of the firm of Barcroft & Barcroft, Madera attorneys for Dempsey. These affidavits will be based upon certain statements alleged to have been made by Justice Bailey when he sentenced Robert Gates, Dempsey's chauffeur to pay a fine of \$50 after the latter had been guilty by a jury on May 25.

Justice Bailey is reported to have said to Gates that he did not consider the chauffeur the "guiltiest" man.

WELCOME IS UNFRIENDLY NEW YORK, June 11.—(By Associated Press.)—President Borno of Haiti, arriving today as the first chief executive of that country to visit the United States not only failed to receive from the harbor forts the 21 gun salute to which he is entitled, but met with a distinctly unfriendly demonstration from some of his countrymen resident here.

"Whistlin' Lyd" First Woman Judge of International Sports Event

Lydia Hutchinson, Blackfoot, Ida., famous as "Whistlin' Lyd" in the dog team endurance races staged annually at Ashton, Ida., has been chosen to be an official of the contest this year. She is the first woman to be a judge of an international sporting event.

ROAD AID BILL PASSES

WASHINGTON, June 11.—(By Associated Press.)—The senate late today passed the \$165,000,000 federal aid road bill already approved by the house.

The bill, slightly amended by the senate continues federal aid to states for road building until July 1, 1929, at the present rate of \$75,000,000 annually for the general construction and \$7,500,000 annually for roads in the national forests and parks.

Measuring Post to Admit Children Into Longchamp

PARIS.—Officials at the Longchamp race track hereafter will admit children according to size, not age.

At the entrance to the paddock is a post upon which two marks are painted, one being thirty-nine

inches from the ground, the other fifty-eight inches. Arriving with their parents, each child is gauged by these marks. Those under thirty-nine inches enter free; those standing between the two marks will be entitled to half admission fee, and big boys and girls otherwise will pay the full price.

Brisk Bidding for New Quota of Irish Settlers

COBH, Irish Free State.—(Associated Press.)—Rival transatlantic lines are making a hard fight for the Irish emigrants who will sail for North America during the year beginning July 1.

Twenty-six thousand citizens of the Irish Free State will be permitted to enter the United States during the fiscal year, and agents of the various steamship lines are traveling throughout Ireland booking up passengers.

RUSSIA IS RAPPED FOR SENDING MONEY

Great Britain Resents Disbursements From Soviet to English Workers

LONDON, June 11.—(By AP.)—A strong note protesting against the sending of money by the Russian soviet government to assist the workers during the recent general strike in Great Britain was dispatched to Moscow by the British government last night. It was transmitted to Sir Robert Hudson, British representative at Moscow for presentation to the soviet government. No official text of the document is yet available, and only its general tenor is known.

The communication, according to unofficial versions, sets forth that the British authorities have definite proof that part of the money offered from Moscow to the trades union congress was donated by the soviet government itself. This money, the note adds, was sent in violation of the Anglo-Russian trade agreement, and the belief is held that it was intended to foster a movement to bring about a change of government in Great Britain.

As usual in all matters concerning Russia, strong feelings have been aroused varying according to the political views of those concerned. The government admits that it never consulted with the Russian representatives in London on the subject of the contributions, and the Russian embassy here denies that its government sent money to support the general strike.

Movies Without Sub-Titles Is Aim of German Director

BERLIN.—Frederick Murnau, the German motion picture director, who goes to America this month to join the Fox Film staff, believes the most significant development in the movies is the making of photoplays without the necessity of sub-titles.

"We should tell the story in pictures," he said, "so that everybody understands it." Asked if artistic direction could be made profitable, he replied: "In the long run, artistic direction alone will be profitable, because only the artistic picture will be of lasting value and leave lasting impressions."

Husband's Approval Needed for Actors Going to Cuba

HAVANA.—As a result of the stranding of about 70 members of

a musical comedy company that was brought here from New York, Commissioner of Immigration Hernandez has instructed inspectors to strictly enforce the decree regulating the landing of foreign actors and actresses.

The decree provides that a bond must be furnished the department for the protection of the artist, and, in the case of women artists, legal permission of their husbands. If they are under age and single, legal permission of their parents or guardians is required. Single actresses, 21 years of age or over, do not have to furnish permission to land.

Films Depicting Duels Give Impetus to Fencing

HOLLYWOOD, Cal.—(AP.)—At least one Hollywood resident welcomes the production of such motion picture of the days when ladies were always fair, and the gallants willing to match sword points for their honor, were many.

It's not that Emile, Hollywood's fencing instructor, is romantically inclined. But every picture featuring the days of duels and romance is followed by a revival of the ancient sport of fencing, says the foil master. Among his pupils are Douglas Fairbanks, Conrad Nagel, Lew Cody, Wallace Beery, Roy D'Arcy, Jack Mullah and many others of the films.

Douglas Fairbanks' "Three Musketeers" brought fencing in America out of its decline in 1917, declares Emile, while other pictures have kept it alive since that time.

- "The American Twins of 1812," by L. F. Perkins.

Small Motor Car Seen as Relief in Traffic

DETROIT.—(Associated Press)—A small motorcar, to include American production methods and the individuality of European design, which largely solve the problem of fuel waste and traffic congestion, is expected as the next major step in the automotive industry.

While American manufacturers have been perfecting their automobiles along production lines, some of their engineers have been in Europe, studying improvements in small-car design from the point of minimum material, fuel economy and effect on conditions of traffic.

The prediction is made that some of the ideas which manufacturers abroad have been developing will be found suitable for automobiles in this country. They consider the gradual reduction of piston displacement in racing cars an accurate index of the trend of engine design. Automobiles with smaller chassis, smaller motor and consequent maximum flexibility—yet possessed of ultimate safety, low center of gravity, and high efficiency of engine operation—are expected to represent a definite contribution toward general solution of the traffic problem.

YOUTH IS HONORED IN STATE CONTEST

Moody Benner Gets Typewriter as Result of Accuracy Competition

Moody Benner, member of this year's graduating class of the Salem high school, yesterday received from the Remington Typewriter company a 1926 model typewriter in recognition of his ability as a typist. Moody, who is 17 years of age, was one of two persons in the state who met the requirements of the typewriter company in their annual accuracy contests.

In order to enter the contest it was necessary for participants to have previously won a gold medal which required the writing of 55 words per minute for 15 minutes. In the contest just closed it was necessary for the participants to write not less than 60 words per minute for 15 minutes without an error. Young Moody wrote an average of 65 words per minute. The youth is a son of Joseph
